Open Air Burn By-law

[By-law 193-2009](#)

Do I need a permit to have a camp fire?

All non-approved burning devices (campfires/fire pits/fire rings) require a [Recreational Campfire Permit](#). Small fires that are contained inside an approved burning device do NOT require a permit.

Can I have a fire on the beach?

2.3 No Person shall set or maintain an Open-Air Fire on any roadway, highway, park, easement, beach, or other public property owned or operated by the Municipality without permission.

My neighbour keeps having a fire and the smoke is coming into my house.

If the fire is posing a risk to life or property, call 911 immediately. If smoke from the fire is causing a nuisance (smoke coming into your home) and the fire is actively burning, call the non-emergency dispatch line at 519-352-1234. We are unable to respond when there is no active fire (the fire is out).

The yard is too small to meet the requirements of the Open Burn By-law, is there any other option for me to still have a recreational campfire on my property?

Yes, you can consider using a chiminea or a CSA-approved burning device that uses alternative fuels such as propane and natural gas. These types of devices are considered [Approved Burning Devices](#) exempt from the bylaw and do not require a permit.

Refer to By-law for further details.

Complaints: [Complaint Form](#) or call 519-360-1998

- A written, signed complaint form must be submitted to the By-law Enforcement Office, Building Services Department - Chatham Civic Centre.
- Once the form has been received, the By-law Enforcement Officer will visit the property in question to ensure that it is a valid complaint.
- If the complaint is valid, a letter is sent to the property owner advising on the specifics of the infraction, what is required in order to comply with the specific by-law and how long will be given in order to comply.
- The By-law Enforcement Officer will follow up with the complainant regarding the actions taken.

Long Grass and Weeds By-Law

[By-law 99-2021](#)

Highlights of the Long Grass and Weeds by-law:

1. No owner of lands that are not subject to the Weed Control Act shall permit Grass and/ or Weeds on their lands to grow to a height exceeding twenty centimeters (20 cm)
8. This By-law shall be in full force and effect for the period of April 1st to November 1st in each calendar year

Refer to By-law for further details.

Chatham-Kent uses both the [Weed Control Act](#) and Chatham-Kent's [Long Grass and Weed Height By-Law](#) to control long grass and weeds on private property. These measures serve to protect public health and maintain property standards, as well as the farming and horticultural industries by preventing the spread of noxious weeds.

The [Long Grass and Weed Height By-Law](#) is enforced from April 1 through to November 1. All properties not subject to the [Weed Control Act](#) must cut the grass and weeds on their property when it exceeds 20 centimetres or 8 inches.

What is the Role of the Public Works Department:

If a property is in violation, a notice of infraction under the [Long Grass and Weed Height By-Law](#) will be issued to the property owner, allowing 3 days to make the premises conform to the requirements.

If the property is still in violation after the 3-day period, Public Works will arrange to have the property cut. All costs and an administration fee for each cut will be charged against the land in taxes as stated in the by-law.

Only one notice per property, per year, is given. For further violations in the year, Public Works will proceed straight to a property cut.
