**The Corporation of the Municipality of Chatham-Kent
By-Law No. 216-2009**

A By-law to regulate the use of land and the character, location and use of buildings and structures in the Municipality of Chatham-Kent.

WHEREAS it is deemed advisable to pass a By-law to prohibit the use of land and erection, alteration or use of buildings or structures for or except for certain purposes and to regulate the type of construction and the height, bulk, location, size, floor area, spacing, external design, character and use of buildings or structures in the defined area comprising the Municipality of Chatham-Kent in accordance with Section 34 of the *Planning Act, 1990*, R.S.O. chapter 13 (as amended).

NOW THEREFORE the Council of the Corporation of the Municipality of Chatham-Kent enacts as follows:

Section 1 - Title

1.1 This By-law shall be known as the “Zoning By-law for the Municipality of Chatham-Kent”.

Section 2 – Interpretation

2.1 General

The interpretation and application of the provisions of this By-law shall be held to be the minimum requirements for the promotion of health, safety, comfort, convenience and general welfare for the inhabitants of the Municipality of Chatham-Kent.

2.2 Scope

No building, structure or land shall be used, and no building or structure shall be hereafter erected within the corporate limits of the Municipality of Chatham-Kent as now or henceforth legally constituted except in conformity with provisions of this By-law.

2.3 Administration Application and Enforcement

- i) This By-law shall be administered by the Zoning Administrator or such other persons as Council shall designate, and no permit, for the use of land or for the erection of any building, or structure, or approval of any municipal license within the jurisdiction of Council, shall be issued where the proposed use, building or structure, would be in violation of any provision of this By-law.
- ii) In their interpretation and application, the provisions of this By-law are held to be the minimum requirements adopted for the promotion of the public health, safety, convenience or general welfare.

- iii) In this By-law, words used in the present tense include the future, words importing the singular include the plural and words in the plural include the singular number. Words in either gender include the other.
- iv) In this By-law the word “shall” is mandatory and the word “may” is permissive.
- v) In the development of this by-law, every effort is made to ensure clarity and accuracy. This By-law is a complex and detailed document, and inadvertent inconsistencies and errors may have occurred in its development. Notwithstanding any other provisions of this By-law, corrections to technical errors (as Defined under Section 3 of this by-law) may be made to this By-law without formal amendment under the Planning Act and will not require public notification.

2.4 Use Zones

For the purpose of this By-law, the Municipality of Chatham-Kent is hereby divided into the following Use Zones:

2.4.1 Zoning Map

The zones set out in Section 2.4 and the boundaries of such zones are shown upon the map attached hereto, marked “Schedule A” and designated as the “Zoning Map”, which

zone boundaries and maps, along with Schedules “B”, “C”, “D”, “E” and “F” are hereby declared to form part of this By-law. The Appendix to this By-law provides sketches for illustrative purposes and, as such, does not form part of the operative provisions to this By-law.

2.4.2 Boundaries of Zones

Where uncertainty exists with respect to the boundaries of the various zones as shown on the Zoning Map, the following rules shall apply:

- a) **Streets or Lanes** – The zone boundaries are either streets or lanes unless otherwise shown, and where the indicated boundaries on the Zoning Map are approximately streets or lanes, the said streets or lanes shall be construed to be zone boundaries.
- b) **Lot Lines** – Where the zone boundaries are not shown to be streets or lanes, and where indicated boundaries on the Zoning Map are approximately lot lines, the said lot lines shall be construed to be the zone boundaries unless said boundaries are otherwise indicated on the map.
- c) **Street or Lane or Right-of-Way** – A street, lane, or railway right-of-way, electrical transmission line right-of-way, or watercourse included on the Zoning Map shall, unless otherwise indicated, be included within the zone or the adjoining property on either side thereof; and where such street, lane, right-of-way or watercourse serve as a boundary between different zones, a line midway in such street, lane, right-of-way or watercourse and extending in the general direction of the long division thereof shall be considered the boundary between zones unless specifically indicated otherwise.
- d) **Closed Street or Lane or Right-of-Way** – In the event a dedicated street or lane or right-of-way shown on the map is closed, the property formerly in said street or lane or right-of-way shall be included within the zone of the adjoining property on either of the said closed street or lane or right-of-way, and the zone boundary shall be the former centre line of the said closed street or lane or right-of-way.
- e) **River or Lakeshore** – Where any zone on Schedule “A” abuts a river or lakeshore, such zone shall be deemed to extend into the river or lake and apply to any water lots or to any land created by changing water levels, landfill operations or by any other means.

2.5 Saving (Sunset Clause)

Notwithstanding anything herein contained to the contrary, but subject to compliance with the parking and loading regulations in Section 4.20 of this By-law shall only apply to buildings and structures erected or to be erected on or after **Day of Enactment**.

2.6 Application and Plans

In addition to the requirements of the Building By-law, every application for a building permit shall be accompanied by a plan drawn to an appropriate scale, showing the true shape and dimensions of the lot to be used or upon which it is proposed to erect any building or structure. The plan shall indicate the proposed location, height and dimensions of the building or structure or work in respect of which the permit is applied for, and the location and dimensions of existing building or structures on the lot.

2.7 Inspection

The authority from time to time having jurisdiction to enforce this By-law is hereby authorized after reasonable notice to the owner or assessed owner, occupant or apparent occupant of the property in question to enter at all reasonable hours for the purpose of inspection.

2.8 Violation and Penalty

Pursuant to Section 67 of the *Planning Act*, R.S.O. 1990, Chap. P.13 as amended, any person who contravenes this By-law is guilty of an offence and on conviction is liable:

- i) on a first conviction to a fine of not more than \$25,000; and
- ii) on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted.

Where a corporation is convicted for contravening this By-law, the maximum penalty that may be imposed is:

- i) on a first conviction a fine of not more than \$50,000; and
- ii) on a subsequent conviction a fine of not more than \$25,000 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted.

2.9 Repetition of Offence

The conviction of an offender upon a breach of any of the provisions of this By-law, shall not bar prosecution against the same offender upon any subsequent break of the same or any other provision of this By-law.

2.10 Restraining Violations

Any violation of this By-law may be restrained by action of the Corporation of the Municipality of Chatham-Kent pursuant to the provisions of Section 440 of the *Municipal Act 2001 C.25*, Chap. M.45, as amended or successor Legislation.

2.11 Validity

Should any section, or part of a section or information on any schedule of this By-law for any reason be held to be invalid, all the remaining provisions shall remain in full force and effect until repealed or replaced.

2.12 Conflict

In the event of any conflicts between this By-law and any general or special By-law, the more restrictive By-law shall prevail.

2.13 Use of Headings and Subtitles

The general index, titles, section headings and any side notes are not part of this By-law and are for the purposes of convenience and reference.

Repeal of Other Zoning By-laws

All Zoning By-laws which serve to regulate the use of land and the character, location and use of buildings and structures within the Municipality of Chatham-Kent are hereby repealed in their entirety so as to give effect to the provisions of this By-law and the provisions of this By-law shall hereafter govern.

Without limiting the generality of the foregoing the following By-laws are specifically repealed "The Repealed Zoning By-laws" to take effect on the date this By-law comes into force; namely:

but excluding an abattoir or any premises used for the killing of livestock or the processing of meat.

"AGRICULTURAL INDUSTRIAL ESTABLISHMENT" means the use of land and/or buildings or structures for the manufacturing and wholesale and/or retail sales of goods that are necessary to support agricultural uses. These include, but are not limited to, such goods as farm machinery and equipment used for the tillage of soil, the planting, spraying, harvesting, transporting, treatment, processing and storage of grain, forage, feed, or forest products, products used for the housing and husbandry of livestock, poultry and fur-bearing animals, and the storage, handling and processing of milk, eggs, and manure and the manufacture of subsurface drainage materials and equipment.

"AGRICULTURAL PROCESSING ESTABLISHMENT" means the use of land and/or buildings or structures for the processing of products derived from agricultural uses. These shall include, but are not limited to, such products as seed grain, feed and forage processing, storage and transport, fruit and vegetable storage and treatment, livestock and poultry assembly, sales and transport, a cheese factory, an egg grading station, a saw mill, and excludes an abattoir and a commercial grain elevator and drying establishment.

"AGRICULTURAL SERVICE ESTABLISHMENT" means premises used for the buying or selling of commodities and services that support agricultural uses and shall include the sales and service of welding and machinery repair, farm drainage and excavation, well drilling, custom spraying, tillage, planting and harvesting services.

"AGRICULTURAL SUPPLY ESTABLISHMENT" means premises used for the supply of goods, materials or services that support agricultural uses including the sale and storage of seed, feed, fertilizer and chemical products and the rental, sale, repair or service of agricultural equipment or implements or any combination of the foregoing.

“AGRI-TOURISM USE” means an activity or use that is accessory to a farm operation, and which promotes and educates the public about farming and agricultural activities. Such activities shall have a direct relationship to the agricultural activities on the farm, and may include farm/educational tours, wagon rides or corn mazes, observation and participation in agricultural activities and seasonal festivals that overall benefit from the farm/rural setting.

“ALTER” means:

- a) when used in reference to a building or part thereof, to change any one or more of the external dimensions of such building or to make any change in the supporting members or to the type of construction of the exterior walls or roof thereof; and
- b) when used in reference to a lot, to change the lot area, lot frontage or lot depth, to change the width, depth or area of any required yard, setback, landscaped open space or parking area thereof, or to change the location of any lot line, whether such alteration is made by conveyance or otherwise; and
- c) when used in reference to a use, to discontinue and replace a use, in whole or in part, with a use as defined herein which is distinct and different from the discontinued use.

“ALTERED” and **“ALTERATION”** have corresponding meanings.

“AMBULANCE SERVICE” means a lot, building or structure or any part thereof for the provision of an ambulance service licensed under the *Ambulance Act*, R.S.O. 1990, c.A.19. Without limiting the generality of the foregoing, “ambulance service” includes the storage, equipment, and maintenance of ambulances, communications facilities, offices, and residential facilities for staff.

“AMENITY AREA” means an area upon a lot or within a building which is used for active or passive recreational purposes and includes, for example, patios, landscaped open space, walkways, balconies, swimming pools, and communal rooms and similar uses but does not include parking or driveway areas.

- a) **“YARD, FRONT”** means a yard extending across the full width of the lot, measured perpendicularly from the front line to the closest wall of any building or structure on the said lot;
- b) **“YARD, REAR”** means a yard extending across the full width of a lot, measured perpendicularly from the rear lot line to the closest wall of any building or structure on the said lot;
- c) **“YARD, SIDE”** means a yard extending from the front yard or front lot line where no front yard is provided, to the rear yard, or rear lot line where no rear yard is provided, measured perpendicularly from the side lot line to the closest wall of any building or structure on the said lot;
- d) **“YARD, EXTERIOR SIDE”** means a side yard immediately adjoining a street.

“ZONE” means an area delineated on a Zoning Map Schedule and established and designated by this By-law for a specific use.

“ZONING ADMINISTRATOR” means the officer or employee of the Corporation for the time being charged with the duty of enforcing the provisions of the Zoning By-law of the Corporation.

“ZONE PROVISIONS” are the permissible uses or activities, the minimum area and dimensions of lots, the minimum dimensions of yards, the maximum lot coverage, the minimum setback, the minimum gross floor area, the minimum landscaped open space, the maximum height of buildings, minimum parking area requirements, and all other standards and regulations of the respective Zones as are set out within this By-law.

Section 4 – General Provisions for All Zones

4.1 Application

Unless otherwise provided, the provisions of this Section apply in all zones and no land, building or structure shall be used and no building or structure shall be erected, altered, located or enlarged except in conformity with the provisions of this section.

4.2 Accessory Uses

(1) Accessory Uses Permitted in All Zones

Where this By-law permits a lot to be used or a building or structure to be erected or used for a purpose, that purpose shall include any building, structure or use accessory thereto, except that no accessory dwelling unit shall be permitted in any zone other than a zone in which such use is specifically listed as a permitted use.

(2) Lot Coverage

The total lot coverage of all accessory buildings or structures on a lot shall not exceed 10% of the lot area of the said lot.

(3) Height Restrictions

No accessory building or structure in any zone other than an Agricultural Zone shall exceed 6 m in height.

(4) Yard Requirements

Any accessory building or structure shall comply with the zone requirements and all other provisions hereof applicable to the zone in which such accessory building or structure is located, except that such requirements shall not apply to prevent the erection of:

- (a) a building or structure accessory to a single dwelling, anywhere in an interior side yard or rear yard provided that such accessory building or structure is located to the rear of the rear face of the dwelling, and provided that such accessory building or structure is not located closer than 0.6 m to any lot line, and in an exterior side yard, provided that the setback is not closer than the setback required for the main building or structure, and that the eaves shall not be closer than 0.3 m to the rear or side lot line;
- (b) a detached garage, detached carport or accessory building may be constructed in the Side Yard - Interior of a lot, the use of which is as a Dwelling – Single Detached or a Dwelling – Semi-Detached, between the rear face and the front face of the dwelling, provided that such accessory building or structure is not closer than 1.2 m to the side lot line, and

provided that the location of such accessory building or structure complies with all other requirements of this By-law.

A garage or carport shall have a width of not less than 3.048 m and a depth of not less than 5.48 m.

- (c) a gatehouse, anywhere in a front yard or exterior side yard in an Industrial Zone;
- (d) a partially enclosed shelter for use by children while waiting for a school bus, anywhere in a front or exterior side yard in an Agricultural Zone;
- (e) a swimming pool, in accordance with the provisions of Section 4.33 of this By-law;
- (f) a boat house or boat dock at the edge of a watercourse; or
- (g) where a property abuts a lake, bay or canal one accessory building or structure shall be permitted in the front yard provided that such accessory building or structure is not located closer to the front property line than the distance given by the required minimum front yard for the main building, and 1 m to the side property.

(5) Shipping Containers (Permanent)

The following regulations apply to the use of shipping containers as permanent accessory buildings:

- (a) The placement of permanent shipping containers shall only be permitted as an accessory use to a main permitted non-residential use on a property;
- (b) Despite Clause 4.2 (5) a), a permanent shipping container shall not be located in a UC(CBD) Central Business District zone;
- (c) Permanent shipping containers shall be located in interior side yards and rear yards only and must comply with all other regulations of the applicable zone in which they are located, but in no circumstance shall a shipping container be located closer than 0.6 m to any lot line;
- (d) The total lot coverage of all accessory buildings or structures on a lot shall not exceed 10% of the lot area of the said lot;
- (e) No accessory building or structure in any zone other than an Agricultural Zone shall exceed 5 m in height;
- (f) Permanent shipping containers shall not be stacked;
- (g) Unless elsewhere stated in this By-law, a permanent shipping container shall not be located in a required parking area; and
- (h) A permanent shipping container shall not be placed or used for the purpose of display or advertising.

(6) Shipping Containers (Temporary)

The following regulations apply to shipping containers as a temporary use:

- (a) Notwithstanding any other provision of this By-law, a maximum of one (1) shipping container shall temporarily be permitted to be located in a driveway of a residential lot for the purpose of loading and unloading household items during the process of moving, provided that it is removed from the lot within thirty (30) consecutive days and no more than 60 total days within a 365 day timeframe;
- (b) Notwithstanding any other provision of this By-law, a shipping container shall temporarily be permitted on a non-residential property for the purpose of temporary storage or the loading and unloading of items, provided that it is removed from the lot within ninety (90) consecutive days and no more than 120 total days within a 365 day timeframe. The day restriction does not apply to industrial zones;
- (c) A temporary shipping container shall:
 - i. not encroach onto a public sidewalk or municipal right-of-way;
 - ii. not be located in a daylight corner; and
 - iii. not be located closer than 0.6 m from any lot line.
- (d) Notwithstanding any other provision of this By-law, a temporary shipping container is permitted on a construction site in any Zone being developed on a stand-alone basis or under a plan of subdivision for the purposes of temporary storage of equipment and materials incidental to construction only, and subject to the following restrictions:
 - i. not to exceed six (6) in number; and
 - ii. shall be removed from the site within thirty (30) days of completing the work.

4.3 Bed and Breakfast Establishment

Notwithstanding any other provisions of this By-law to the contrary, a bed and breakfast establishment shall be permitted within a dwelling in certain Zones identified in Section 5.0 of this By-law. For the purposes of this By-law, a bed and breakfast establishment shall mean a dwelling unit containing not more than five guest rooms. The following provisions shall apply to regulate and govern such use, namely:

- a) that, notwithstanding any provision of Section 4 hereof to the contrary, the off-street parking spaces associated with the bed and breakfast establishment may be tandem parking provided that the number of spaces so arranged does not exceed three;
- b) that such home occupation use does not include a liquor licensed premises or other facilities for the servicing of alcoholic beverages to the general public;

- c) that such use complies with the *Building Code Act*, or successor Legislation, and such other by-laws and regulations as may be applicable of the Municipality of Chatham-Kent;
- d) that no portion of a guest room contains facilities for the preparation of meals;
- e) that all other applicable provisions of this By-law shall apply and be complied with.

4.4 Commercial Activities in Enclosed Buildings

All of the operations of every commercial establishment shall be conducted within an enclosed building or fenced yard or patio except for vehicle dealerships and vehicle leasing establishments, service stations and gas bars, and areas for the parking and loading of motor vehicles.

4.5 Derelict or Unlicensed Vehicles and Trailers

The use of land for the parking or storage of a derelict vehicle(s) that is not in an operating condition and is discarded, rusted, deflated tires, wrecked or partly wrecked, or is dismantled or partly dismantled shall be prohibited unless specifically permitted elsewhere in this By-law, unless such vehicle is stored in an enclosed garage or an enclosed accessory structure.

4.6 Dwelling Units

(1) Location Within Non-Residential Building

Where a dwelling unit is located within or attached to a non-residential building, such building and dwelling unit shall comply with the yard requirements of this By-law which apply to the said non-residential building provided that any wall containing a window of a habitable room shall be located not less than 1.2 m from any side lot line.

(2) Dwelling Area Unit (Minimum)

Except as otherwise specified within a specific zone, the minimum dwelling unit area for a Single Detached Dwelling, Semi-Detached Dwelling Unit or Row House Dwelling Unit shall be 70 sq. m.

(3) Dwelling Units Per Lot (Maximum)

There shall be only one dwelling permitted on a lot, except:

- a) in the case of a lot which contained more than one dwelling unit on the date of passing of this By-law, in which case the maximum number of dwelling units permitted on such lot shall be the number of legally existing dwelling units on the said lot; and
- b) in a zone where more than one dwelling unit is specifically permitted hereby.

c) where an Additional Dwelling is specifically permitted hereby.

(4) Dwellings, Additional

Notwithstanding any other provisions of this By-law, the following provisions shall apply to regulate and govern such use:

- a) in the Residential Low Density (RL), Residential Medium Density (RM) Zone or Urban Commercial (Office and Service) (UC(OS)), where municipal water services and municipal sanitary sewer services are provided:
 - i. Up to three Dwelling Units in a permitted Single Detached Dwelling, Semi-Detached Dwelling Unit or Row House Dwelling Unit; or,
 - ii. Up to two Dwelling Units in a permitted Single Detached Dwelling, Semi-Detached Dwelling Unit or Row House Dwelling Unit, and a maximum of one dwelling unit within an accessory building ancillary to the foregoing dwelling types;
- b) in the Rural Residential (RR), Estate Residential (ER), Village Residential (VR) or Recreational and Lakeside Residential (RLR) zone, where municipal water service is provided:
 - i. Up to two Dwelling Units in a permitted Single Detached Dwelling or Semi-Detached Dwelling Unit; or,
 - ii. One Dwelling Unit in a permitted Single Detached Dwelling or Semi-Detached Dwelling Unit and a maximum of one dwelling unit within an accessory building ancillary to the foregoing dwelling types;
- c) in an Agricultural (A1) zone:
 - i. Up to two Dwelling Units in a permitted Single Detached Dwelling.
- d) Within a Special Zone Provision as set out in Schedule B to this by-law, where a Single Detached or Semi-Detached Dwelling are permitted as-of-right, excluding within Hazard Land (HL) and Industrial Zones (M1, M2, M3, M4, M5, MR), where municipal water service is provided:
 - i. Up to two Dwelling Units in a permitted Single Detached Dwelling or Semi-Detached Dwelling Unit; or,
 - ii. One Dwelling Unit in a permitted Single Detached Dwelling or Semi-Detached Dwelling Unit and a maximum or one dwelling unit within an accessory building ancillary to the foregoing dwelling types;

4.7 Flood Proofing and Flood Fringe

The areas subject to flood proofing requirements are shown on Schedule "F". The following provisions apply to the areas so delineated:

- a) in all zones the elevation of any part of any habitable room in a dwelling or dwelling unit erected hereafter or in an addition or renovation made hereafter to an existing dwelling or non-residential building shall be as determined and approved by the relevant Conservation Authority;
- b) in all Residential, Institutional and Agricultural Zones, the elevation of any exterior building opening to a habitable room in a dwelling or dwelling unit erected hereafter or in addition or renovation made hereafter to an existing dwelling or non-residential building shall be as determined and approved by the relevant Conservation Authority;
- c) in all Industrial and Open Space Zones, the elevation of any non-residential building erected hereafter or addition or renovation to an existing non-residential building shall be as determined and approved by the relevant Conservation Authority;
- d) in all Residential, Institutional and Commercial Zones, the elevation of any mechanical, electrical or heating equipment in a building erected hereafter or in an addition or renovation to an existing building shall be as determined and approved by the relevant Conservation Authority;
- e) in all Commercial Zones, the elevation of any exterior window or doors in a building erected hereafter or in addition or renovation to an existing building shall be as determined and approved by the relevant Conservation Authority.

4.8 Full Services

Unless otherwise permitted in this By-law, each dwelling containing two or more dwelling units, including a residential care facility and a group home dwelling, shall be required to have full services.

4.9 Frontage on A Public Street

Unless otherwise permitted in this By-law, no person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon a public street which is an improved street. Notwithstanding this provision, a permitted building or structure may be located on a lot on an island or area of water access only within a Seasonal Residential (SR) Zone where the lot does not have frontage on a public street and a permitted single-family dwelling located on an existing lot on an existing private road within an Estate Residential (ER), Seasonal Residential (SR), Recreational and Lakeside Residential (RLR) and Agricultural (A1) Zones.

4.10 Greenhouse Farms (Large-Scale)

Large-Scale Greenhouse Farms shall be permitted in an Agricultural Zone (A1) as identified in Section 5.0 of this By-law subject to the following regulations:

- a) Large-Scale Greenhouse Farm Regulations for all buildings and structures:
 - i) lot frontage (minimum) – 120 m
 - ii) front yard (minimum) – 30 m

- iii) side yard (minimum) – 15 m or 30 m from the nearest dwelling on a separate lot, whichever is greater
- iv) rear yard (minimum) – 15 m or 30 m from the nearest dwelling on a separate lot, whichever is greater
- v) lot coverage (maximum) – 80%.

Notwithstanding (a) (iii), (iv) and (v), the setback for all large-scale greenhouse farm building and structures from:

- 1) All Residential Low Density (RL), Residential Medium Density (RM), and Residential High Density (RH) zones as set out in Section 5.0 of this By-law shall be 1,500 m.
 - 2) All Village Residential (VR) Zones as set out in Section 5.0 of this By-law shall be 750 m.
 - 3) All other Residential and Deferred Development Zones, as set out in Section 5.0 of this By-law shall be 300 m.
- b) Greenhouse Farm Employee Accommodation – maximum capacity of 2.5 employees per acre of greenhouse.
 - c) Packing, Shipping, Loading Facilities – 15 m minimum setback from all lot lines or 30 m from the nearest dwelling on a separate lot, whichever is greater.
 - d) Driveways – 7.5 m minimum setback from any side or rear lot line.
 - e) Parking Areas – 7.5 m minimum setback from all lot lines.
 - f) Parking and Loading Regulations – no requirements.
 - g) Storm Water Management Ponds
 - i) 7.5 m minimum setback from all lot lines or 30 m from the nearest dwelling on a separate lot, whichever is greater.
 - ii) 10 m minimum setback between the top of bank of a municipal drain and the top of bank of a stormwater management pond.
 - h) Outdoor Water Reservoirs – 7.5 m minimum setback from all lot lines or 30 m from the nearest dwelling on a separate lot, whichever is greater.
 - i) Waste Management Facilities – 7.5 m minimum setback from all lot lines or 30 m from the nearest dwelling on a separate lot, whichever is greater.

4.11 Group Homes

Group Homes

Group Homes shall be permitted in certain Zones identified Section 5.0 of this By-law or in any Special Zones under those same Zone Categories.

4.12 Height Restriction Exceptions

The regulations prescribing the maximum height of any building or structure shall not, in any zone, apply to flag poles, radio or television receiving or transmitting equipment, grain elevators, windmills, farm silos or barns, church spires, belfries, cupolas, towers or

domes not used for human occupancy, chimneys, smoke stacks, ventilators, skylights, water tanks, bulk heads, firewalls, heliports and similar features and necessary mechanical appurtenances accessory to the building on which they are erected, provided however, that such features are erected only to such heights as is necessary to accomplish their purpose.

4.13 Holding Zones

- a) Any parcel or area of land in any Zone may be further classified as a Holding Zone with the addition of the prefix "H".
- b) Wherever in this By-law a zone on Schedule "A" is preceded by the use of the prefix "H", the provisions of the *Planning Act*, 1990, Chapter P13 R.S.O., Section 36, or successor Legislation, shall apply to the removal of the prefix "H". Until such time as an amending By-law becomes effective, the uses permitted in the zone preceded by the prefix "H" shall be limited to those lawfully existing on the effective date of this By-law.

4.14 Homes Industries

A home industry shall only be permitted in an Agricultural zone, in conjunction with a single detached dwelling in an accessory building in accordance with the following provisions:

- a) not more than two on-site employees, not including those residing on the premises, shall be engaged in such home industry;
- b) such home industry is clearly secondary to the main residential use and does not change the residential character of the dwelling or accessory buildings;
- c) no building or structure used for a home industry shall be erected, altered, renovated or used in a manner that precludes its use for purely agricultural purposes or a use accessory to a residential use;
- d) any equipment or machinery used or produced in the conduct of a home industry shall be of a small scale;
- e) not more than one accessory building with a maximum of 300 sq. m of gross floor area may be used for the purpose of the home industry;
- f) such home industry does not create or become a nuisance, particularly in regard to noise, noxious odours, wastes, emissions of smoke, traffic or parking;
- g) such home industry does not interfere with television or radio reception in the vicinity;
- h) there shall be no open storage of goods or materials;
- i) one unlit sign indicating the name and business of the occupant not exceeding 0.4 sq. m in area shall be permitted;
- j) no use shall be permitted which would result in a commercial vehicle being parked or stored on an adjacent street except for temporary parking to permit normal pick-up and delivery.

4.15 Home Occupations

A home occupation shall be permitted in any zone in a single-detached dwelling, semi-detached dwelling unit or row-house dwelling unit in accordance with the following provisions:

- a) not more than two on-site employees, including those residing on the premises, shall be engaged in such home occupation;
- b) such home occupation is clearly secondary to the main residential use and does not change the residential character of the dwelling or lot in any manner visible off the property;
- c) such home occupation does not create or become a nuisance, particularly in regard to noise, noxious odours, wastes, emissions of smoke, traffic or parking;
- d) such home occupation does not interfere with television or radio reception in the vicinity;
- e) a home occupation may include a licenced home child care for six children or less, or an unlicensed home child care for five children or less;
- f) not more than 25% of the gross floor area of the dwelling to a maximum of 55.75 sq. m shall be used for such use, but does not apply to a home child care;
- g) the home occupation shall not be conducted within an accessory building or a garage;
- h) there shall be no outdoor storage of goods or materials;
- i) no use shall be permitted which would result in a commercial vehicle being parked or stored on an adjacent street except for temporary parking to permit normal pick-up and delivery;
- j) one unlit sign indicating the name and business of the occupant not exceeding 0.4 sq. m in area shall be permitted;

4.16 Kennel

Kennels shall be permitted in any Agricultural Zone as identified in Section 5.0 of this By-law provided that no part of a kennel shall be permitted closer than 200 m to any existing dwelling on a lot other than the lot on which such kennel is located.

4.17 Landscaping

(1) Landscaped Open Space

Landscaped open space shall be provided in accordance with the zone provisions set out herein for each zone and the following general provisions:

- a) any part of a lot which is not occupied by buildings, structures, parking areas, loading spaces, driveways, excavations or permitted outdoor storage areas shall be maintained as landscaped open space, except that this provision shall not apply to any agricultural use;

- b) except as otherwise specifically provided herein, no part of any required front yard or required exterior side yard shall be used for any purpose other than landscaped open space
- c) where landscaped open space of any kind, including a planting strip, is required adjacent to any lot line or elsewhere on a lot, nothing in this By-law shall apply to prevent such landscaped open space from being traversed by pedestrian walkways or permitted driveways;
- d) no part of any driveway, parking area, loading space, roof-top terrace, balcony, swimming pool or space enclosed within a building, other than a landscaped area located above an underground parking area, shall be considered part of the landscaped open space on a lot.

(2) Plantings

- a) where the lot line of a lot containing a non-residential use and located in a Commercial Zone or an Industrial Zone abuts a lot in a Residential Zone, or abuts a street on the opposite side of which is located a lot in a Residential Zone, than that part of the lot containing such non-residential use directly adjoining the said lot line shall be used for no purpose other than a planting strip having a minimum width of 3 m, measured perpendicularly to the said lot line;
- b) where a fence, a wall, a row of trees or a hedgerow is provided as part of a planting strip required by this By-law, such fence, wall, row of trees or hedgerow shall be designed to have an ultimate height of not less than 1.5 m above the elevation of the ground at the nearest lot line, except that within a sight triangle the maximum height of such landscaping materials shall be 0.6 m;
- c) where a planting strip required hereby is traversed by a pedestrian walkway or by a driveway, in accordance with Paragraph (c) of clause (1) of this Subsection, such planting strip shall not be required to extend closer than 1 m to the edge of such walkway or 3 m closer to the edge of such driveway, provided that any intervening space between the said planting strip and the said walkway is maintained as landscaped open space.

4.18 Lighting

Lighting fixtures designed to provide exterior illumination on any lot shall be installed with the light directed or deflected away from adjacent lots, buildings and streets and in such a manner as to not confuse persons driving vehicles on such streets.

4.19 Loading and Parking

- a) Every building or structure intended or designed to be used for the manufacture or storage or for goods received for display and which has an aggregate gross floor area of 92.9 sq. m or more arranged, intended or designed for such use, shall be provided with vehicular loading spaces with access from a public street by way of a driveway or

parking aisle. Each loading space shall be a minimum of 3.048 m in width by 12.17 m in length and having a minimum height of 4.27 m and the number of such loading spaces shall be provided in conformity with the following provisions:

<u>GROSS FLOOR AREA</u>			<u>NUMBER OF LOADING SPACES REQUIRED</u>		
<u>OVER</u>	<u>UP TO AND INCLUDING</u>				
92.9	sq. m	2,322.5	sq. m	one	(1)
2,322.6	sq. m	3,716.0	sq. m	two	(2)
3,716.1	sq. m	9,290.0	sq. m	three	(3)
9,290.1	sq. m	14,864.1	sq. m	four	(4)
14,864.1	sq. m	22,296.1	sq. m	five	(5)
22,296.1	sq. m	29,728.1	sq. m	six	(6)
29,728.1	sq. m	37,160.1	sq. m	seven	(7)
37,160.0	sq. m	45,521.1	sq. m	eight	(8)

For each additional 8361 sq. m over 45,521.1 sq. m, one additional loading space is required.

b) Off-Street Parking Intensification

No building or structure shall be erected, structurally altered, varied, changed or enlarged unless off-street parking is provided in accordance with the following and other requirements hereinafter set forth. Without limiting the generality of the foregoing, when the intensity of use of any building or structure is increased through the addition of dwelling units, gross floor area, seating capacity, or whenever the existing use of a building or structure is changed to a new use, off-street parking spaces for such intensified or new use shall be provided for the whole building or structure in accordance with the following requirements and in accordance with the other requirements hereinafter set forth.

c) Minimum Parking Space

A parking space shall have a minimum area of 16.72 sq. m, a minimum width of 2.59 m and a maximum width of 3.29 m

d) Notwithstanding Subsection (c) where the principal access to a parking space is provided on the longest dimension of such parking space, the parking space shall have minimum rectangular dimensions of 2.4 m in width by 6.7 m in length.

e) Bus Parking

A bus parking space shall have a minimum width of 3.05 m and a minimum length of 12.2 m

f) Off-Street Parking

Except as herein provided, all required parking spaces shall be provided on the same lot and in the same zone as the use, building or structure for which such spaces are required. A use within a Commercial, Industrial or Institutional Zone Classification shall be deemed to comply with the off-street parking provisions of this By-law if the parking spaces required are provided in part, or whole, on land or a lot which is not in a Residential Zone Classification, but is located within 152.4 m and held in the same ownership, provided all other provisions of this By-law are complied with. Title to both properties must be held by the same person and there must be registered on title an agreement with the municipality to the effect that both properties will remain in the same ownership until such time as relief from the off-street parking requirement occurs.

- g) Notwithstanding the off-street parking provisions of this By-law, permitted office, residential, institutional uses, banks/financial institutions, retail stores, including retail convenience stores, eating establishments (excluding takeout and drive-in) and taverns, that are located in buildings and structures in existence at the date of passing of this By-law, located in the "Parking Exempt Areas" delineated on Schedule "D" to this By-law shall be exempt from the off street parking provisions of this By-law. All buildings and structures located in the areas delineated on Schedule "D" to this By-law constructed after the passage of this By-law containing permitted office, residential, and institutional uses, irrespective of size or area; and, retail stores, including retail convenience stores, eating establishments (excluding take-out and drive-in) and taverns in excess of 93.2 sq. m, shall be subject to the off-street parking provisions of this By-law.
- h) **Parking Aisle**
A parking aisle shall have a minimum unobstructed width of 6.1 m for two-way movement and 4.27 m for one-way movement.
- i) **Parking Space**
A parking space, on one full dimension thereof, shall abut either an access driveway or a parking aisle.
- j) **Access to Parking**
Access to parking area shall be provided from an improved street or improved lane by means of one or more unobstructed driveways not exceeding 9 m in width and having a minimum width of 4.27 m for one-way movement and a minimum width of 6.1 m for two-way movements.
- k) Notwithstanding Subsection (j), the minimum width for a driveway for two-way movement shall be 4.27 m when the driveway provides access to a parking area, which contains 10 or fewer parking spaces.
- l) **Driveways**
Each parking aisle shall have access to an improved street or improved lane by means of a driveway or a series of parking aisles, one of which has access to an improved street or improved lane such that each parking space shall have unobstructed access to and from an improved street or improved lane.

- m) Driveway Widths shall be as follows:
 - i) Dwelling – Single Detached – Maximum Driveway Width – 7.3 m
 - ii) Dwelling – Semi Detached – Maximum Driveway Width – 7.3 m

No driveway or outdoor parking area shall be located within 3.048 m of the main building when the main building is an apartment dwelling or a row dwelling.

All driveways, parking aisles, parking areas and parking spaces located within an RL, RM, RH, UC, M1, M4, M5 and I Zone, shall be improved with a granular base and either a concrete surface or asphalt surface.

- n) Gates

Nothing herein shall prohibit the obstruction of a driveway by gate, a temporary barrier or a similar obstruction used solely to control or restrict access to the said driveway and designed to be easily raised, swing aside or otherwise opened or removed when necessary to permit the passage of a vehicle.

- o) Minimum Intersection Angles

The minimum angle of intersection between a driveway and a street line shall be 60° and the maximum angle shall be 120°.

- p) Kiosk

Nothing herein shall prevent the erection of a shelter in a parking area for use solely by a parking attendant provided such shelter is not more than 4.57 m in height and has a gross floor area of not more than 4.645 sq. m

- q) Parking in the Front Yard Setback

Notwithstanding Section 4.17.1 b) the owner or occupant of any lot, building or structure in any Residential Zone may use the front yard for the parking of a passenger vehicle, van or pickup truck provided that vehicle access to the side yard or rear yard is obstructed by a permanent structure other than a fence, no driveway leading to a legal parking space exists, and the minimum distance between the front lot line and the front face of the dwelling on the lot is at least 6 m, with no intervening obstructions.

Parking under this section shall be in accordance with the following provisions:

- i) the driveway and parking area shall not occupy more than 40% of the width of the lot on which the parking area is located to a maximum of 6 m
- ii) Notwithstanding Section 4.17 b) the owner or occupant of any lot, building or structure in any Residential Zone may park on a driveway that leads to a legal parking space within the limits of the property.
- iii) Notwithstanding Section 4.17.1 b), parking may be permitted in the front yard in any non-residential zone in accordance with the following provisions:

- a. the parking area shall be no closer than 3.048 m the front lot line

- b. vehicles shall not obstruct the view of a driver existing from a driveway on an adjacent property.
 - iv) the driveway and parking area shall be improved with a granular base, and either a concrete surface or asphalt surface
 - v) a curb cut permit shall be obtained from the Municipality
 - vi) the parking area in the front yard of a corner lot shall be located adjacent to the side property line, and the parking area in the exterior side yard of a corner lot shall be located to the rear of the dwelling on the lot
 - vii) vehicles shall not obstruct the view of a driver exiting from a driveway on an adjacent property
- r) **Off-Street Parking Requirements**
- The minimum number of required off-street parking spaces shall be calculated on the basis of the following uses listed hereunder for which the minimum parking space requirement shall be as set out hereunder. In computing the requirement, no regard shall be had for any fraction or part of a whole number. Where uses are combined on one property, the total parking space requirement shall be calculated by adding the individual requirements of each independent use.

<u>PERMITTED USE</u>	<u>MINIMUM PARKING SPACE REQUIREMENT</u>
Adult Secondary School	One space per staff member plus one space per 5 students, maximum capacity
Automobile Repair Shop	Three spaces per service bay or eight spaces, whichever is the greater.
Bank/Financial Institution	One space per 18.58 sq. m gross leasable floor area or 10 spaces, whichever is the greater.
Bed and Breakfast	One space per guest room.
Beer / Liquor Store	Twenty spaces.
Bus Depot	One bus parking space per bus arriving or departing within 10 minutes of another bus, plus 10 transient parking spaces.

In addition to the parking requirements in Section 4.19 (r), accessible off-street parking shall be provided in accordance with the *Accessibility for Ontarians with Disabilities Act, 2005, S.O. 2005 c. 11*, or successor legislation.

t) Parking of Commercial Vehicles in Residential Zones

No outside parking or storing shall be permitted in a Residential (RL, RM, RH, ER, MH, VR, RLR or SR) Zone of:

- i) Any vehicle exceeding the registered gross vehicle weight of 4,000 kg or the overall length of 6.1 m, or the overall height of 2.6 m
- ii) Any vehicle equipped with a stake body, or
- iii) Any vehicle, trailer or any other load, including a boat, whether on or off a trailer or other supporting device, exceeding a combined height of 3.66 m
- iv) Notwithstanding 4.19(u) i), ii) or iii) a vehicle not exceeding 4000 kg registered gross vehicle weight, may be parked or stored outside of a building on a lot in a Residential (RL, RM, RH, ER, MH, VR, RLR or SR) zone for a period of time not longer than necessary for the loading or unloading of such vehicle or longer than such vehicle is required in connection with the performance of any service for the occupant of such lot.

u) Parking of Recreational Vehicles in Residential Zones

The parking of any recreational vehicle is prohibited in all residential zones except Residential (RL, RM, RR, ER, VR or RLR) zones in accordance with the following;

- i) The total number of recreational vehicles parked in a front yard shall not exceed two.
- ii) The total number of recreational vehicles parked in an interior side yard behind the front face of the dwelling, or in a rear yard shall not exceed two.

- iii) There is no limit to the number of recreational vehicles parked in an enclosed building.
- iv) A recreational vehicle may be parked in the front yard in a legal parking stall. A legal front yard parking stall is on a driveway that leads to an attached garage, carport or parking pad located in the interior side or rear yard.
- v) The parking of a recreational vehicle on the lawn or other areas of the front yard is prohibited.
- vi) From October 30 to April 1, motor homes, travel trailers, fifth wheel trailers and boats are prohibited everywhere in the front yard, including driveways and legal front yard parking stalls. This does not apply to tent trailers, truck campers, canoes, kayaks, snowmobiles, all-terrain vehicles, jet skis, or trailer designed to carry one of these items.
- vii) Recreational vehicles shall be parked a minimum of 2 m away from the edge of the municipal sidewalk, or 2 m from the edge of the curb where there is no sidewalk, or 2 m from the edge of the travelled portion of the road where there is no curb or sidewalk. The 2 m shall be measured from the edge of the sidewalk, curb or travelled portion of the road that is closest to the property line of the lot.

4.20 Minimum Distance Separation (MDS)

- a) Notwithstanding any other yard or setback provisions of this By-law to the contrary, no residential use located on a separate lot and otherwise permitted by this By-law, shall be established and no building or structure for such use shall be erected or altered except in accordance with the requirements of the Minimum Distance Separation I (MDSI) Formulae as established by the Province and implemented under the guidelines established by the Province, as amended from time-to-time. The foregoing shall not apply to the alteration of an existing dwelling or the replacement of an existing dwelling with a new dwelling provided the new dwelling is situated no closer to a livestock building or structure or manure storage facility situated on a separate lot than the dwelling being altered or replaced.
- b) Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility or manure storage facility shall be erected or expanded except in accordance with the requirements of the Minimum Distance Separation (MDSII) Formulae as established by the Province and implemented under the guidelines established by the Province, as amended from time-to-time.
- c) The requirements of subsections (a) and (b) shall not be required between a livestock facility and a dwelling or accessory building on the same lot.
- d) This Section shall not apply and separation shall not be required from an abandoned cemetery, a public utility, a waste disposal site or a pit quarry.

4.21 More than One Zone

- a) When a lot is divided into more than one zone, each such portion of the lot shall be used in accordance with the provisions of this By-law for the applicable zones.

- b) Notwithstanding anything to the contrary in Subsection (a), where the use or uses of a lot divided into two or more zones are permitted in all such zones, the said lot shall be considered to be a single lot as defined herein and the highest or most restrictive zone requirements pertaining to such use or uses in all the said zones shall apply throughout the said lot.

4.22 Non-Conforming Uses and Buildings

- a) Continuation of Existing Uses

Nothing in this By-law shall apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose.

- b) Building Permit Issued

Nothing in this By-law shall apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure the plans for which have, prior to the day of the passing of this By-law, been approved by the Building Inspector, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within six months after the day of the passing of this By-law and such building or structure is completed within a reasonable time after the erection thereof is commenced.

- c) Strengthening, Repair or Renovation of Non-Conforming Buildings

Nothing in this By-law shall apply to prevent the strengthening to a safe condition of any building or structure of part of any such building or structure which does not comply with the provisions of this By-law, provided such alteration or repair does not increase the height, size or volume or change the use of such building or structure.

- d) Change in Use, Extension or Enlargement

No change in use or the extension or enlargement of a non-conforming building or structure shall be permitted except as may be allowed under the provisions of *The Planning Act*, or successor Legislation, following an application to the Committee of Adjustment. In reviewing such application the Committee will have regard for the provisions of *The Planning Act* and the policies of the Official Plan.

- e) Discontinued Non-Conforming Use

Where a use, building or structure which was lawfully established prior to the day of the passing of this By-law has been used for a purpose not permitted in the zone in which it is situated but the said use has been discontinued, the said building or structure may only be used for a use that conforms to this By-law.

- f) Replacement of Non-Conforming Buildings or Structures

Where a building or structure has been purposely demolished or accidentally destroyed and more than six months has lapsed, and which building or structure

does not conform with the requirements of this By-law in respect to use, lot occupancy or height, such building or structure shall not be replaced except as permitted by the regulations of the zone in which the said building or structure is located.

4.23 Non-Complying Uses and Buildings

Where a use, building or structure was legally established prior to the date of the passing of this By-law, and is permitted by the provisions of the zone in which such use, building or structure is located, but does not meet the zone provisions with respect to yards, lot area, frontage, parking, setback height or any other provisions of this By-law applicable to that zone, the said building or structure shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired, or renovated provided that:

- a) the enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of that use, building or structure, with the provisions of the By-law to which it does not comply; and
- b) all other applicable provisions of this By-law are complied with.

4.24 Occupancy of Incomplete Building

No new building or structure intended for human occupancy or use shall be occupied except in accordance with the *Building Code Act* or successor legislation.

4.25 Open Storage Regulations

4.25.1 Minimum Setbacks

The minimum setback from any side or rear lot line of any permitted open storage in any zone shall be no less than the respective minimum side or rear yard of the zone in which the said open storage is located unless otherwise specified hereinafter.

No open storage is permitted in any front or exterior side yard except where permitted as an outdoor display of goods and materials in conjunction with a permitted industrial or a commercial use but not closer than 3 m to any lot line or as otherwise specifically specified in this By-law and under no circumstances shall open storage be permitted in a site visibility triangle.

4.25.2 Surface Treatment

Any permitted open storage area, or vehicular access thereto, involving storage, parking or display or any primary means of vehicular access to any permitted open storage area, shall be constructed and maintained with a stable surface of asphalt, cement, gravel or crushed stone with dust control, and drained in accordance with the requirements of the Corporation.

4.25.3 Parking and Loading Spaces to be Preserved

Any areas used for permitted open storage shall be in addition to, and separate from, such areas as may be required by this By-law for the provision of off-street parking or loading spaces.

4.26 Reconstruction of Existing Building

Nothing in this By-law shall prevent the repair or reconstruction arising from destruction through natural causes of any building or structure existing and lawfully used as of the date of passage of this By-law, provided that the dimensions of the original building or structure are not increased, the use thereof is not altered and the location on the land is not varied so as to be situate closer to a lot line.

4.27 Reduction of Lot Area and Undersized Lots

- a) No lot shall be reduced in any area or any other applicable standard reduced below the minimum required in this By-law, unless the lands are conveyed to or expropriated by a body having the power of expropriation.
- b) Where a lot having a lesser lot area and/or lot frontage than is required herein is held under distinct and separate ownership from abutting lots as by a registered conveyance in the records of the Registry Office for the Municipality of Chatham-Kent on the date of passing of this By-law such smaller lot shall be deemed to comply and may be used and a building or structure may be erected, altered or used on such smaller lot, provided that:
 - i) Such lot fronts onto an improved street, and
 - ii) All other requirements for the applicable zone and Section 4.0 of this By-law are complied with.

4.28 Automobiles Service Stations, Gas Bars and Automatic and Manual Car Washes

An automobile service station shall not be established in any Zone Classification except in conformity with the following provisions.

- a) Lot Frontage
 - i) Lot – Corner
The lot frontage shall be a minimum of 38 m
 - ii) Lot – Interior
The lot frontage shall be a minimum of 30.5 m
- a) Lot Area
 - i) Lot – Corner

The lot area shall be a minimum of 1,950.9 sq. m

ii) Lot – Interior

The lot area shall be a minimum of 1,393.5 sq. m

iii) No pump island shall be located within the setback or in any event closer than 4.87 m to any lot line that abuts a street.

iv) Where the lot is a corner lot, no portion of any pump island shall be located closer than 4.87 m from the street lines or within 15.24 m of the intersection of any lot lines that abut a street.

v) Driveways shall be a minimum of 9.1 m from the intersection of any two lot lines that abut a street.

vi) No building or structure shall be closer than 7.62 m to any Residential Zone Classification.

4.28.1 A gas bar shall not be established in any Zone Classification except in conformity with the following:

(a) No building except for a canopy or kiosk shall be located within 4.87 m of the pump island or between the pump island and any driveway.

4.28.2 An automatic and manual car wash shall not be established in any Zone Classification except in conformity with the following provisions:

a) Lot - Frontage

The lot frontage shall be a minimum of 30.48 m

b) Lot – Area

The lot area shall be a minimum of 2,787 sq. m

c) Yard – Rear

The rear yard shall be 7.62 m where the rear yard abuts a lot in a Residential Zone Classification.

d) Yard – Side

i) no building or structure shall be closer than 3.048 m to any lot in a Residential Zone Classification

ii) a vehicle standing space shall have a minimum area of 18.58 sq. m and have a minimum width of 2.59 m and such spaces shall be arranged in a continuous line

4.29 Drive-Through Facility

A drive-through facility shall only be permitted in accordance with the following provisions:

- a) The stacking lane shall be separated from the parking area by a curbed island or other such barrier;
- b) The stacking lane leading to the pick-up window/product reception point shall have a minimum length of 55 m, and shall have a minimum width of 3.5 m;
- c) The stacking lane shall be clearly identified;
- d) The access points to a stacking lane shall be properly located so as to minimize the impact of the stacking lane on the internal traffic circulation;
- e) When stacking is required for a drive-through facility with an open air speaker, the speaker shall be directed away from and not located closer than 10 m to a Residential Zone; and
- f) No portion of the stacking lane, including entrance and exit configurations, used to accommodate the requirements of part (b) of this Section shall be located within the front yard, or exterior side yard, building setback.

4.30 Outdoor Patio

A temporary or permanent outdoor patio shall only be permitted as an accessory use to an "Eating Establishment" or "Tavern" in accordance with the following provisions:

- a) The outdoor patio shall not exceed 50% of the gross floor area devoted to patron use of the main use;
- b) That up to 15% of the required and/or existing parking spaces for the main use may be used to construct an outdoor patio. The required number of accessible off-street parking spaces must still be provided;
- c) An outdoor patio shall not be permitted in any yard located between the building containing the main use and any Residential Zone;
- d) Any lighting facilities illuminating an outdoor patio shall be arranged so as to deflect light away from adjoining properties and streets;
- e) The use of musical instruments, or other mechanical or electrical music equipment is permitted in accordance with the Municipality's Noise By-law.
- f) Dancing, theatrical performances or audiovisual presentations, music concerts and shows, shall not be permitted;
- g) The ground surface of an outdoor patio shall be of concrete or other hard surface; and,

- h) The outdoor patio shall be completely enclosed by a physical barrier.
- i) Temporary outdoor patios shall only be permitted to operate a maximum of eight months per calendar year

4.31 Setbacks from Watercourses, Drains, Major Roads and Railways

4.31.1 Notwithstanding any other provision of this By-law, no person shall hereafter erect any permanent building or structure, including a swimming pool, other than a building or structure associated with drainage works or for protection against flooding or erosion, in any zone which is:

- a) closer than 30 m from the top of bank, or three times the height of the river bank, (3:1 stable slope allowance) plus erosion allowances from the waters edge, whichever is the greater for yards abutting the Thames River or Sydenham River as specified by the appropriate Conservation Authority;
- b) closer than 21 m from the water's edge of the Thames River in the Community of Chatham or as otherwise determined by the Lower Thames Valley Conservation Authority;

4.32 Sight Visibility Triangles

a) Visibility Triangle Landscaping

No building, structure, fence, tree or shrub that will exceed 0.76 m in height may be erected or planted within the triangular space formed between intersecting street lines and a distance of 6.1 m from their point of intersection, provided that the grade for the calculation of height shall be at the intersection of the center lines of the streets from which the said street lines are derived. No parking space, no loading space, no parking area and no parking aisle shall be located within the said triangular space.

b) On Corner Lots

In all zones, on a corner lot, no building or structure shall be erected and no tree, shrub or other plant growth shall be permitted such as would materially impede vision between a height of 0.6 m and 3 m above the centre line grade of the intersection streets in the triangular area bounded by the street lines of the corner lot and a line from the points along said street lines distant 10 m from the point of the intersection of the said street line.

c) At Street Intersections

In all zones, on a corner lot having frontage on a major road as delineated on Schedule “C” to this By-law, no building or structure shall be erected and no tree,

shrub or other plant growth shall be permitted such as would materially impede vision between a height of 0.6 m and 3 m above the centre line grade of the intersecting streets in the triangular area bounded by the street lines of the corner lot and a line from the points along said street lines distant 28 m from the point of intersection of the said street line.

d) At Railway Grade Crossings

In all zones, on a lot abutting a railway where the railway and a street intersect at the same grade, no building or structure shall be erected and no tree, shrub or other plant growth shall be permitted such as would materially impede vision between a height of 0.6 m and 3 m above the centre line grade of the intersecting street in the triangular area bounded by the right-of-way limit of the railway and the street line and a line from the points along such right-of-way limit and such street line distant 45 m from the point of intersection thereof.

4.33 Swimming Pools

Notwithstanding anything contained in this By-law, a swimming pool shall be permitted as an accessory use to a permitted residential use within all zoning categories, subject to compliance with the following provisions:

- a) No part of any swimming pool, whether installed above or in-ground, shall be located in a front yard area, except in an Agricultural Zone.
- b) The distance of any swimming pool from a rear and/or side lot line shall be a minimum of 1.2 m and from a front lot line, a minimum distance equal to the minimum required front yard building setback, as measured from the inner surface of the wall of the pool to the lot line.
- c) No pool shall be located within the visibility triangle for the said lot, which is defined as a triangular area formed within a lot by:
 - i) intersecting streets and a straight line connecting them 7.6 m from their point of intersection or;
 - ii) the intersection of a street and any portion of a driveway within 7.6 m of a property line and a straight line connecting them 7.6 m from their point of intersection or;
 - iii) the intersection of an alley and a street, or two alleys and a straight line connecting them 3 m from their point of intersections
- d) A swimming pool shall be entirely enclosed by a fence pursuant to the Municipality of Chatham-Kent Fencing By-law 125-2008 (as amended) or its successor By-law.
- e) An accessory building or structure, including a deck along the outer edge of the pool that may be required for changing clothes, containing pumping or filtration equipment, or other uses related to the swimming pool shall comply with the

provisions of this By-law with respect to accessory buildings and structures for the zone in which the swimming pool is located.

4.34 Temporary Use Provisions

Wherever a temporary use By-law is approved pursuant to Section 39 of the *Planning Act*, 1990 R.S.O chapter P13 (as amended) or successor legislation, the following provisions shall apply.

- a) upon expiry of the time period during which the authorization of the temporary use described is in effect, the temporary use By-law does not apply so as to permit the continued use of the land, building or structure for the purpose temporarily authorized;
- b) all other applicable regulations and standards of this By-law shall apply.

4.35 Uses Permitted in All Zones

Nothing in this By-law shall apply to prevent or otherwise restrict in any way any of the following:

4.35.1 Services and Utilities

- (a) Any telephone, telegraph, cable or Internet system, any transportation system, or public use, owned or operated by or for the corporation, the Department of Federal Government or Ministry of the Provincial Government, including Entegrus or Hydro One and any railway company may, for the purpose of the public service and utility, use any land or erect any building or structure in any zone notwithstanding that such building or structure or proposed use does not conform to the provisions of this By-law for such zone.
- (b) Provided, however, that such use, building or structure shall comply with all height, yard and lot coverage regulations prescribed for the zone in which it is located. However, such uses shall not be subject to the lot area requirements for the zone in which they are located.
- (c) Further, there shall be no open storage of goods, materials or equipment; and any buildings erected or used under the provisions of this section shall be designed, maintained, and used in a manner compatible with buildings of the type permitted in said zone.
- (d) Any use of the facilities and buildings and structures of any electric or gas company and the receiving or transmitting tower and facilities of any radio or television station are also permitted.

4.35.2 Public Uses of the Corporation

Public buildings and structures, such as a historic site, museum, park, municipal office, public library, public works garage or municipal plant operated by the Corporation.

4.35.3 Construction Facilities

Any sheds, scaffolds or other structures incidental to building construction on the premises for so long as the same is necessary for work in progress, which has neither been finished or abandoned, including a work camp or wayside pit.

4.35.4 Streets and Installations

Land being used as a street or for the installation within the limits of a street of a storm sewer main, underground gas main, underground pipeline or overhead or underground hydro, telephone or other supply line communication line provided that the location of such line or main has been approved by the Corporation.

4.35.5 Ornamental Structures

A statue, monument, cenotaph, fountain or other such memorial or ornamental structure.

4.35.6 Signs and Signals

Any government authorized traffic sign or signal, any public election list or government proclamation.

4.35.7 Oil and Gas Well and Oil and Gas Work

Land or structure for any "Oil and Gas Well" or "Oil and Gas Work" subject to the regulations of the *Oil, Gas and Salt Resources Act*, or successor Legislation.

4.36 Uses Restricted in All Zones

a) Noxious Uses Prohibited

Notwithstanding any other provision hereof to the contrary, no use shall be permitted in any zone which is offensive or dangerous by reason of the emission of odour, smoke, dust, noise, gas, fumes, vibration or refuse matter.

b) Restricted Uses

The following uses are prohibited throughout the zoned area, either alone or in conjunction with other uses, unless specifically permitted herein, or by an amending By-law:

- i) the making or establishment of pits and quarries, other than permitted wayside pits;
- ii) the tanning or storage of uncured hides or skins;

- iii) the boiling of blood, tripe, bones or soaps for commercial uses;
- iv) the manufacturing of glue or fertilizers from dead animals or from human or animal waste;
- v) an abattoir, stockyard, livestock exchange, or dead stock depot;
- vi) the extracting of oil from fish;
- vii) a track for the racing or testing of automobiles, motorcycles, snowmobiles or any other motorized vehicles;
- viii) a salvage yard;
- ix) a sewage treatment facility;
- x) a disposal site for solid or liquid wastes, except for a manure storage facility accessory to an agricultural use;
- xi) the refining, storage or use in manufacturing of coal oil, rock oil, fuel oil, natural gas, propane, burning fluids, naphtha, benzol, benzene, gasoline, ethanol, dynamite, dualin, nitroglycerine, gun powder, petroleum or any other combustible, inflammable, volatile or otherwise dangerous liquids, gases or solid materials except where specifically permitted hereby or in conjunction with a permitted commercial or industrial use and unless such substances are protected by adequate fire fighting and fire prevention equipment and by such safety devices as are generally employed in the handling of such substances and provided that such substances are kept removed from adjacent uses to a distance which is compatible with the potential danger involved, except that this provision shall not apply to prevent the above ground storage of such substances by a farmer, where such storage is incidental and accessory to an agricultural use, or the use of natural gas, propane or fuel oil for domestic purposes, such as heating and cooking, in conjunction with a residential use;
- xii) an occupied vehicle used for human habitation other than a mobile home where specifically permitted hereby or a travel trailer used only for temporary accommodation in a permitted campground;
- xiii) an adult entertainment establishment;
- xiv) a campground, except as part of a permitted park;
- xv) where municipal water and/or sanitary sewers are not available, any use unable to obtain the approval of private water or sanitary treatment and disposal facilities from the Municipality;
- xvi) an airport;

- xvii) any use which causes the emission of corrosive gases, toxic gases or radioactive gases or, into any zone other than an Industrial Zone, of electromagnetic fields, heat, glare, non-agricultural odours, noise, vibrations, dust, dirt, fly ash or smoke, or which does not comply with emission regulations as may be established from time to time by the Province of Ontario, the Government of Canada, or any agencies thereof;
- xviii) the storage of derelict vehicles;
- xix) Shipping containers, transport trailers, vans or any other motor vehicle as storage facilities except in an Industrial Zone, or in accordance with Section 4.2(5);
- xx) waste processing facility;

4.37 Yard Encroachments

Notwithstanding the yard and setback provisions of this By-law;

- a) Sills, belt courses, chimney, cornices, eaves, gutter, parapets, pilasters, bay windows and other ornamental architectural features may project into any required yard by a maximum of 0.5 m
- b) Uncovered stoops, uncovered steps, uncovered decks, uncovered porches, uncovered verandahs, and uncovered terraces may project into any interior or exterior side yard or rear yard provided that the maximum height of such uncovered stoops, uncovered steps, uncovered decks, uncovered porches, uncovered verandahs, or uncovered terraces is not more than 1.7 m above established grade, but shall not be closer than 1.2 m to any rear or exterior lot line and no closer than the required interior side yard width minimum for the zone.
- c) Uncovered stoops, uncovered steps, uncovered decks, uncovered porches, uncovered verandahs, and uncovered terraces may project into any front yard a maximum of 3.1 m from the front face of the main structure into the front yard, but no closer than 3.1 m to the front lot line provided that the maximum height of such uncovered stoops, uncovered steps, uncovered decks, uncovered porches, uncovered verandahs, or uncovered terraces is not more than 1.7 m above grade.
- d) Exterior stairways may project into a required yard by a maximum of 1.5 m
- e) Steel fire escapes may project into any required side or rear yard but not more than 1.5 m
- f) Balconies may project into any required yard by a maximum of 1.5 m
- g) Awnings, flag poles, garden trellises, fences, retaining walls, recreational equipment, and similar accessories shall be permitted in any required yard.

- h) Window or wall-mounted air conditioners and heat pumps may project into any required yard or setback, but not more than 0.6 m into a required interior side yard in a Residential Zone.
- i) Outdoor free-standing air conditioners and heat pumps may be located in any required yard or setback area in a Residential Zone.

4.38 Yard Regulations

4.38.1 Established Front Yards

Where, in any Residential Zone, on the date of passing of this By-law, where more than one-half of the lots within a residential block on the same side of a street are built upon, then the required front yard depth shall be deemed to be the lesser of that of the closest dwelling on either side of the subject lot in place of the usual minimum front yard requirement or any setback subject to the following:

- a) the established front yard shall not apply to allow construction in a site visibility triangle;
- b) in a Residential Zone a dwelling may be replaced having front yard less than the established front yard if the front yard for such lot on the day of passing of this by-law was less than the established front yard but in any case not less than 3 m;
- c) in the case of there being more than one zone in such block, this provision shall apply separately to each zone;
- d) the established front yard provision shall not apply to the construction of accessory structures, for properties that abut a lake, bay or canal, as permitted by Section 4.2(4)(g).

4.38.2 Through Lots

Where a lot is a through lot, a front yard shall be provided on each street on which the lot has frontage in accordance with the minimum front yard or setback required as the case may be for each street in that zone.

4.38.3 Corner Lots Bounded by Three Streets

Where a corner lot is bounded by three streets, a front yard shall be provided adjoining the two non-intersecting streets and an exterior side yard shall be provided adjoining the flanking street.

4.39 Cannabis Production Facility

Notwithstanding any other provision of this By-law, the following regulations apply to a Cannabis Production Facility,

- a) The following minimum separation distance shall apply to buildings and structures:

- i) within the General Industrial (M1) Zone no Cannabis Production Facility shall be located closer to any residential, institutional, or open space zone boundary than 75 m; and,
 - ii) within the Agricultural (A1) and Rural Industrial (MR) Zone no Cannabis Production Facility shall be located:
 - a. closer than 100 m to an existing residential dwelling on a separate lot; or,
 - b. closer to any residential, institutional, or open space zone boundary zone boundary than 100 m;
- b) Parking Requirement: Two spaces per three employees (maximum enrolment) or one space per 18 sq. m floor area used for office, whichever is greater, plus one space per 1,000 sq. m floor area used for production;
- c) Section 4.10, Greenhouse Farms (Large Scale) does not apply;
- d) Clauses (a) to (b) do not apply to Cannabis Production Facilities where the cultivation area is less than 200 m², or to any outdoor cultivation areas.

4.40 Agri-Tourism Use

Agri-tourism uses may be permitted in A1 zones subject to the following regulations:

- a) An agri-tourism use shall only be permitted accessory to a farm operation on the same lot, and shall be compatible with, and not hinder, surrounding agricultural operations.
- b) The combined total of the agri-tourism use shall not exceed either 1.0 ha or two percent (2%) of the area of the lands on which the use is proposed, whichever is lesser.
- c) The gross floor area of all buildings or structures used for an agri-tourism use shall not exceed twenty percent (20%) of the maximum lot area.
- d) The land area and the area of the existing building or structures used for an agri-tourism use may be discounted at the rate of fifty percent (50%). Where the agri-tourism use uses the same footprint as a demolished agricultural building, the land area for the agri-tourism use may be discounted by fifty percent (50%).
- e) One hundred percent (100%) of the area needed for parking areas, outdoor storage, landscaped areas and setbacks for the agri-tourism use shall be included in the area calculation.
- f) Where an agri-tourism use uses an existing laneway or parking area, the area of such laneway or parking area shall not be included in the area calculations

- g) Services required for the use proposed are provided on the same lot, to the satisfaction of the Municipality, and shall not have any negative impacts on neighboring and surrounding land uses.
- h) Agri-tourism uses shall be directly related to the principle agricultural use.
- i) Production lands which are used for the growing of crops and are simultaneously used as part of an activity area, such as a corn maze, shall not be included in the area calculations for the agri-tourism use.
- j) An agri-tourism use shall be subject to the Minimum Distance Setbacks (MDS) Guidelines.
- k) The agri-tourism use shall not be permitted within lands located within or adjacent to significant habitat of endangered or threatened species identified in consultation with the Ministry of Natural Resources, Provincially Significant Wetlands identified on Schedules “A” and “E” series-Land Use or significant natural heritage features identified on Schedule “C” Series – Natural Heritage and Hazards feature in the Chatham-Kent Official Plan, unless it has been demonstrated through an EIS that there is no alternative and the impact is minimal.
- l) Prior to the agri-tourism use being established on a property, site plan control shall be applicable to mitigate the impacts of items such as but not limited to traffic, parking, emissions, noise, water and wastewater usage, any necessary environmental approvals, landscaping, buffering, size and scale in relation to the applicable requirements of Section 4.40 of this Zoning By-law.

Section 5.0 – Zones

5.1 Residential Low Density Zone (RL)

5.1.1 Uses Permitted

No person shall, within any RL Zone, use any lot or erect, alter or use any building or structure for any purpose except one or more of the following uses, namely:

- (a) RL1-E: Single Detached Dwelling, Group Home
- (b) RL1: Single Detached Dwelling, Group Home
- (c) RL2: Single Detached Dwelling, Semi-Detached Dwelling Unit, Semi-Detached Dwelling, Duplex Dwelling, Group Home
- (d) RL3: Single Detached Dwelling, Semi-Detached Dwelling Unit, Semi Detached Dwelling, Duplex Dwelling, Group Home
- (e) RL4: Single Detached Dwelling, Semi-Detached Dwelling Unit, Semi-Detached Dwelling, Group Home

- (f) RL5: Single Detached Dwelling, Group Home
- (g) RL6: Mobile Home Subdivision
- (h) RL7: Single Detached Dwelling, Semi-Detached Dwelling Unit and Semi-Detached Dwelling, Group Home
- (i) RL8: Single Detached Dwelling, Semi-Detached Dwelling Unit and Semi-Detached Dwelling, Group Home

5.1.2 Regulations:

Each use permitted in a Residential Low Density Zone (RL) is subject to:

- a) the regulations in Section 4;
- b) the regulations detailed in the following Performance Standard Chart applicable to the zone; and
- c) any exceptions referred to in Schedule “B” applicable to the land, building or structure.

5.2.1 Uses Permitted

No person shall, within any RM Zone, use any lot or erect, alter or use any building or structure for any purpose except one or more of the following uses, namely:

- (a) RM1: Semi-Detached Dwelling, Semi-Detached Dwelling Unit, Duplex Dwelling, Triplex Dwelling, Double Duplex, Fourplex Dwelling, Dwelling Row House, Dwelling Senior Citizen, Group Home
- (b) RM2: Double Duplex Dwelling, Fourplex, Dwelling Row House, Dwelling Apartment, Dwelling Senior Citizen, Group Home

5.2.2 Regulations:

Each use permitted in a Residential Medium Density Zone (RM) is subject to:

- (a) the regulations in Section 4;
- (b) the regulations detailed in the following Performance Standard Chart applicable to the zone; and
- (c) any exceptions referred to in Schedule "B" applicable to the land, building or structure.
