10	ECONOMIC DEVELOPMENT PROGRAMS	471

Executive Summary

SECTION 1: Introduction

Since 2000, BMA Management Consulting Inc. has annually completed a municipal comparative study on behalf of participating Ontario municipalities. The *Executive Summary* provides an overview of the analysis contained in the comprehensive report.

The study identifies both key quantifiable indicators and selective environmental factors that should be considered as part of a comprehensive evaluation of a local municipality's financial condition. Use of the study over a number of years provides trends to allow decision makers to monitor selected indicators over time. Trend analysis helps to provide interpretative context. In addition, context can be provided by comparing a municipality's own experience with the experience of other municipalities.

117 Ontario municipalities, representing approximately 86% of the population

Populations	Number of Municipalities
100,000 or greater	28
30,000 - 99,999	30
15,000 - 29,999	27
0 - 14,999	32
Total	117

The analysis was completed using the most recent information available as provided by the participating municipalities including:

- 2022 Current Value Assessment
- 2022 Tax Policies
- 2022 Levy By-laws
- 2022 Development Charges
- 2022 Water/Sewer Rates
- 2021 FIRs
- 2022 User Fees
- Economic Development Programs

2022 Municipalities Included in the Study

The following provides a summary of the municipalities participating by population range:

Populations 15,000 or less	Populations 15,000 –29,999	Populations 30,000 –99,999	Populations >100,000
Aylmer	Amherstburg	Aurora	Ajax
Brock	Bracebridge	Belleville	Barrie
Central Elgin	Brockville	Brant	Brampton
Chatsworth	Collingwood	Bruce County	Brantford
Dryden	Essex	Caledon	Burlington
Elliot Lake	Huntsville	Centre Wellington	Cambridge
Erin	Kenora	Cornwall	Chatham-Kent
Espanola	King	Dufferin County	Clarington
Georgian Bluffs	Lincoln	East Gwillimbury	Durham Region
Gravenhurst	Middlesex Centre	Elgin County	Essex County
Grey Highlands	Niagara-on-the-Lake	Fort Erie	Greater Sudbury
Guelph-Eramosa	North Grenville	Georgina	Grey County
Hanover	North Perth	Grimsby	Guelph
Ingersoll	Owen Sound	Haldimand	Halton Region
Kincardine	Pelham	Halton Hills	Hamilton
Lambton Shores	Port Colborne	Innisfil	Kingston
Mapleton	Port Hope	Lakeshore	Kitchener
Meaford	Prince Edward County	Muskoka District	London
Minto	Saugeen Shores	New Tecumseth	Markham
North Dumfries	Scugog	Newmarket	Middlesex County
North Middlesex	Springwater	Niagara Falls	Milton
Parry Sound	Strathroy-Caradoc	Norfolk	Mississauga
Puslinch	Thorold	North Bay	Niagara Region
South Bruce Peninsula	Tillsonburg	Orangeville	Oakville
Southgate	West Lincoln	Orillia	Oshawa
Tay	Wilmot	Peterborough	Ottawa
The Blue Mountains	Woolwich	Quinte West	Peel Region
Tiny		Sarnia	Pickering
Wainfleet		Sault Ste. Marie	Simcoe County
Wellesley		St. Thomas	St. Catharines
Wellington North		Stratford	Thunder Bay
West Grey		Timmins	Toronto
		Welland	Vaughan
		Whitchurch-Stouffville	Waterloo
			Waterloo Region
			Whitby
			Windsor
			York Region

SECTION 2: Socio-Economic Indicators

A complete assessment of a municipality’s financial condition should include consideration of socio-economic factors. Socio-economic indicators describe and quantify a municipality’s wealth and economic conditions and provide insight into a municipality’s ability to generate revenue relative to the municipality's demand for public services. An evaluation of socio-economic indicators contributes to the development of sound financial policies.

Land Density

Population density indicates the number of residents living in an area (usually measured by square kilometre). Analysis of density can provide insight into the age of a city, growth patterns, zoning practices and new development opportunities. High population density can indicate whether a municipality may be reaching build-out, as well as service and infrastructure needs, such as additional public transit or street routes. The following graph provides a summary of average population density per square kilometre by geographic location.

Population Growth

The following graph shows the change in population from 2011-2016 and from 2016-2021. As shown in the graph, the Simcoe/Muskoka/Dufferin municipalities experienced the largest population percentage growth during 2016 to 2021. Northern municipalities experienced the lowest percentage of population growth.

Household Income

Household income is one measure of a community’s ability to pay. While a higher relative household income is a positive indicator of the overall local economy, it may lead to a greater expectation for quality programs and additional challenges in balancing desired levels of service with a willingness to pay for programs and services. The average household income varies by geographic location. The average household income in Eastern municipalities was \$92,586 compared with \$133,117 in the GTHA.

Assessment per Capita

Property assessment is the basis upon which municipalities raise taxes. A strong assessment base is critical to a municipality’s ability to generate revenues. Assessment per capita statistics have been compared to provide an indication of the “richness” of the assessment base in each municipality. Unweighted assessment provides the actual current value assessment of the properties. Weighted assessment reflects the basis upon which property taxes are levied, after applying the tax ratios to the various property classes to the unweighted assessment. The average assessment per capita is highest in the GTHA and lowest in Northern municipalities.

Assessment Change

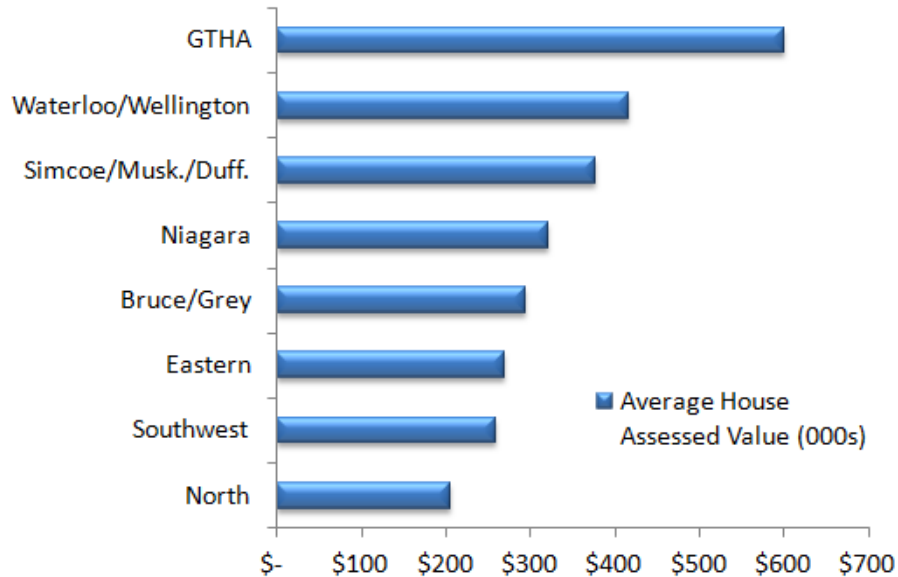

Assessment growth provides an indication of how the bases upon which taxes are levied is changing over time. From 2021–2022, the assessment increased by 1.8% on average across the 117 Ontario municipalities. The Southwest geographic area experienced the largest increase at 2.3%.

Municipalities Grouped by Location	2018-2019	2019-2020	2020-2021	2021-2022
North	3.2%	3.1%	0.5%	0.5%
Eastern	5.4%	4.6%	0.7%	1.3%
Bruce/Grey	5.4%	5.4%	1.6%	1.6%
Waterloo/Wellington	7.1%	6.9%	1.5%	1.6%
Simcoe/Musk./Duff.	6.5%	6.4%	1.6%	1.8%
Niagara	6.3%	5.8%	1.9%	1.9%
GTHA	9.3%	8.0%	1.7%	1.9%
Southwest	6.4%	5.9%	1.6%	2.3%

Residential Properties

Residential properties were broken down by property type to provide an indication of the housing mix in each municipality. The following graph reflects the average assessed values for residential properties by geographic location.

Construction Activity

The three year average of building construction value per capita were analyzed to provide a measure of relative building activity in each municipality and across the geographic locations. The following reflects the results from 2019-2021.

SECTION 3: Municipal Financial Sustainability Indicators

Financial Position per Capita

The **Financial Indicators** section of the report includes a number of indicators to assist municipalities in evaluating financial condition. A municipality’s financial position is defined as the total fund balances including equity in business government enterprises less the amount to be recovered in future years associated with long-term liabilities. A comparison was made of each municipality’s overall financial position (assets less liabilities). There is a significant range in municipal financial position per capita across Ontario from a low of negative (\$2,861) to a high of \$4,860 per capita. The following graph provides the percentage of municipalities that fall within each range.

Asset Consumption Ratio

The asset consumption ratio reflects the written down value of the tangible capital assets in relation to the historical costs of the assets. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The following graphs reflect the ratio ranges across the survey for tax, water and wastewater assets.

Reserves

Reserves are a critical component of a municipality’s long-term financing plan. The following graphs provide the range of reserves as a percentage of own source revenues for tax supported services, water and wastewater. The level of reserves required will vary for a number of reasons including:

- Services provided by the municipality
- Age and condition of infrastructure, inventory of fleet and vehicles supporting municipal operations
- Level of expenditures
- Internal debt and reserve policies
- Targets, ranges established on a reserve by reserve basis
- Economic conditions and projections

Debt Indicators

Debt indicators can reveal increasing reliance on debt, decreasing flexibility, sudden large increases or decreases in future debt service and the amount of debt that a community can absorb. The following graphs summarize the debt interest ratio for tax, water and wastewater to provide an understanding of the percentage of municipalities within various ranges of the debt interest ratio. This ratio indicates the extent to which a municipality’s operating revenues are committed to interest expenses.

Taxes Receivable as a % of Taxes Levied

Every year, a percentage of property owners is unable to pay property taxes. If this percentage increases over time, it may indicate an overall decline in the municipality’s economic health. Additionally, as uncollected property taxes rise, liquidity decreases. If the percentage of uncollected property taxes increases, over time, it may indicate an overall decline in the municipality’s economic health. The following graph provides a summary of the 2021 taxes receivable as a percentage of taxes levied in each of the geographic areas.

SECTION 4: Revenue & Expenditure Analysis

Net Municipal Levy per Capita and per \$100,000 of assessment

An analysis of levy per capita and per \$100,000 of assessment does not indicate value for money or the effectiveness in meeting community objectives. Municipal levies may vary as a result of:

- Different service levels
- Variations in the types of services
- Different methods of providing services
- User fee policies
- Different assessment composition
- Varying demand for services
- Locational factors
- Demographic differences
- Socio-economic differences
- Urban/rural composition differences

SECTION 5: Select User Fees and Revenue Information

The **Select User Fee and Revenue Information** section of the report includes development charges, building permit fees, tipping fees and transit fares.

Development Charges

The recovery of costs by Ontario municipalities for capital infrastructure required to support new growth is governed by the Development Charges Act (1997) and supporting regulations. The following table summarizes the 2022 development charges. Note: some municipalities do not charge development charges.

2022 Development Charges	Residential	Multiples Dwelling 3+ bed. per unit	Apartment units >=2 (per unit)	Apartment units < 2 (per unit)	Non-Residential Commercial (per sq.ft.)	Non-Residential Industrial (per sq.ft.)
Bruce/Grey	\$ 20,239	\$ 14,127	\$ 12,023	\$ 11,113	\$ 9.64	\$ 9.01
Eastern	\$ 21,324	\$ 15,504	\$ 13,580	\$ 9,752	\$ 11.28	\$ 6.80
North	\$ 22,162	\$ 12,791	\$ 12,791	\$ 12,791	\$ 4.92	\$ 3.70
Southwest	\$ 22,437	\$ 15,648	\$ 13,366	\$ 9,693	\$ 7.99	\$ 6.66
Niagara	\$ 42,096	\$ 29,870	\$ 27,999	\$ 17,751	\$ 22.58	\$ 10.24
Waterloo/Wellington	\$ 42,474	\$ 32,346	\$ 25,232	\$ 22,198	\$ 17.03	\$ 11.81
Simcoe/Musk./Duff.	\$ 45,117	\$ 37,487	\$ 29,054	\$ 22,410	\$ 15.71	\$ 13.28
GTHA	\$ 103,030	\$ 83,909	\$ 64,672	\$ 44,728	\$ 53.80	\$ 25.89

SECTION 6: Tax Policies

The relative tax burden in each class of property will be impacted by the type of tax policies implemented in each municipality. As such, an analysis of the 2022 tax policies that impact the relative tax position was completed. The following table summarizes the range of 2022 tax ratios across the survey.

2022 Tax Ratios	Average	Median	Min.	Max.
Multi-Residential	1.7246	1.8629	1.0000	2.3594
Commercial	1.6689	1.7042	1.0820	2.6374
Industrial	2.1175	2.0691	1.1000	4.4267

SECTION 7: Comparison of Relative Taxes

Like property comparisons were undertaken on 12 property types that were of most interest to the participating municipalities. In order to calculate the relative tax burden of “like” properties, every effort was made to hold constant those factors deemed to be most critical in determining a property’s assessed value. There are many reasons for differences in relative tax burdens across municipalities and across property classes. These include, but are not limited, to the following:

- The values of like properties vary significantly across municipalities
- The tax ratios in each class and the use of optional classes
- Non-uniform education tax rates in the non-residential classes
- Tax burdens across municipalities also vary based on the level of service provided and the associated costs of providing these services
- Extent to which a municipality employs user fees or has access to other sources of revenues such as dividends from hydro utilities, gaming & casino revenues

Residential Properties	Detached Bungalow	2 Storey	Senior Executive	Industrial Properties	Standard per sq.ft.	Large per sq.ft.	Vacant Land per acre
Bruce/Grey	\$ 2,874	\$ 4,439	\$ 6,858	Bruce/Grey	\$ 0.84	\$ 0.78	\$ 1,168
Simcoe/Musk./Duff.	\$ 3,229	\$ 4,320	\$ 5,949	Simcoe/Musk./Duff.	\$ 1.21	\$ 0.86	\$ 2,431
Southwest	\$ 3,322	\$ 4,573	\$ 6,311	Southwest	\$ 1.26	\$ 0.82	\$ 1,637
North	\$ 3,523	\$ 5,391	\$ 7,017	Eastern	\$ 1.55	\$ 1.13	\$ 3,611
Eastern	\$ 3,570	\$ 4,793	\$ 6,959	Waterloo/Wellington	\$ 1.74	\$ 1.33	\$ 5,027
Waterloo/Wellington	\$ 3,582	\$ 4,654	\$ 6,535	Niagara	\$ 1.89	\$ 0.94	\$ 4,537
Niagara	\$ 3,932	\$ 5,202	\$ 7,022	North	\$ 1.94	\$ 1.04	\$ 3,874
GTHA	\$ 4,651	\$ 5,453	\$ 7,471	GTHA	\$ 2.05	\$ 1.44	\$ 10,684
Survey Average	\$ 3,698	\$ 4,885	\$ 6,816	Survey Average	\$ 1.59	\$ 1.11	\$ 4,689
Survey Median	\$ 3,669	\$ 4,984	\$ 6,751	Survey Median	\$ 1.58	\$ 1.10	\$ 2,815

Multi-Residential Properties	Walk-Up per Unit	High-Rise per Unit	Commercial Properties	Office per sq.ft.	Neigh. Shopping per sq.ft.	Hotel per suite	Motel per suite
Bruce/Grey	\$ 928	\$ 1,914	Bruce/Grey	\$ 2.50	\$ 2.51	\$ 1,821	\$ 1,045
Simcoe/Musk./Duff.	\$ 1,101	\$ 1,635	Southwest	\$ 2.73	\$ 3.32	\$ 1,322	\$ 1,071
Southwest	\$ 1,470	\$ 1,880	Simcoe/Musk./Duff.	\$ 2.79	\$ 3.46	\$ 1,848	\$ 1,101
North	\$ 1,499	\$ 1,861	Niagara	\$ 2.95	\$ 4.17	\$ 1,935	\$ 1,157
Waterloo/Wellington	\$ 1,552	\$ 2,131	Eastern	\$ 3.33	\$ 4.32	\$ 1,933	\$ 1,293
GTHA	\$ 1,590	\$ 1,825	Waterloo/Wellington	\$ 3.35	\$ 3.82	\$ 1,619	\$ 1,683
Niagara	\$ 1,725	\$ 1,882	North	\$ 3.44	\$ 3.69	\$ 1,452	\$ 1,293
Eastern	\$ 1,795	\$ 2,265	GTHA	\$ 3.48	\$ 4.47	\$ 1,567	\$ 1,381
Survey Average	\$ 1,472	\$ 1,918	Survey Average	\$ 3.11	\$ 3.78	\$ 1,636	\$ 1,223
Survey Median	\$ 1,473	\$ 1,969	Survey Median	\$ 3.04	\$ 3.77	\$ 1,506	\$ 1,164

SECTION 8: Comparison of Water/Sewer Costs

The establishment of water and sewer rates is a municipal responsibility and the absence of standard procedures across Ontario has resulted in the evolution of a great variety of rate structure formats. There was considerable diversity across the survey in terms of the costs of water/sewer and how services are charged.

Volume Meter Size	Residential 200 m ³ 5/8"	Commercial 10,000 m ³ 2"	Industrial 30,000 m ³ 3"	Industrial 100,000 m ³ 4"	Industrial 500,000 m ³ 6"
Average	\$ 1,237	\$ 40,904	\$ 118,195	\$ 384,234	\$ 1,898,081
Median	\$ 1,191	\$ 38,532	\$ 112,599	\$ 363,998	\$ 1,809,196
Min	\$ 625	\$ 11,857	\$ 27,057	\$ 107,204	\$ 527,352
Max	\$ 2,844	\$ 108,936	\$ 318,360	\$ 1,029,912	\$ 5,066,112

SECTION 9: Property Taxes and Water/Wastewater as a % of Income

A comparison was made of relative property tax burdens and water/sewer costs on comparable properties against the median household incomes. The report also calculates the total municipal tax burden as a percentage of income available on an average household.

Total Municipal Burden as a % of Household Income	
Waterloo/Wellington	4.7%
GTHA	4.7%
Southwest	5.0%
Bruce/Grey	5.1%
Simcoe/Musk./Duff.	5.2%
North	5.3%
Niagara	5.3%
Eastern	5.6%

SECTION 10: Economic Development Programs

- Business Retention & Expansion Programs**
- Downtown/Area Specific Programs**
- Brownfield Redevelopment**

Introduction – Municipal Study 2022

Introduction

For the past twenty years, BMA Management Consulting Inc. has completed annually a municipal comparative study on behalf of participating Ontario municipalities. This report brings together a group of indicators to give an overall snapshot for each municipality. The analysis was completed using the most recent information available as provided by the participating municipalities including:

- 2022 current value assessment
- 2022 tax policies
- 2022 levy by-laws
- 2022 development charges
- 2022 water/sewer charges
- 2021 FIRs
- 2022 user fees
- Economic Development programs

To facilitate the analysis, given the significant volume of information included in the report, the information is also accessible through BMA's online password protected database. This provides the participating municipalities with the ability to select only those municipalities that are of interest and to focus on specific areas of interest. The database also provides the ability to analyze trends, with data available over a five year period. The database can be accessed from the BMA website: www.bmaconsult.com. This information can be downloaded from the website into Microsoft Excel to allow municipalities the ability to track their progress over time and to focus their analysis on specific comparators which can be incorporated into reports and presentations.

Why Participate in a Study?

The study identifies key financial and economic indicators and factors that should be considered as part of a comprehensive evaluation of a municipality's financial condition. Use of the study over a number of years provides trends to allow decision makers to monitor selected indicators over time. Trend analysis helps to provide interpretative context. Additional context can come from comparing a municipality's own experience with the experience of other municipalities. While the study includes 110+ municipalities, it is recommended that the users take advantage of the online database to focus on similar municipalities.

Many of the analytical techniques included in the report are consistent with approaches used by credit rating agencies and are also used by the International City/County Management Association (ICMA). The information contained in this report can help local municipalities analyze and interpret financial, economic and demographic trends. Trend analysis is critical to truly understand and evaluate a municipality's financial condition and to provide early warning signals of potential or emerging financial problems.

It is anticipated that the consolidation of the financial and economic indicators contained in the Municipal Study will achieve the following goals and objectives:

- To help municipal decision-makers in assessing market conditions
- To understand the unique characteristics of each municipality
- To understand the relationship between various controllable and uncontrollable factors in addressing a municipality's competitive opportunities and challenges
- To develop a database of material that can be updated in future years to assess progress and establish targets
- To create awareness of the trends and the potential need to modify policies
- To assist in aligning municipal decisions in property taxation with the other economic development programs and initiatives
- To assist municipalities in developing a long-term strategy for property taxation to achieve municipal competitive objectives in targeted property classes
- To create a baseline source of information that will assist municipalities in addressing specific areas of concern and to gain a better understanding of how other municipalities have addressed similar concerns
- To understand the impact of reassessment and growth
- To identify areas that may require further review (e.g. service levels, user fees, service delivery)

Socio-Economic Indicators

Socio-Economic Indicators

A complete assessment of local government's financial condition should include socio-economic factors. Socio-economic indicators describe and quantify a municipality's wealth and economic conditions and provide insight into a municipality's collective ability to generate revenue relative to the municipality's demand for public services. An examination of local economic and demographic characteristics can identify the following situations:

- A decline in the tax base as measured by population, property value, employment, or business activity
- A need to shift public service priorities because demographic changes in the municipality
- A need to shift public policies because of changes in economic conditions

An evaluation of socio-economic factors are important to the development of sound financial policies. The ***Socio-Economic Factors*** section of the report includes the following information to assist municipalities in understanding some basic facts about each municipality included in the study.

- *Population Statistics (2011 – 2022)*
 - *Note: Manifold Data Mining estimates for 2022 includes the undercount, normally 3-5% of population*
- *Age Demographics*
- *Average Household Income*
- *Land Area and Density*
- *Labour Statistics*
- *Assessment per Capita*
- *Change in Unweighted Assessment (2017 - 2022)*
- *Assessment Composition by Class*
- *Consolidated Unweighted and Weighted Assessment (Residential vs. Non-Residential)*
- *Shift in Tax Burden – Unweighted to Weighted Residential Assessment*
- *Residential Properties by Type*
- *Building Construction Activity (Residential, Non-Residential)*

Population Statistics 2011-2022 (sorted highest to lowest population)

Municipality	2011 Stats Canada	2016 Stats Canada	2021 Stats Canada	2022 Manifold Data Mining	% Change 2011-2016	% Change 2016-2021
Toronto	2,615,060	2,731,571	2,794,356	2,928,017	4.5%	2.3%
Ottawa	883,391	934,243	1,017,449	1,078,845	5.8%	8.9%

Population of Ontario Regions, 2021 and 2046

The **Ministry of Finance** produces an updated set of population projections every year to provide a demographic outlook reflecting the most up-to-date trends and historical data.

- Ontario's population is projected to increase by 37.7 per cent, or almost 5.6 million, over the next 25 years, from an estimated 14.8 million on July 1, 2021 to over 20.4 million by July 1, 2046.
- The growth of Ontario's population has been affected by the COVID-19 pandemic through both the disruptions to migration flows and the associated higher mortality. From a rate of 0.5 per cent last year (2020–21), the pace of annual growth of the provincial population is projected to reach 1.8 per cent in 2021–22. Thereafter, the rate of growth is projected to ease gradually over time, reaching 1.1 per cent by 2045–46.
- Net migration is projected to account for 86 per cent of all population growth in the province over the 2021–2046 period, with natural increase accounting for the remaining 14 per cent.
- Each of the six regions of the province are projected to see growing populations over the projection period. The Greater Toronto Area (GTA) is projected to be the fastest growing region, with its population increasing by 2.9 million, or 41.3 per cent, from 7.1 million in 2021 to over 10.0 million by 2046. The GTA's share of provincial population is projected to rise from 47.9 per cent in 2021 to 49.1 per cent in 2046.
- All regions will see a shift to an older age structure. The GTA is expected to remain the region with the youngest age structure as a result of strong international migration and positive natural increase.

Age Demographics

The age profile of a population may affect municipal expenditures. For example, expenditures may be affected by seniors requiring higher public service costs and families with young children demanding services for recreational, and related programs.

Sources: Statistics Canada for 2021, and Ontario Ministry of Finance projections.

- The median age of Ontario’s population is projected to rise from 40.7 years in 2021 to 42.0 years in 2046. The median age for women climbs from 42.0 to 43.2 years over the projection period, while for men it is projected to increase from 39.4 to 40.9 years.
- The number of seniors aged 65 and over is projected to increase significantly from 2.7 million, or 18.1 per cent of population, in 2021 to 4.4 million, or 21.8 per cent, by 2046. In 2016, for the first time, seniors accounted for a larger share of population than children aged 0–14.
- The number of children aged 0–14 is projected to increase moderately over the projection period, from 2.3 million in 2021 to 3.0 million by 2046. The children’s share of population is projected to decrease initially from 15.3 per cent in 2021 to 14.6 per cent by 2031, followed by a slow increase to 14.9 per cent by 2046.
- The number of Ontarians aged 15–64 is projected to increase from 9.9 million in 2021 to 12.9 million by 2046. This age group is projected to decline as a share of total population for most of the projection period, from 66.6 per cent in 2021 to 63.2 per cent by 2040, and to increase slowly thereafter to reach 63.3 per cent by 2046.

2022 Estimated Average Household Income

Household income is one measure of a community's ability to pay for services. While a larger relative household income is a positive indicator of the overall local economy, it may lead to a greater expectation for quality programs and additional challenges in balancing desired levels of service with a willingness to pay for programs and services.

Municipality	Municipality	Municipality
Cornwall \$ 67,071	Southgate \$ 95,864	Ottawa \$ 117,420

Summary 2022 Average Household Income by Geographic Location

Land Area and Density

Population density indicates the number of residents living in an area (usually measured by square kilometre). Density readings can lend insight in the age of a city, growth patterns, zoning practices, new development opportunities and the level of multi-family unit housing. High population density can also indicate whether a municipality may be reaching build-out, as well as service and infrastructure needs such as additional public transit or street routes. as stated by the **Province of Ontario** in their InfoSheet: Planning for Intensification, some of the benefits of intensification include:

- *Using resources such as lands, buildings and infrastructure more effectively*
- *Protecting the natural environment and biodiversity by limiting urban expansion*
- *Incorporating green features that offset and support new development*
- *Creating active streets that promote healthier patterns of human activity*
- *Creating economic opportunities*
- *Reducing carbon footprint*
- *Improving access to public transit*
- *Enhancing community identity*
- *Improving municipal fiscal performance*

Labour Statistics

The labour force is defined as the number of people aged 15 and over who are employed and unemployed. Labour force statistics are an important measure of the economy's potential. The larger the percentage of the population that enters the labour force, the larger the potential output and standard of living. Growth in the labour force implies expansion potential. The rate of employment of the community's citizens is a measure of and an influence on the community's ability to support its local business sector. A decline in employment base or higher than average rates of unemployment can be a warning signal that overall economic activity may be declining. Unemployment does not capture working age residents who are unemployed and are no longer actively seeking employment. The employment rate provides a fuller picture of employment in the community.

Assessment Per Capita (Sorted by Unweighted Assessment)

Property assessment is the basis upon which municipalities raise taxes. A strong assessment base is critical to a municipality's ability to generate revenues. Assessment per capita statistics have been compared to provide an indication of the "richness" of the assessment base in each municipality.

Unweighted assessment provides the actual current value assessment of the properties.

Weighted assessment reflects the basis upon which property taxes are levied after applying the tax ratios to the various property classes to the unweighted assessment.

Unweighted Assessment - Trend

The tables on the next several pages reflect the change in unweighted assessment from 2017-2022. The changes in assessment trends are related to new growth as well as changes in market value of existing properties. The changes include the impact of reassessment as well as growth. The table has been sorted from low to high for the 2021-2022 % change in assessment.

2022 Shift in Tax Burden - Unweighted to Weighted Residential Assessment

As shown in the table, tax ratios typically shift the burden from residential to non-residential properties. Approximately 70% of the municipalities surveyed, have a decrease in tax burden on the Residential class as a result of tax ratios for non-residential classes greater than 1.0. The implementation of tax ratios to the assessment base for municipalities with a larger proportion of farmland and managed forest results in an increase in the residential burden.

Municipality	Residential Unweighted Assessment	Residential Weighted Assessment	Change % Unweighted to Weighted

Building Construction Activity (sorted from lowest to highest 2021 activity per capita)

The table summarizes the 2021 residential and non-residential building permit values in each area municipality. To put these values into context, the building permit value per capita is also summarized to get an appreciation of the relative building activity in each municipality. The chart is sorted from lowest to highest based on building permit value per capita for 2021.

Municipality	% Res. 2021	% Non-Res. 2021	2021 per Capita	Municipality	% Res. 2021	% Non-Res. 2021	2021 per Capita

Summary - 3 Year Average Building Construction Activity per Capita (2019, 2020, 2021) - Total Survey by Location

Financial Indicators

Financial Sustainability Indicators

As described by the Canadian Institute of Chartered Accountants (CICA), the intent of providing an evaluation of a municipality's financial condition is to evaluate a municipality's financial outlook and performance. This will help form the foundation for the establishment of a long range financial plan.

Key financial and socio-economic indicators have been included to help evaluate each municipality's existing financial condition and to identify future challenges and opportunities. Industry recognized indicators that are used by credit agencies and/or recommended by Government Finance Officers' Association (GFOA) and the Ministry of Municipal Affairs and Housing have been included. A number of indicators have been included:

S Sustainability

The ability to provide and maintain service and infrastructure levels without resorting to unplanned increases in rates or cuts to services.

V Vulnerability

Addresses a municipality's vulnerability to external sources of funding that it cannot control and its exposure to risks.

F Flexibility

The ability to issue debt responsibly without impacting the credit rating. Also, the ability to generate required revenues.

"The usefulness of indicators is not in the numbers themselves, but the analysis of what is driving the indicator. It may, therefore, be more useful to consider the combined results of several broad indicators in assessing performance rather than any one indicator on its own."

Source: *Local Government Financial Sustainability, Nationally Consistent Frameworks, published by Local Government and Planning Ministers' Council (Australia), May 2007*

Net Financial Position Indicators

Financial position is a key indicator of a municipality's financial health. Two key financial position indicators have been included to illustrate a municipality's financial position. The net financial position is a broader measure of a municipality's indebtedness than debenture debt as it includes all of a municipality's financial assets and liabilities. Net Financial Liabilities Ratio is a total liabilities minus assets as a percentage of own source revenues. This ratio indicates the extent to which financial liabilities could be met by its operating revenue. A ratio greater than zero indicates that total liabilities exceed the total assets.

Formula

Schedule 70 in the Financial Information Return is used in these calculations of Financial Position as well as Own Source Revenues which is taken from Schedule 81.

$$\text{Net Position per Capita} = \frac{\text{Net Financial Position}}{\text{Population}} = \frac{\text{FIR Schedule 70 line 9945}}{\text{Manifold Data Mining Population}}$$

$$\text{Net Financial Liabilities Ratio} = \frac{\text{Net Financial Position}}{\text{Own Source Revenue}} = \frac{\text{FIR Schedule 70 line 9945}}{\text{FIR Schedule 81 line 2610}}$$

Target

There is no optimal number or range for these indicators, as it varies according to a municipality's financial position.

Interpretation

It is important that a municipality understands what is driving these indicators and monitors their trends. The financial position provides an indication of the affordability of future municipal spending.

Financial Indicators

The Financial Indicators section of the report includes a number of indicators to assist municipalities in evaluating financial condition. Indicators related to Sustainability, Vulnerability and Flexibility have been included. It should be noted that Water and Wastewater indicators have also been included in the Water/Wastewater section of the report.

When the information is plotted over time, these trends can be used to monitor changes in financial conditions and alert the municipality to future problems. We are committed to refining and developing additional data to have more efficient and effective benchmarking tools for municipalities.

Sustainability

- ***Financial Position per Capita***
- ***Net Financial Liabilities Ratio***
- ***Asset Composition Ratio***

Flexibility

- ***Reserves***
 - ***Tax Discretionary Reserves as a % of Taxation***
 - ***Discretionary Reserves as a % of Own Source Revenues***
 - ***Reserves per Capita***
- ***Debt***
 - ***Tax Debt Interest as a % of Own Source Revenues***
 - ***Debt Charges as a % of Own Source Revenues***
 - ***Total Debt Outstanding Per Capita***
 - ***Debt Outstanding Per Own Source Revenues***
 - ***Debt to Reserve Ratio***
 - ***Tax Debt Outstanding per \$100,000 of Unweighted Assessment***

Vulnerability

- ***Taxes Receivable as a % of Tax Levied***
- ***Rates Coverage Ratio***

Financial Position Per Capita - Trend

A comparison was made of each municipality's overall financial position (financial assets less liabilities) over time on a per capita basis.

Total Asset Consumption Ratio

This indicator provides an estimate of the useful life left in the municipality's capital assets. Municipalities are facing significant infrastructure challenges. Therefore, it is important to keep informed of the age and condition of its capital assets to ensure they are making timely and appropriate investments. This is calculated using Schedule 51 of the Financial Information Return.

Formula

$$Total\ Ratio = \frac{Total\ Accumulated\ Amortization}{Total\ Gross\ Costs\ of\ Capital\ Assets} = \frac{FIR\ Schedule\ 51A\ col\ 10\ line\ 9910}{FIR\ Schedule\ 51A\ col\ 6\ line\ 9910}$$

$$Tax\ Ratio = \frac{FIR\ Schedule\ 51A\ col\ 10\ lines\ (9910 - 0811 - 0812 - 0831 - 0832)}{FIR\ Schedule\ 51A\ col\ 6\ lines\ (9910 - 0811 - 0812 - 0831 - 0832)}$$

Interpretation

This ratio shows the value of the tangible capital assets that have been consumed. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The Ministry of Municipal Affairs and Housing considers a ratio of 25% or under to be relatively new; 26%-50% to be moderately new; 51%-75% to be moderately old and over 75% to be old.

Summary - 2021 Asset Consumption Ratio - Total Survey

Reserves

Reserves are a critical component of a municipality's long-term financing plan. The purpose for maintaining reserves is to:

- Provide stability of tax rates in the face of variable and uncontrollable factors (consumption, interest rates, unemployment rates, changes in subsidies)
- Provide financing for one-time or short-term requirements without permanently impacting the tax and utility rates
- Make provisions for replacement/acquisitions of assets/infrastructure that are currently being consumed and depreciated
- Avoid spikes in funding requirements of the capital budget by reducing their reliance on long-term debt borrowings
- Provide a source of internal financing
- Ensure adequate cash flows
- Provide flexibility to manage debt levels and protect the municipality's financial position
- Provide for future liabilities incurred in the current year but paid for in the future

Three financial indicators have been included for tax reserves. In each case, the water and wastewater reserves and reserve funds have been excluded as well as obligatory reserve funds.

Reserve Financial Indicator One: Tax Discretionary as a % of Taxation

This provides the total tax discretionary reserves and reserve funds using Schedule 60 of the Financial Information Returns (columns 2 and 3) in relation to total taxation (Schedule 10 of the Financial Information Return).

Formula

$$\frac{\text{Tax Discr. Reserves}}{\text{Taxation}} = \frac{\text{FIR Schedule 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{FIR Schedule 10 line 9940}}$$

Reserve Financial Indicator Two: Tax Discretionary Reserves per Capita

This provides the total tax discretionary reserves in relation to the population.

Formula

$$\frac{\text{Tax Discr. Reserves}}{\text{Population}} = \frac{\text{FIR Schedule 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{Manifold Data Mining Population}}$$

Reserve Financial Indicator Three: Tax Discretionary Reserves as a % of Own Source Revenues

This indicator shows the total value of funds held in reserves and reserve funds compared to a single year's own source revenue and is a strong indicator of financial stability. This provides the total tax discretionary reserves and reserve funds using Schedule 60 of the Financial Information Returns (columns 2 and 3) in relation to own source revenues (Schedule 81 of the Financial Information Return, less water and wastewater own source revenues which are on Schedule 12).

Formula

$$\frac{\text{Tax Discr. Res.}}{\text{Own Source Rev.}} = \frac{\text{FIR Sch 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{FIR Sch 81 line 2610 - Sch 12 col 3 + 4 lines (0811 + 0812 + 0831 + 0832)}}$$

Interpretations

Reserves offer liquidity which enhances the municipality's flexibility in addressing operating requirements and in permitting the municipality to temporarily fund capital projects internally, allowing it time to access debt markets and take advantage of favorable conditions. The level of reserves required will vary for a number of reasons including:

- Services provided by the municipality
- Age and condition of infrastructure, inventory of fleet and vehicles supporting municipal operations
- Level of expenditures
- Internal debt and reserve policies
- Targets, ranges established on a reserve by reserve basis
- Economic conditions and projections

Debt

The Ministry of Municipal Affairs and Housing regulates the level of debt that may be incurred by municipalities, such that no more than 25% of the total Own Source Revenue can be used to service debt and other long-term obligations without receiving OMB approval. In addition to confirming that the debt is within the legislated limits, Government Finance Officers' Association (GFOA) recommends the following analysis be undertaken:

Measures of the tax and revenue base, such as:

- Projections of key, relevant economic variables
- Population trends
- Utilization trends for services underlying revenues

Evaluation of trends relating to the government's financial performance, such as:

- Revenues and expenditures
- Net revenues available after meeting operating requirements
- Reliability of revenues expected to pay debt service
- Unreserved fund balance levels

Debt service obligations such as:

- Existing debt service requirements
- Debt service as a percentage of expenditures, or tax or system revenues

There are six financial debt indicators that have been included in the analysis to provide a clear understanding of the overall debt outstanding and the debt servicing costs.

Financial Debt Indicator One: Tax Debt Interest as % of Own Source Revenues

This ratio indicates the extent to which the municipality's own source revenues are committed to debt interest charges. This is calculated using Schedule 40 of the Financial Information Returns and the Own Source Revenues in Schedule 81 less Water/WW revenues in Schedule 12.

Formula

$$\frac{\text{Tax Debt Int.}}{\text{Own Source Rev.}} = \frac{\text{FIR Sch 40 col 2 lines (9910 - 0811 - 0812 - 0831 - 0832)}}{\text{FIR Sch 81 line 2610 - Sch 12 col 3 + 4 lines (0811 + 0812 + 0831 + 0832)}}$$

Financial Debt Indicator Two: Debt Charges as a % of Own Source Revenues (Debt Service Ratio)

Debt Service is the amount of principal and interest that a municipality must pay each year to service the debt (principal and interest expenses). As debt service increases it reduces expenditure flexibility. This shows the % of total debt expenditures, including interest as a % of own source revenue. It is a measure of the municipality's ability to service its debt payments. Schedule 74C has been used for the total debt charges (line 3099) and the tax debt charges (line 3012).

Formula

$$\frac{\text{Total Debt Principal + Interest}}{\text{Total Own Source Revenues}} = \frac{\text{FIR Schedule 74C col 1 + 2 line 3099}}{\text{FIR Schedule 81 line 2610}}$$

$$\frac{\text{Tax Debt Princ + Interest}}{\text{Tax Own Source Revenues}} = \frac{\text{FIR Schedule 74C col 1 + 2 line 3012}}{\text{FIR Sch 81 2610 - Sch 12 col 3 + 4 (0811 + 0812 + 0831 + 0832)}}$$

Target

Credit rating agencies consider that principal and interest should be below 10% of Own Source Revenues.

Interpretations

This indicator will trigger a warning if the increase in debt service consistently exceeds the increase in own source revenues.

Financial Debt Indicator Three: Debt Outstanding per Capita

This provides the debt outstanding as reflected on Schedule 74A divided per population.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Population}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{Manifold Data Mining Population}}$$

Financial Debt Indicator Four: Debt Outstanding Per Own Source Revenues

This provides the debt outstanding as reflected on Schedule 74A divided by the municipality's own source revenues as reflected in Schedule 81.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Own Source Revenue}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{FIR Schedule 81 line 2610}}$$

Financial Debt Indicator Five: Debt to Reserve Ratio

Formula

$$\frac{\text{Debt Outstanding}}{\text{Res. and Reserve Funds (excl Oblig. Reserve Funds)}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{FIR Schedule 60 col 2 + 3 line 9930}}$$

Financial Debt Indicator Six: Debt Outstanding as a % of Unweighted Assessment

This provides the debt outstanding as reflected on Schedule 74A divided by the municipality's unweighted assessment as reflected in Municipality's by-laws.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Unweighted Assessment}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{Municipality's bylaws Assessment}}$$

Target

This indicator provides a measure for financial prudence by comparing total debt to the total reserve balances. Generally, the benchmark suggested by credit rating agencies for this ratio is 1:1 or in other words, debt should not exceed total reserve and reserve fund balances. A 1:1 ratio reflects that for every dollar of debt there is a dollar of reserves.

Taxes Receivable as a % of Taxes Levied

This ratio is a strong indicator of the strength of a local economy and the ability of residents to pay their annual taxes. This is calculated using Schedule 72A of the Financial Information Returns.

Formula

$$\frac{\text{Taxes Receivable}}{\text{Taxes Levied}} = \frac{\text{FIR Schedule 72A line 0290}}{\text{FIR Schedule 72A line 0220}}$$

Target

Credit Rating agencies consider over 8% a negative factor.

Interpretations

If this percentage increases over time, it may indicate a decline in the municipality's economic health.

Rates Coverage Ratio

The Rates Coverage Ratio provides a measure of the municipality's ability to cover its costs through its own sources of revenue. According to the Ministry of Municipal Affairs and Housing, a basic target is 40%-60%; an intermediate is 60%-90% and an advanced target is 90% or greater.

Formula

$$\frac{\text{Own Source Revenues}}{\text{Total Operating Expenditures}} = \frac{\text{FIR Schedule 81 line 2610}}{\text{FIR Schedule 40 col 11 line 9910}}$$

Municipality	OSR as a % of Total Expenditures	Municipality	OSR as a % of Total Expenditures

Revenue and Expenditure Analysis

Revenue and Expenditure Analysis

The net operating costs per capita are calculated using schedule 40 FIR expenditures less schedule 12 revenues (excluding Tangible Capital Asset Grants). Changes in per capita expenditures reflect changes in expenditures relative to population. Increasing per capita expenditures can indicate that the cost of providing services is outstripping the community's ability to pay, especially if spending is increasing faster than the resident's collective personal income. If the increase in spending is greater than can be accounted for by inflation or the addition of new services, it may indicate declining productivity. This section also includes, where appropriate, calculations of the revenue recovery for various services. Staffing levels have also been included in select schedules. Note: The Water and Wastewater has been moved to the Water/WW section of the report.

The following information has been included in this section of the report:

- ***Net Municipal Levy (2022 Levy By-law)***
 - ***Per Capita and sorted by Location***
 - ***Per \$100,000 of Unweighted and Weighted Assessment***
- ***General Government***
- ***Protection Services***
 - ***Fire, Police***
 - ***Court Security and Prisoner Transportation***
 - ***Conservation Authority***
 - ***Protective Inspection and Control***
 - ***POA***
- ***Transportation Services***
 - ***Roads, Bridges and Culverts, Traffic Operations, Winter Control***
 - ***Transit, Parking***
 - ***Streetlights***
 - ***Air Transportation***

- **Environmental Services**
 - **Storm Sewer**
 - **Waste Collection**
 - **Waste Disposal**
 - **Waste Diversion**
- **Health Services**
 - **Public Health Services, Hospitals, Ambulance Services**
 - **Cemeteries**
 - **Emergency Measures**
 - **COVID-19 Expenses reported in Emergency Measures**
- **Social and Family Services**
 - **General Assistance, Assistance to Aged**
 - **Child Care**
- **Social Housing**
- **Recreation and Culture**
 - **Parks, Recreation Programs**

 - **Recreation Facilities Other**
 - **Libraries**
 - **Museums**
 - **Cultural Services**
- **Planning and Development Services**
 - **Planning**
 - **Commercial and Industrial**
 - **Building Permit and Inspection Services**
- **Agriculture and reforestation**

Analysis of Net Municipal Levy per Capita

In order to better understand the relative tax position for a municipality, another measure that has been included in the study is a comparison of net municipal levies on a per capita basis. This measure indicates the total net municipal levy needed to provide services to the municipality. This analysis does not indicate value for money of the effectiveness in meeting community objectives. Net municipal expenditures per capita may vary as a result of:

- Different service levels
- Variations in the types of services
- Different methods of providing services
- Different residential/non-residential assessment composition
- Varying demand for services
- Locational factors
- Demographic differences
- Socio-economic differences
- Urban/rural composition differences
- User fee policies
- Age of infrastructure
- What is being collected from rates as opposed to property taxes

As such, this analysis is not an "apples to apples" comparison of services, but rather has been included to provide insight into the net cost of providing municipal services within each municipality. Further analysis would be required to determine the cause of the differences across each spending envelope and within each municipality. This analysis was completed using the most current information available - net municipal levies as per the 2022 municipal levy by-laws and the 2022 estimated populations.

Changes in per capita expenditures reflect changes in expenditures relative to changes in population. Increasing per capita expenditures may indicate that the cost of providing services is outstripping the community's ability to pay, especially if spending is increasing faster than the resident's collective personal income. Examining levy per capita shows changes in levies relative to changes in population size. As population increases, it might be expected that revenues and the need for services would increase proportionally, and therefore, that the level of per capita revenues would remain at least constant in real terms. However, this is not always the case as the cost of providing services is not directly related to population. If per capita revenues are decreasing, the municipality may be unable to maintain existing service levels unless it finds new revenue sources or ways to reduce costs.

Net Municipal Levy per Capita

- Net Levy on a per capita basis ranged across the municipalities from \$1,113 to \$3,681 (with an average of \$1,698 per capita).
- A review of the net levy per capita, the assessment per capita ranking and the density of the municipality ranking is shown to help understand some of the factors impacting relative taxes, which will be compared later in the report.
- A detailed review of the service envelopes, revenues and socio-demographics of the municipality is required to understand the factors causing differences in levies per capita. Some of the driving factors may include services provided, differentials in terms of service levels and the extent of user fees.

2022 Net Municipal Levy per \$100,000 Unweighted Assessment

Net levy on a per \$100,000 of unweighted assessment ranged across the municipalities from \$509 to \$2,279 (with an average of \$1,134). There is a strong relationship between the assessment per capita and net levy per \$100,000 of assessment in that, for the most part, municipalities with a high assessment basis have a low net levy per \$100,000 of assessment.

Summary - 2022 Net Municipal Levy Comparison per Capita vs. \$100,000 Assessment - by Location

General Government (sorted by Net Costs per \$100,000 Assessment, including Amortization)

General government consists of three categories: governance, corporate management and program support. The costs for governance and corporate management can be influenced by the municipality's organizational structure and method of allocating costs.

Municipality	Net Costs per Capita Excl Amort	Net Costs per Capita Incl Amort	Net Costs per \$100,000 CVA Excl Amort	Net Costs per \$100,000 CVA Incl Amort

Fire

The goal of Fire Services is to protect the life and property of citizens and businesses from fire and other hazards. The three primary fire safety activities provided in communities in support of these objectives are:

- Public education and fire prevention
- Fire safety standards and enforcement
- Emergency response

Each municipality's results are influenced to varying degrees by a number of factors, including:

- The nature and extent of fire risks: The type of building construction, i.e. apartment dwellings vs. single family homes vs. institutions such as hospitals
- Geography: Topography, urban/rural mix, road congestion and fire station locations and travel distances from those stations
- Fire prevention and education efforts: Enforcement of the fire code, and the presence of working smoke alarms
- Collective agreements: Differences in what stage of multi-year agreements municipalities are at and also differences in agreements about how many staff are required on a fire vehicle
- Staffing model: Full-time firefighters or composite (full-time and part-time)

Police

Under the Ontario Police Services Act, municipalities are responsible for the provision of adequate and effective Police services to ensure the safety and security of citizens, businesses and visitors. To fulfill this mandate, each municipality and police agency creates and implements strategies, policies and business models that meet the specific needs and priorities of their local communities.

The key objectives provided by Police Services include:

- Crime prevention
- Law enforcement
- Victims' assistance
- Maintenance of public order
- Emergency response services

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Non-residents: Daily inflow and outflow of commuters and tourists, attendees at cultural, entertainment and sporting events, or seasonal residents (e.g. post-secondary students) who require police services and are not captured in population-based measures
- Specialized facilities: Airports, casinos, etc. that can require additional policing
- Demographic trends: Social and economic changes in the population

Police costs will vary significantly based on a number of factors including, but not limited to:

- Geographic mix (urban/rural mix)
- One-time special events
- Proximity and quantity of higher risk facilities (e.g. correctional, mental health facilities)
- Service levels
- Incident of more complex crimes
- Specialized services (e.g. Emergency Task Force, Emergency Measures, Marine Unit, etc.)
- Accounting and reporting practices

Roads Services

A municipality's transportation system affects the economic vitality and quality of life of its residents. The goal of Roads Services is to provide affordable, well-managed and safe traffic flow for pedestrians, cyclists, drivers, public transit and commercial traffic while contributing to the environment and the quality of community life.

Transportation infrastructure generally includes roads, bridges, culverts, sidewalks, traffic control systems, signage and boulevards. In addition to constructing and repairing infrastructure, roads services include clearing the transportation network of snow and debris to ensure that it is safe and convenient to use.

Single-tier municipalities are responsible for maintaining all types of roads, including arterial, collector and local roads and, in some cases, expressway and laneways. Upper-tier municipalities are not responsible for maintenance of local roads.

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Municipal snow clearing standards, weather conditions, road types and snowfall
- Age and condition of the network
- The proportion of heavy trucks in the traffic stream
- The municipality's pavement standards
- Population density which affects usage and congestion, contributing to road maintenance and its cost
- Type of roads a municipality operates: i.e. arterial, collector or local roads and expressways
- Availability of public transit
- Average commute distances (e.g. from home to work or school)
- Volume of traffic coming from outside the municipality

Transit Services - Conventional

Transit Services provide citizens with a safe, reliable, efficient and affordable means of traveling to work, school, home or play. Greater use of public transit systems in a community eases traffic congestion and improves air quality.

An effective and efficient transit system places emphasis on the following objectives:

- **Quality of life:** Provides mobility options for all residents to ensure access to work, education, health care, shopping, social and recreational opportunities
- **Sustainability:** Needs to be affordable for everyone in the community, be fiscally responsible to taxpayers and support the goal of improving the environment
- **Economic development:** Services and costs need to reflect and encourage residential and commercial growth

Each municipality's results are influenced to varying degrees by a number of factors, including:

- **Size and urban form within the service area:** Service and costs are affected by the type of development, topography and density
- **Demographics and socio-economic factors:** Auto ownership rates, population age, immigrant levels and household incomes will impact transit market share
- **Nature of transit service design and delivery:** Number of routes, proximity and frequency of service, service coverage and hours of operation can vary significantly amongst systems, automated fare systems, Geographic Positioning Systems, traffic signal priority and dedicated bus lanes could be used to facilitate "express" service
- **Transit system type:** Composition of fleet (bus, subway or light-rail transit (LRT)), diesel vs. natural gas, high floor vs. low floor accessible, and age of fleet
- **Demand for services:** Rising fuel prices, a growing urban population and increased awareness of environmental issues can increase demand, catchment area for transit riders may extend beyond municipal boundaries
- **Economic conditions:** Ridership growth, fare increases, fluctuations in commodity and energy prices, foreign exchange rates, magnitude of external contracting and contractual obligations with labour bargaining units
- **Legislated requirements:** Increased cost due to compliance with the Accessibility for Ontarians with Disabilities Act, 2005 (AODA)

Parking

Parking Services provide parking operations, maintenance and enforcement services for residents, businesses and visitors to the municipality. The goal of Parking services is to ensure that parking is available in an equitable, affordable and safe manner.

Specific objectives of Parking Services are:

- Affordable on-street parking rates, with hours of use conducive to turnover and to the needs of the businesses
- Appropriate off-street parking lots and structures that meet the needs of the community
- A residential off-street parking program that effectively addresses the parking requests and achieves an equitable balance of the limited space requirements in defined areas of municipalities
- Enforcement of parking by-laws to ensure safety for the community

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Service delivery standards and by-laws: Vary considerably from one municipality to another, i.e. mix of on-street and off-street parking spaces, municipal staff vs. contracted attendants, use of variable-rate pricing structures, availability of public transit and proximity to parking alternatives (free public parking, private lots)
- Technology: The type and quality of technology used to manage operations and enforcement, i.e. handheld devices vs. written, ticket management systems, meters vs. pay and display machines, level of automation at parking surface lots vs. parking garage structures

Waste Management

Waste Management Services include a wide range of collection, disposal, diversion and processing activities for the majority of residential households, and a portion of these services may be provided to businesses. The goal of Waste Management Services is to reduce and/or divert the amount of waste ending up in landfill sites, and to lessen the detrimental impact on the environment.

Each municipality's waste collection results are influenced to varying degrees by a number of factors, including:

- Governance: Single-tier vs. upper-tier systems
- Program design: Based on urban/rural mix of single-family homes, multi-unit residential buildings, commercial, industrial, seasonal homes and tourists, age of infrastructure, proximity to collection sites, processing sites and sellable markets
- Service levels: Frequency of collection, bag limits, single stream waste collection vs. co-collection programs, hours of operations and the number and types of materials collected
- Education: How municipalities promote, manage and enforce their garbage collection, disposal, recycling and diversion programs and services

Waste disposal can be influenced by the following factors:

- Disposal method (landfill, incineration, export, etc.)
- Presence of competitive market forces
- Landfill hours of operation
- Haulage distance to landfill site
- Success of waste diversion activities
- Number of former landfill sites under perpetual care

Ambulance Services

(sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)

Ambulance provides emergency care to stabilize a patient's condition, initiates rapid transport to hospital and facilities both emergency and non-emergency transfers between medical facilities. Factors that affect Ambulance Services costs:

- Geographic coverage/population density
- Local demographics
- Level of certification
- Specialized services

General Assistance

(sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)

Each municipality's results are influenced to varying degrees by a number of factors, including:

- **Employability:** Significant numbers of clients with one or more barriers to employment, including health barriers, lack of education and language skills, literacy levels, and lack of Canadian work experience
- **Urban form:** Client access to programs can vary due to geographical, technological, cultural or other limitations
- **Economic conditions:** Differing local labour market conditions
- **Demographics:** Family size and caseload mix

Assistance to the Aged

Some municipalities provide community programs (for example, adult day services, homemakers and meals on wheels), which provide support to clients and family caregivers. These services enable many clients to remain independent in their own homes.

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Staff mix: Ratio of registered and non-registered staff varies amongst municipalities, resulting in a higher cost structure for registered staff
- Support and type of programming provided as determined by Council
- Role of Local Health Integration Networks (LHINs): Establishing the mix of health services for a given community
- Demographics: Age of the population and specific needs of the client
- Uncontrollable price variables: Pay equity legislation and wage arbitration, availability of appropriate skilled workers
- Other providers: Charitable and private sector participating in the long-term care business

Child Care

(sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Varying levels of child poverty in municipalities result in differing needs for subsidized child care
- Costs to provide child care can be impacted by economic variables such as the cost of living in the municipality and the income levels of the residents
- Rates for child care spaces, other than those directly operated by a municipality, are set in service agreements between the municipality and the child care providers; these rates can be influenced by the level of funding available, local wage conditions, pay equity legislation, municipal policies and business practices

Social Housing

Social Housing Services provides affordable homes for individuals whose income makes it challenging to obtain adequate housing in the private rental market. A variety of housing forms are provided as follows:

- Municipally owned and operated housing (through a department or municipally owned housing corporation)
- Non-profit housing that is owned and operated by community based non-profit corporations governed by a board of directors
- Cooperative housing that is owned and operated by its members
- Rent supplement, where a private or non-profit landlord provides units to households at a rent-geared-to-income (RGI) and the municipality subsidizes the difference between that rent and the market rent for the unit

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Housing stock: Age and supply (both private and municipal), and adequacy of capital reserves to maintain them
- Demographic and economic conditions: May increase waiting list pressure, i.e. loss of local industry, rapid growth, percentage of Special Priority Policy (SPP) applicants
- Wait list management: Frequency of the service manager to update the waiting list and cancel applicants no longer actively seeking rent-geared-to-income (RGI) housing
- Portfolio mix: Older federal units are generally less costly than units built under subsequent provincial programs (fewer assisted units, lower land costs)
- Geographic conditions: Construction and land costs, higher snow removal costs in northern areas of the province, rental market availability, utility costs and usage profiles
- Tenant mix: Seniors' communities are usually less costly to operate than families and singles

Parks

Each municipality's results are influenced to varying degrees by a number of factors including:

- Service delivery: Differences in service standards established by municipal Councils, i.e. types of amenities maintained, frequency of grass cutting
- Geographic location: Varying topography affects the mix of natural and maintained hectares of parkland in each municipality
- Environmental factors: Soil composition, weather patterns
- Population density: Higher densities may mean more intense usage and require different maintenance strategies, e.g. irrigation, artificial turf, sport field and pathway lighting
- Changing demographics and community use: Increased demand for large social gatherings and various cultural activities translate into higher maintenance, signage and staff training costs

Sports and Recreation Services

The three main types of programming are:

- Registered programs: Residents register/commit to participate in structured activities such as swimming lessons, dance or fitness classes or day camps; some municipalities also include house leagues, e.g. baseball, basketball, hockey, soccer
- Drop-in programs: Residents are not required to register and are able to participate in structured or unstructured sports and recreation activities such as public swimming or skating, basketball, fitness or open access to gyms
- Permitted programs: Residents and/or community organizations obtain permits for short-term rental of sports and recreation facilities such as sports fields, meeting rooms and arenas

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Recreation facilities: Number of facilities, mix of facility types and age of facilities
- Programming: Variety of recreation program types offered, number and extent of age groups with targeted programming; frequency and times of program offerings; class length; mix of instructional vs. drop-in vs. permitted programming
- Transportation: Access and the number of program locations
- Collective agreements: Differences in wage rates and staffing structures

Library

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Access: Number and size of branches and hours of operation mean municipalities with lower population densities may require more library branches and more service hours to provide services to residents within a reasonable distance
- Collections: Size and mix, as well as number of languages supported
- Library use: Mix, variety and depth of library uses and the varying amount of staff resources
- Demographics: Socio-economic and cultural make-up of the population served

Planning

Each municipality's results are influenced to varying degrees by a number of factors, including:

- **Municipal governance:** Single-tier vs. upper or two-tier; the review process can be impacted by the requirement for a dual role; some types of applications are not processed by upper-tier governments
- **Organization structure:** Differing models can affect both the application review process, i.e. departments outside of Planning, and the number of activities beyond application processing including growth management
- **Public consultation:** Costs to process an application can be impacted by local Council decisions regarding opportunities for public input to the planning process
- **Application variables:** Type, mix, and complexity (in terms of scope and magnitude) of applications received

Select User Fees and Revenue Information

User Fees

Analyzing the revenue structure will help to identify the following types of problems:

- Deterioration of revenue base
- Practices and policies that may adversely affect revenue yields
- Poor revenue-estimating practices
- Efficiency of the collection and administration of revenues
- Overdependence on intergovernmental revenue sources
- User fees that are not covering the cost of services
- Changes in the tax burden on various segments of the population

This section includes:

- *Development Charges*
- *Building Permit Fees*
- *Commercial Solid Waste Tipping Fees*
- *Transit Fares*
- *Stormwater Utility Rates and Practices*

Fees are addressed in Part XII, section 391 of the Municipal Act. The Act states that a municipality may pass by-laws imposing fees or charges on any class of persons:

- For services or activities provided or done by, or on behalf of, this class of persons;
- For costs payable by it for services or activities provided or done by, or on behalf of, any other municipality;
- For the use of its property including property under its control; and
- For capital costs payable by it for wastewater and water services or activities which will be provided, or done on behalf of it, after the fees or charges are imposed.

Development Charges

The recovery of costs by Ontario municipalities for capital infrastructure required to support new growth is governed by *Development Charges Act (1997)* and supporting regulations.

To determine a development charge, a municipality must first do a background study. The background study provides a detailed overview of a municipality's anticipated growth, both residential and non-residential; the services needed to meet the demands of growth; and a detailed account of the capital costs for each infrastructure project needed to support the growth. The growth-related capital costs identified in the study are then subject to deductions and adjustments required by the legislation. They include:

- Identifying services ineligible for a development charge
- Requiring a service level cap tied to a ten-year historical average
- Reducing capital costs by the amount of growth-related infrastructure that benefits existing development
- Reducing capital costs by an amount that reflects any excess capacity for a particular service
- Reducing capital costs by adjusting for grants, subsidies or other contributions
- Reducing capital costs for soft services (e.g. parkland development, libraries) by 10 per cent

Under the current **Development Charges Act, 1997**, municipalities may apply development charges in ways that best suit their local growth-related needs and priorities. A number of municipalities use reductions or exemptions of development charges as an incentive for directing land development and building to areas such as downtown cores, industrial and commercial areas and to transit nodes and corridors, where higher-density growth is desired.

Municipalities may also calculate area-related development charges based on the direct infrastructure costs related to growth within a catchment area. Frequently, area-related charges are established to differentiate between existing serviced areas and greenfield lands requiring a major investment in infrastructure.

Comparison of Development Charges

In comparing development charges, you cannot always directly compare the DC rates of municipalities as "apples to apples". Every municipality individually determines what services will be recovered from DCs. While there are many services that are commonly included as DC rate components, (e.g. wastewater treatment, water, roads, etc.), some municipalities may choose to fund growth-related capital costs through tax-supported sources. The range of services included in DC rates can have a significant impact on the amount of the charge.

Southwest	\$ 22,437	\$ 15,648	\$ 13,366	\$ 9,693	\$ 7.99	\$ 6.66
Niagara	\$ 42,096	\$ 29,870	\$ 27,999	\$ 17,751	\$ 22.58	\$ 10.24
Waterloo/Wellington	\$ 42,474	\$ 32,346	\$ 25,232	\$ 22,198	\$ 17.03	\$ 11.81
Simcoe/Musk./Duff.	\$ 45,117	\$ 37,487	\$ 29,054	\$ 22,410	\$ 15.71	\$ 13.28
GTHA	\$ 103,030	\$ 83,909	\$ 64,672	\$ 44,728	\$ 53.80	\$ 25.89

As shown above, there is a significant range in the development charges by geographic location, with the average in the GTHA over double that of the other geographic locations.

Building Permit Fees

Bill 124, the *Building Code Statute Amendment Act, 2002* was given Royal assent on June 27, 2002 and subsequently amended the *Building Code Act, 1992* as it relates to imposing fees. As such, municipalities across Ontario review and update their fees to ensure compliance with the Act. With respect to establishing fees under the *Building Code Act*, Section 7 of the Act provides municipalities with general powers to impose fees through passage of a by-law. The Council of a municipality may pass by-laws:

- Requiring the payment of fees on applications for issuance of permits and for prescribing the amounts thereof
- Providing for refunds of fees under such circumstances as are prescribed

The *Building Code Statute Law Amendment Act, 2002* imposed additional requirements on municipalities in establishing fees under the Act, in that "The total amount of the fees authorized under clause (1) (c) must not exceed the anticipated reasonable cost of the principal authority to administer and enforce this Act in its area of jurisdiction."

In addition, the amendments also require municipalities to:

- Reduce fees to reflect the portion of service performed by a Registered Code Agency
- Prepare and make available to the public annual reports with respects to the fees imposed under the Act and associated costs
- Undertake a public process, including notice and public meeting requirements, when a change in the fees is proposed

O.Reg. 305/03 is the associated regulation arising from the *Building Code Statute Law Amendment Act, 2002*. The regulation provides details on the contents of the annual report and the public requirements for the imposition or change in fees. Section 11.2 of Bill 124 restricts the use of building permit revenues to recover only the "reasonable anticipated costs" of activities mandated by the *Building Code Act*.

BMA Calculations

Assessed value of a house was \$297,000 with 167 m² living space.

Stormwater Utility

Most municipalities are facing increasing infrastructure backlogs, funding gaps, and increasing financial pressures in infrastructure management. These challenges have been driven by several trends over the last decade, including:

- Aging infrastructure that create large needs for capital replacement, renewal, and rehabilitation;
- Environmental and public health issues, which demand new investments for higher service levels;
- Limited ability to raise funds from property taxes, due to resistance to increases in property taxes;
- Resulting competition for resources (tax revenues), from other municipal responsibilities; and
- More rigorous regulatory and design standards for water, wastewater and storm operations.

Historically, in most Ontario municipalities stormwater management has been financed with general revenue from property taxes or water/wastewater rates. The trend experienced over the past decade in Canada is to move stormwater management to a separate utility. A separate utility funding model for stormwater management provides the following benefits, as identified in research undertaken across Canada:

- Costs are isolated from the municipality's other operations and generally allow a municipality the ability to budget programs and projects based on a realistic and dependable revenue stream;
- Dedicated or earmarked funding helps ensure that funds are available when needed;
- Costs and benefits can be more equitably distributed using a utility rate structure; and
- Applicable for use on a municipal-wide basis and across all land use types.

Stormwater Utility

There are a number of Ontario municipalities that recover stormwater management costs from a stormwater utility rate. The following provides a summary of the municipalities that have a stormwater utility rate.

Municipality	Type of Structure
Aurora	Flat monthly rates; residential and non-residential (including multi-residential)
Guelph	Flat monthly rate for residential, multi-residential/condos pay a flat rate of residential for each unit, non-residential based on the Equivalent Residential Unit (ERU). ERU is 188 m ²
Kitchener	16 flat monthly rates based on size of property and impervious area
London	Flat monthly rates for properties under 0.4 hectares; per hectare rate for larger properties
Markham	Flat residential monthly rate and cost per CVA for non-residential properties
Middlesex Centre	Flat monthly rates for properties under 0.4 hectares; per hectare rate for larger properties
Mississauga	Flat rates based on residential billing unit equivalent. There are 5 residential rates. Multi-residential and non-residential is based on the total hard surface area divided by a single ERU of 267 m ² multiplied by the stormwater rate
Newmarket	Based on the size of the property times runoff group rate. Three categories Low, Medium, High (Low – vacant properties, golf course, natural areas; Medium – residential and institutional; High – commercial, industrial and mixed use)
North Middlesex	Flat yearly rate for all residents
Orillia	Flat rates for residential properties, while all other properties on a tiered system of fees based on calculated impervious areas. ERU is 188 m ²
Ottawa	Annual stormwater service fees for urban single/semi
Port Colborne	Flat rates based on multipliers from single family detached base charge
St. Thomas	Flat monthly rates for all properties except ICI which is on a per hectare basis greater than 1,800 m ²
Vaughan	3 flat residential rates – Low, Medium, High; Agricultural/Vacant rate and 4 Non-Residential rates based on acreage
Waterloo	12 flat monthly rates – Low, Medium and High for Residential, Multi-Residential, Institutional, Industrial/Commercial
Whitchurch-Stouffville	Annual rate for each residential property serviced by municipal water and sanitary sewer services

Stormwater Utility - Residential Comparison

The following reflects the annual residential cost of stormwater for a residential medium density home in 2022.

	2022 Annual Storm Residential Medium
Whitchurch-Stouffville	\$ 34

Ottawa	\$ 167
Waterloo	\$ 172
Middlesex Centre	\$ 188
Kitchener	\$ 208
London	\$ 216
Average	\$ 116

Tax Policies

Tax Policies

The relative tax burden in each class of property will be impacted by the type of tax policies implemented in each municipality. As such, an analysis of the 2022 tax policies that impact the relative tax position was completed and has been summarized to include the following:

- *Comparison of Tax Ratios*
- *Delegation*
- *Summary of Optional Classes*

Comparison of Tax Ratios

Tax ratios reflect how a property class' tax rate compares to the residential rate. Changes in tax ratios affect the relative tax burden between classes of properties. Tax ratios can be used to prevent large shifts of the tax burden caused by relative changes in assessment among property classes as well as to lower the tax rates on a particular class or classes.

Delegation

The Municipal Act allows upper-tier municipalities to delegate the responsibility of setting tax ratios to its lower-tier municipalities, rather than setting region-wide tax rates for the upper-tier's share of the property tax burden. Upper-tier municipalities that choose to delegate this authority must develop an apportionment methodology to determine the amount of the upper-tier levy that each of the lower-tier municipalities would be required to raise. Delegation requires unanimous lower-tier agreement as well as approval from the Minister of Finance.

The Region of Peel has delegated its authority to set tax ratios to its lower-tier municipalities since 1998. It is currently the only upper-tier municipality in Ontario delegating its authority to its lower-tier municipalities.

Summary of Optional Classes

In addition to the core property classes, the Minister of Finance established eight additional optional classes in the Assessment Act. The advantage of creating an optional class is that it provides additional flexibility to tax properties within these classes at a different rate compared to the broader class. Municipalities have the option of establishing any of the optional property classes allowed in the legislation. Optional Classes include:

- New Multi-Residential
- Office Buildings
- Shopping Centres
- Parking Lots
- Large Industrial

Provincial Ranges of Fairness

The "Range of Fairness" represent what the Province determines is a fair level of taxation for various types of properties relative to the tax burden on the residential class. These ranges ensure that taxes are not shifted onto properties that are already subject to high/low tax rates. Municipalities can leave their tax ratios at their current level or elect to move towards the ranges of fairness. The following table summarizes the Provincially Legislated Ranges of Fairness:

	Range of Fairness
Residential	1.00
Multi-Residential	1.00-1.10
New Multi-Residential	1.00-1.10
Commercial	0.60-1.10
Industrial	0.60-1.10
Pipelines	0.60-0.70
Farmlands	0-0.25
Managed Forests	0.25

Comparison of Relative Taxes

Comparison of Relative Taxes

The purpose of this section of the report is to undertake "like" property comparisons across each municipality and across various property types. In total, 12 property types were defined based on those property types that were of most interest to the participating municipalities and that represented all potential optional classes. The Residential, Multi-Residential, Commercial, and Industrial classes are represented in the study.

The relative taxes are calculated by taking current value assessment of the sample properties in this section of the report and applying the total property tax rates for each classification of property. This uses the current reassessment based on property values as of January 1, 2016, and the phase-in cycle applies to the 2022 taxation years in this report.

As part of the Ontario Government's Budget on March 24, 2020, the Minister of Finance announced the Province's decision to once again postpone a province-wide property assessment update due to the COVID pandemic.

Property assessments for the 2022 property tax year will continue to be based on January 1, 2016 current values. This means properties' assessments remain the same as it was for the 2021 tax year, unless there have been changes to properties, for example:

- A change to a property including an addition, new construction, or renovation
- A structure on a property that was assessed for the first time
- A change to a property's classification
- A property no longer qualifies as farmland, conservation land or managed forests
- All or part of a property no longer qualifies to be tax exempt

Current Value Assessment is defined as the amount of money a property would realize if sold at arm's length (by a willing seller to a willing buyer with no relationship to each other). To calculate a property's assessed value, MPAC analyzes market information from similar types of property in the vicinity.

While all properties are evaluated using current value assessment, there are three methods used for this analysis:

- the selling price of a property (residential)
- the rental income a property generates (office building)
- the cost to replace a property (industrial)

Each method takes into consideration the location of a property, the size and quality of any buildings and features which might enhance or reduce a property's value.

Comparison of Relative Taxes

In order to calculate the relative tax burden of "like" properties, every effort was made to select a sample of properties within each municipality for each property to hold constant those factors deemed to be most critical in determining a property's assessed value using property descriptions as outlined on the next page. However, given the number of factors used to calculate the assessed value for each property, and the inability to quantify each of these factors, the results should be used to provide the reader with **overall trends** rather than exact differences in relative tax burdens between municipalities. By selecting multiple property types within each taxing class (Residential, Multi-Residential, Commercial, and Industrial), and by selecting multiple properties from within each municipality and property subtype, where available, the likelihood of anomalies in the database has been reduced. However, it is recommended that focus should be on the trends rather than the absolutes.

There are many reasons for differences in relative tax burdens across municipalities and across property classes. These include, but are not limited, to the following:

- The values of like properties vary significantly across municipalities
- The tax burden on the different property classes within a municipality varies based on the tax ratios
- The use of optional property classes
- Non-uniform education tax rates in the non-residential classes
- The level of service provided and the associated costs of providing these services
- Access to other sources of revenues such as dividends from hydro utilities, gaming and casino revenues, user fees, etc.

Notes

Urban rates were used in each municipality where there is area rating. The City of Toronto, due to the size and current value assessment differentials across the City, has been divided into four areas: North, South, East and West. For some property types, municipalities are not represented due to the lack of comparable properties available or a decision by the municipality not to include a particular category in the analysis.

Description of Comparable Properties Used in the Analysis

- ***Residential - Single Family Detached Home*** - A detached three-bedroom single storey home with 1.5 bathrooms and a one car garage. Total area of the house is approximately 1,200 sq.ft. and the property is situated on a lot that is approximately 5,500 sq.ft. In smaller more rural municipalities it was sometimes necessary to use larger lot sizes. Comparison of taxes on a per household basis.
- ***Residential - 2 Storey*** - A two storey, three bedroom home with 2.5 bathrooms, two car garage. Total area of the house is approximately 2,000 sq.ft. on a lot approximately 4,000-5,000 sq.ft. Comparison of taxes on a per household basis.
- ***Residential - Senior Executive*** - A two-storey, four of five bedroom home with three bathrooms, main floor family room plus atrium or library. A full unfinished basement and an attached two car garage. The house is approximately 3,000 sq.ft., with an approximate lot size of 6,700 sq.ft. Comparison of taxes on a per household basis.
- ***Multi-Residential - Walk-up Apartment*** - Multi-residential, more than six self-contained units but does not include row housing. Typically this type of property is older construction, two to four storeys high. Comparison of taxes on a per unit basis.
- ***Multi-Residential - Mid/High-Rise Apartment*** - Multi-residential, more than six self-contained units and four+ storeys but does not include row housing. Comparison of taxes on a per unit basis.
- ***Commercial - Neighbourhood Shopping Centre*** - A neighbourhood shopping centre is typically the smallest type of center comprised of retail tenants that cater to everyday needs such as drugstores, convenience stores and hardware stores. Size varies from 4,000 to 100,000 sq.ft. Comparison of taxes on a per square foot of floor area.
- ***Commercial - Office Building Class*** - Selection was focused on buildings in prime locations within the municipality. Comparison of taxes on a per square foot of gross leasable area basis.
- ***Commercial - Hotel*** - Typically over 100 rooms. Comparison of taxes on a per suite basis.
- ***Commercial - Motel*** - Typically newer construction, franchised. Comparison of taxes on a per suite basis.
- ***Industrial - Vacant Land*** - Selection of properties were based on serviced land under 5 acres. Comparison of taxes on a per acre basis.
- ***Industrial - Large Industrial*** - Greater than 125,000 sq.ft. Comparison of taxes on a per square foot of floor area basis.
- ***Industrial - Standard Industrial*** - Under 125,000 sq.ft. in size typically characterized by newer construction and flexible design. Comparison of taxes on a per square foot of floor area basis.

Water/Wastewater

Water and Wastewater Financial Information and Analysis

This section of the report includes the following financial information and analysis:

- *Water and Wastewater Rate Structure Overview*
 - *Comparison of Residential Water/WW Fixed Costs as a % of Total Annual Water/WW Costs*
 - *Comparison of Frequency of Billing*
 - *Comparison of Water versus Wastewater Revenues*
 - *Comparison of Type of Rate Structure*
 - *Comparison of Water/Wastewater Costs*
- *Water/Wastewater as a % of Average Household Income*
- *Storm Utilities (NEW)*
- *Financial Indicators*
 - *Water/WW Asset Consumption Ratio*
 - *Water/WW Reserves as a % of Own Source Revenues*
 - *Water/WW Reserves as a % of Accumulated Amortization*
 - *Water/WW Debt Interest Cover Ratio*
 - *Water/WW Net Financial Liabilities Ratio*

Water and Wastewater Rate Structure

The establishment of water and wastewater rates is a municipal responsibility and the absence of standard procedures across Ontario has resulted in the evolution of a great variety of rate structure formats. It is important that rates be based on sound policies and principles and that they are defensible by staff and Council. There are recognized processes to be followed in undertaking water/wastewater rate studies, published by various industry leaders including the American and Canadian Waterworks Association (AWWA and CWWA). Municipalities, however, are limited in their options based on the availability of information to calculate class rate structures.

BMA has undertaken water and wastewater rate studies on behalf of numerous municipalities. During these studies, our findings are consistent with that of the CWWA which states that, despite industry trends in rate setting, there is, and always will be, a lot of variation in rate setting practices given that there is no single rate setting approach or rate structure. Municipalities have different objectives in setting rates including, but not limited to:

- Conservation
- Revenue Stability
- Fairness
- Economic Development
- Financial Sufficiency
- Rate Stability
- Ease of Implementation
- Ease of Understanding

The process typically followed by municipalities in setting water and wastewater rates is to:

- Identify Evaluation Criteria/Objectives
- Identify Revenue Requirements for each Service
- Allocate Costs - Capital, Operating & Maintenance
- Calculate Unit Costs - Allocate Fixed and Volumetric Costs
- Design the Rate Structure - Inclining, Declining, Uniform, # of Blocks, etc.
- Assess the Effectiveness in meeting the Objectives
- Assess the Impact on Various Classes and Types of Users

Fixed Costs

As stated by the CWWA, at the heart of the methodology for setting water rates is the concept of a two-part rate structure; a volumetric charge and a fixed charge. Municipalities must determine whether to separately charge a fixed cost to its customers and to determine the types of costs that are to be recovered from a monthly charge. These decisions are made, as well, based on the overall objectives of the municipality. For example, a high allocation to the fixed charge is generally not practical since it results in a volumetric charge that is too low relative to the fixed charge. This is not recommended if water efficiency is an important objective in rate setting. While a high allocation of capital costs to volume will promote water efficiency, there is an increased revenue risk brought about by the increased reliance on the volumetric charge to recover fixed costs.

The table on the next page summarizes the allocation of costs that are being recovered from a fixed monthly charge across the survey using a Residential customer consuming 200 m³. It should be noted that the percentage of fixed will vary within a municipality depending on the amount of water consumed and the type of customer. This example provides the allocation on a typical Residential customer for comparative purposes.

- 104 of the 115 municipalities (two municipalities don't have water), charge a monthly fixed charge to their customers to recover customer related costs.
- The extent to which fixed monthly charges as a percentage of the total residential bill varies from a low of 0% to a high of 100%

Volumetric Rate Structure

There are a number of different rate structures used by municipalities. The following summarizes the most common types of rate structures:

- Uniform Rate Structure (U in the table in the next several pages) - The most common rate structure is the uniform rate for water and wastewater services. A uniform rate structure means that the price per unit remains constant despite consumption and despite the class of user. The cost is calculated by dividing the total cost of the service by the total volume used by customers.
- Declining (Regressive) Block Rate Structure (D in the table in the next several pages) - In a declining block rate structure, the unit price of water decreases as the volume consumed increases. This structure charges low volume users the highest rate, which is often residential consumers. Declining rate structures are the second most common type of rate structure.
- Inclining (Progressive) Rate Structure (I in the table in the next several pages) - The main objective of an increasing block structure is to encourage conservation. The rates in an inclining (progressive) rate structure increase as consumption increases by establishing thresholds or blocks at which the rate would change. For inclining block rate structures, the block (quantity) shift points are generally based upon the unique demand characteristics of each user class and are focused on user demand points to enhance water usage awareness. Customer awareness, combined with price incentives, are critical elements in modifying consumption behavior.
- Humpback Rate Structure (H in the table in the next several pages) - A humpback rate structure uses a combination of increasing and decreasing block rates: rates first increase, then decrease in steps as consumption increases. This approach targets high volume users, and then provides lower cost for very high volume users.

The next several pages summarize the type of rate structure employed in each municipality. Four columns have been included as some municipalities employ a different type of rate structure for Residential and Non-Residential properties and also for water and wastewater services. The following table summarizes the results:

Municipality	Water Residential	Water Non-Res.	WW Residential	WW Non-Res.
Uniform	65%	67%	66%	68%
Declining	10%	13%	10%	13%
Inclining	12%	10%	11%	9%
Humpback	10%	10%	10%	10%
Flat	3%	1%	4%	1%
Total	100%	100%	100%	100%

Water and Wastewater Financial Indicators

Ontario municipalities that are responsible for the provision of drinking water are required to meet the requirements set out in the Financial Plans Regulations O.Reg.453/07. Ontario Reg. 453/07 provides the following parameters with regards to s.30 (1) part b of the SDWA for new water systems:

- Financial plan must be approved by Council resolution (or governing body) indicating that the drinking water system is financially viable;
- Financial plan must include a statement that the financial impacts have been considered and apply for a minimum six year period (commencing when the system first serves the public);
- Financial plan must include detail regarding proposed or projected financial operations itemized by total revenues, total expenses, annual surplus/deficit and accumulated surplus/deficit (i.e. the components of a "Statement of Operations" as per PSAB) for each year in which the financial plans apply;
- Financial plans are to be made available to the public upon request and at no charge;
- If a website is maintained, financial plans are to be made available to the public through publication on the Internet at no charge; and
- Notice of the availability of the financial plans is to be given to the public.

The Ministry of the Environment released a guideline ("Towards Financially Sustainable Drinking-Water and Wastewater Systems") that provides possible approaches to achieving sustainability. The Province's Principles of Financially Sustainable Water and Wastewater Services are provided below:

- **Principle #1:** Ongoing public engagement and transparency can build support for, and confidence in, financial plans and the system(s) to which they relate.
- **Principle #2:** An integrated approach to planning among water, wastewater, and storm water systems is desirable given the inherent relationship among these services.
- **Principle #3:** Revenues collected for the provision of water and wastewater services should ultimately be used to meet the needs of those services.
- **Principle #4:** Life-cycle planning with mid-course corrections is preferable to planning over the short-term, or not planning at all.
- **Principle #5:** An asset management plan is a key input to the development of a financial plan.
- **Principle #6:** A sustainable level of revenue allows for reliable service that meets or exceeds environmental protection standards, while providing sufficient resources for future rehabilitation and replacement needs.

- **Principle #7:** Ensuring users pay for the services they are provided leads to equitable outcomes and can improve conservation. In general, metering and the use of rates can help ensure users pay for services received.
- **Principle #8:** Financial Plans are "living" documents that require continuous improvement. Comparing the accuracy of financial projections with actual results can lead to improved planning in the future.
- **Principle #9:** Financial plans benefit from the close collaboration of various groups, including engineers, accountants, auditors, utility staff, and municipal council.

Monitoring of the financial indicators guide planning and decision making will help ensure that:

- Assets are protected and maintained
- Rates are stable and predictable
- There is a fair sharing in the distribution of future and current ratepayers
- There are sustainable cash flows
- There is financial flexibility
- Financial vulnerability is minimized

Past financial performance should be assessed relative to the financial indicators. This will reveal any areas of a municipality's financial strategies that require particular focus in order to secure ongoing financial sustainability.

Asset Consumption Ratio

This ratio shows the value of the tangible capital assets that have been consumed. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The Ministry of Municipal Affairs and Housing considers a ratio of 25% or under to be relatively new; 26%-50% to be moderately new; 51%-75% to be moderately old and over 75% to be old.

Water Debt Interest Cover Ratio

This ratio indicates the extent to which rate revenues are committed to interest expenses and is calculated as Debt Interest as a percentage of water revenues. It is important to monitor this trend to help ensure that debt interest does not overly reduce flexibility.

Water Net Financial Liabilities Ratio

Net Financial Ratio is debt principal outstanding minus reserves as a percentage of operating revenue. This Ratio indicates the extent to which financial liabilities could be met by its operating revenue. Where this ratio is falling it indicates that the municipality's capacity to meet its financial obligations from operating revenue is strengthening. An increase in the net financial liabilities ratio means that a municipality is incurring higher net operating costs (e.g. as a result of additional maintenance and amortization costs associated with acquiring new assets). There is no optimal number or range for this indicator. What is important is that a municipality understands and is comfortable with the ratio that has been determined based on future needs and long term financial sustainability.

Average Municipal Burden as a % of Income

Taxes and Water and Wastewater Costs as a Percentage of Income

A comparison was made earlier in the report of relative property tax burdens and water/wastewater costs on comparable properties. This section of the report provides a comparison of the allocation of gross income to fund municipal services on a typical household in each municipality.

The approach used to calculate taxes as a percentage of income was to compare the average income in a municipality from the 2022 Manifold Data Mining report against the tax burden on a typical home in the municipality using weighted median dwelling values and applying the 2022 residential tax rates for each municipality.

A comparison was also made with the inclusion of water and wastewater costs on a typical Residential property. This assumed an average annual consumption of 200 m³.

Average Household Income and Dwelling Value

Economic Development Programs

Economic Development Programs

Many communities are struggling to maintain a competitive advantage in a rapidly changing global economy. There are many forms of economic development programs used across Ontario to encourage growth. Programs to promote economic development include, but are not limited to:

- Grants
- Interest Free Loans
- Tax Incremental Financing
- Corporate Visitation Programs
- Ambassador Programs
- Refund/waiving of fees
- Business Enterprise Centres
- Municipal land assembly
- Brownfield programs
- Downtown programs
- Heritage restoration programs
- Developing networks and business directories
- Developing newsletters

These activities are directly linked to the long term ability of communities to foster new public and private investment, create employment opportunities, increase income levels and reduce poverty.

The report focuses on the following key areas of economic development programs.

- **Business Retention & Expansion Programs**
- **Downtown/Area Specific Programs**
- **Brownfield Redevelopment**

Legislation

Ontario Legislation

The following section provides an overview of various Ontario legislation related to financial assistance and other financial incentives that may be used to encourage development and redevelopment in municipalities. This information has been taken from excerpts from a Ministry of Municipal Affairs and Housing document “Municipal Financial Tools for Planning and Development”.

Municipal Act

The Municipal Act (subsection 111(1)) prohibits municipalities from directly or indirectly assisting any manufacturing business or other industrial or commercial enterprise through the granting of bonuses. Notwithstanding the bonusing rule, subsection 111 (2) of the Municipal Act permits, with the Ministry of Municipal Affairs approval, certain financial assistance for the purpose of implementing a community improvement plan that has been adopted under the provision of Section 28 of the Planning Act.

Planning Act

Section 28 of the Planning Act sets out the authority for municipalities to designate community improvement project areas and adopt community improvement plans. This is done through a legal process involving public notice, a public meeting and the right of appeal. Once approved by the Ministry of Municipal Affairs and Housing, a community improvement plan can provide municipalities with broad powers to acquire, hold, clear, lease and sell land in designated areas for the purposes of community improvement.

Once a municipality has approved community improvement policies and designated a community improvement project area, it may use the powers afforded through subsection 28(7) to issue grants or loans to registered or assessed owners of lands and buildings within the designated areas.

Ontario Heritage Act

Sections 39 and 45 of the Ontario Heritage Act allows municipalities to make grants or loans to owners of heritage designated properties. These grants or loans are to pay for all, or part of, the cost of alteration of the designated property, on terms and conditions established by municipal council.

Development Charges Act

The Development Charges Act, 1997 provides the legal basis for Ontario municipalities to impose growth-related development charges in order to recover some or all of the capital costs of new municipal infrastructure requirements resulting from new development. The services eligible to be funded from this source include transportation (roads and transit), sewer, water and other services that must be provided to serve residential and non-residential growth.

Paragraph 10 of subsection 5(1) of the Development Charges Act, 1997 permits municipalities to give full or partial exemption for some types of development. In the interest of economic competitiveness and job creation or preservation, many Ontario municipalities have chosen to use this section to wholly or partially exempt new industrial development and larger expansions of existing industrial buildings from the imposition of local development charges.

Under subsection 2(7) of the Development Charges Act, 1997, municipalities may exempt areas of the municipality from the application of a development charges bylaw. Such areas could include a downtown or development area, including community improvement project areas under the Planning Act. Municipalities may also adopt area by-laws not including a specific area.

Bill 56—Brownfield Statute Amendment Act

Brownfields are defined by the Province as derelict, dysfunctional or under-used industrial and commercial facilities where expansion or redevelopment is complicated by real or perceived contamination. Despite the complexity of developing these properties, they are often in desirable and strategic locations. Redeveloping brownfields means transforming environmentally challenged properties into productive properties. Brownfields are lands on which industrial or commercial activity took place in the past. They may be vacant, underused or abandoned. Brownfields are usually located in strategic areas of the community, with existing transportation, infrastructure and facilities and close to or in the downtown core.

The Act removes the main barriers to brownfield cleanup and redevelopment. It sets out clear rules for the cleanup of contaminated brownfield sites to ensure that the environmental liability standards are met and public health protected. It would limit future environmental liability for municipalities, developers and owners of brownfields properties. In addition, it streamlines the planning process to expedite brownfield projects and help municipalities provide financial support for brownfield clean up costs.

Section 365.1 of the Municipal Act allows municipalities to adopt a Brownfields Financial Tax Incentive Program (BFTIP). This is a financing tool that provides municipal property tax assistance to landowners redeveloping brownfields. Municipalities offering the tax incentive can apply to the Province to receive matching education property tax assistance to increase the amount of assistance available to the landowner.

Section 365.2 of the Municipal Act establishes the Heritage Property Tax Relief (HPTR) program whereby municipalities may pass a by-law to establish a local HPTR program to provide tax relief (between 10% and 40%) to owners of eligible heritage properties, subject to an agreement to protect the heritage features of their properties, subject to an agreement to protect the heritage features of their properties. Eligible heritage properties include designated properties under Part IV or Part V of the Ontario Heritage Act.

Business Retention & Expansion Programs

Ajax

The Town offers entrepreneurial programs (**UpNext Ajax**), **PriorityPath** (accelerated processing, pre-servicing). There are also local business services and organizations:

- The **Ajax-Pickering Board of Trade**'s mission is to encourage and foster free enterprise and economic development. The Board of Trade hosts various networking events and annual activities, advocate to various levels of government on behalf of business and offer membership benefits such as insurance and retail discounts
- The **Business Advisory Centre of Durham (BACD)** is a regionally focused organization that serves start-ups, new businesses as well as existing businesses seeking services to assist in growth initiatives.
- The **Spark Centre** serves technology and innovation entrepreneurs who require knowledge and support to launch, develop, and grow. We are dedicated to economic growth and sustainability in Durham Region and Northumberland County. Through Collaboration with funders and stakeholders we are building a world-class innovation centre
- **Community Development Centre Durham (CDCD)** is an independent, not-for-profit social planning organization that has been working to enhance the quality of life for individuals, families and communities in Durham for more than 40 years
- **Durham Immigration Portal** is a one-stop, community-based immigration web portal, designed to welcome, support, attract and retain skilled newcomers, newcomer entrepreneurs, and new residents
- **Startup Durham**

Business Retention & Expansion Programs

Aurora

The Town of Aurora has implemented a number of initiatives to promote economic development which include, but are not limited to, the following:

- **Business Networking/Information Seminars**—Town staff host these sessions semi-annually, some in conjunction with the Aurora Chamber of Commerce.
- **Business Newsletter**— Semi-annual publication
- **Aurora Business Ambassadors Program**— Ambassadors provide important feedback to Town staff on a variety of business issues as well as contacts with national and international companies.
- **Corporate Visitation Program** —On a monthly basis, a team of Town officials visit a local business in order to meet company representatives, tour facilities and discuss issues of importance.
- **Investment Retention & Attraction Strategy**—The EDO gathers community intelligence, prepares economic market information and provides a liaison between municipal government and local businesses.
- **Development Coordination Role**—The Economic Development Division staff undertake a ‘One-investors in navigating the municipal approvals process.Point-Of-Contact’ role, working closely with the development community to assist non-residential

Barrie

Invest Barrie purpose: To unite and collaborate within the community to deliver supports, programs and services that ignite economic growth and promote diversification, innovation and resilience in business, arts and culture. Business Retention & Expansion initiatives include:

- **Proactive business visitation program:** Meet regularly with local businesses to discuss market conditions, barriers/opportunities for growth and make programming and resource connections, in addition to resolving issues, where required.
- **Talent/workforce attraction initiatives:** Collaborate regionally to connect employers to the local labour pool; to identify, develop and attract necessary workforce; to encourage new and emerging industries; to inspire people to start new local businesses; and to encourage co-op and internship placements. Examples include job fairs, Work in Simcoe job aggregator site, Edge Factor Information Portal, and the Skills Development Fund project which is a \$1million provincially funded project with Georgian College to address skills development and labour shortages within the manufacturing sector by delivering program training and services to support labour market skills development.
- **Expansion and relocation support:**
 - Support businesses with their expansion or relocation within Barrie through site selection and or development process facilitation support.
 - Support businesses through the development processes or coordinate business issue resolution while identifying opportunities to improve customer service and internal processes.

Business Retention & Expansion Programs

Barrie Cont'd

- **Marketing and communications:**
 - Collect, analyze, and provide demographic and statistical information, and market research to businesses, and provide a current community profile.
 - Using the Investbarrie.ca website, e-newsletter, blogs, and social media, showcase businesses and initiatives that tell the 'Barrie Story' to provide local business promotion and position Barrie as a desirable location destination.
- **Innovation programming:** Support a culture of innovation by celebrating community innovators and delivering programming to position the City as an innovative community including the Manufacturing Innovation Summit and Mayor's Innovation Awards.
- **Strategic community partnerships:** Leverage resources and funding from local, regional and provincial partners to further common economic development goals. Partners include other local municipalities, provincial and federal governments, the Barrie Chamber of Commerce, Tourism Barrie, Downtown Business Association (BIA), local post-secondary institutions, the Sandbox Centre, arts organizations, workforce development organizations, among others.
- **Business and Employer Data Survey and Business Directory:** Conduct door to door interviews with all bricks-and-mortar businesses to collect key data on business location, type of business and employment. The data is collected to monitor economic trends, support business retention, and expansion, forecast infrastructure needs, and assist with transportation planning.
- **Entrepreneur and small business support:**
 - Entrepreneurial ecosystem growth through collaboration with our partners (Sandbox Centre, Small Business Centre, Henry Bernick Entrepreneurship Centre, Georgian College, County of Simcoe, Lakehead University and others on program development, events and strategic initiatives.
 - Small Business Centre of Barrie, Simcoe County and Orillia suite of services including business feasibility and guidance; one-on-one business plan consultations; advice on permits, licenses and regulatory requirements; coaching for a range of business challenges; training and networking opportunities; referrals to business support services, including business incubators, government programs and shared workspaces; Starter Company and Summer Company Programs; and the Xcelerate Summit.
- **Arts and culture:** Raise the capacity and profile of the Arts community through the delivery of an annual awards program, offering educational workshops and training for arts businesses and organizations, and providing connections to mentors, support programs for emerging artists, public art program and an Arts & Culture Investment Fund.

Business Retention & Expansion Programs

Barrie Cont'd

- **Tourism development & Municipal Accommodation Tax:** Working with the local Destination Marketing Organization to execute on the recommendations of the Tourism Master Plan to maximize the success of tourism related businesses and the contribution of the tourism sector as an economic driver as well as to increase Municipal Accommodation Tax (MAT) collection for re-investment into the tourism industry through increased overnight stays.
- **Employment Land Strategy:** To meet the City of Barrie's employment targets and wider growth management vision, the city must have available serviced, shovel-ready parcels of employment land ready for development. The goal of the Employment Lands Strategy is to identify feasible options of appropriately sized, serviced, shovel-ready employment land ready for business investment, which will improve Barrie's economic competitiveness and provide options for local business expansion.
- **Foster a vibrant Downtown Economic Corridor:** Position the downtown as a creative and employment hub for creative and knowledge-based industries and a showcase for the city's historical, architectural, artistic and cultural assets. Foster the growth and creation of projects and assets, such as the Sandbox Centre, Small Business Centre, Five Points Theatre, a permanent market, etc., that support a vibrant city centre. Develop a strategic partnership with the Downtown BIA to address business needs, promote the downtown as an investment destination, and cultivate programming and initiatives that continue support for the downtown and downtown businesses.
- **COVID-19 Business Recovery Support:** Execute on the COVID-19 Business Recovery Action Plan built through consultation with local businesses, stakeholders and the general public, to identify local initiatives to help the recovery process such as support local campaigns, the Patios Everywhere Program, Business in the Parks initiative, downtown video series, and Digital Main Street program delivery, to name a few.

Business Retention & Expansion Programs

Belleville

- **Pop-ups on the Bay project:** 13 new popup businesses have been located in West Zwicks Park servicing refreshments, food and selling items such as clothing and pre-packaged baked goods. The project has developed into a destination on our waterfront and supports local business by allowing new businesses an inexpensive way to get started as well as allowing some existing businesses to branch out of their existing location or existing offering
- **Industrial Land Expansion:** The Environmental Assessment (EA) process has started for the expansion of the North East Industrial Park – when complete it will double opportunities to attract new employers
- **Doctor Recruitment:** The City has been running a successful family physician recruitment for more than ten years now and we will continue to incent these family doctors to practice here but we are now putting together a report for Committee and Council consideration that will make recommendations around incenting other ‘in-demand’ health care professionals to choose Belleville as their place to practice
- **Holiday Market:** The City is working with their partners at the BDIA and Chamber to plan and implement a Holiday Market in downtown in 2021. This marketing will involve small ‘pop-up’ type structures located in downtown that will house local vendors selling their goods and services during mid November to mid December
- **Skills Development Fund Apprenticeship Support Project:** A \$550,000 project funded almost entirely by the Provincial Skills Development Fund to implement a one year program that will provide wrap around supports to apprentices and businesses supporting apprentices to increase the rate of local people successfully completing their entire apprenticeship program through to licensing. The City has partnered with the College on this project
- **Work in Quinte Project:** The City of Belleville is the lead community working on a project to redevelop the current “Work in Belleville” program as a regional project – “Work in Quinte”. The existing program involves the completion and updating of a regional data base that collects resumes from anyone looking to work in the region. At present, Belleville staff categorize these resumes and screen and provide these resumes to Belleville employers looking for the skills sets identified in the resumes. Belleville received \$145,000 in funding from the Province, some through the Rural Economic Development (RED) and some through the Ontario Labour Market Partnership (OLMP) fund. Other regional partners in the project include the City of Quinte West, the Quinte Economic Development Commission and the Bay of Quinte Regional Marketing Board. Belleville City staff are taking the lead on this project and the funds will flow through the City of Belleville

Business Retention & Expansion Programs

Belleville Cont'd

- **Rural Business Marketing Initiative:** Staff is working with businesses in Thurlow ward to develop a marketing strategy for businesses north of Highway 401. This work will help to create partnerships and joint experiences in this valuable region of the City
- **Ontario Immigrant Nominee Pilot Project (OINP):** Belleville was chosen by the Province to be one of three communities in Ontario to participate in the OINP which will secure at least 100 new Canadian spaces for Belleville/Quinte West. This pilot program participation is intended to test a program that will encourage newcomers to settle in rural Ontario. Our labour needs are extreme and this program is extremely helpful. We have almost exceeded the allocation provided to Belleville
- **E-Commerce Project:** The City provides services of an e-commerce consultant free of charge to local businesses that were looking to develop or improve their on-line presence
- **MAT Implementation:** Staff is continuing to work with the accommodations sector to boost Municipal Accommodation Tax revenues. A report will be coming forward to Council for consideration regarding the implementation of a licensing/regulation proposal for Short Term accommodators. Currently most STA's are not collecting or remitting the MAT and our process to license will ensure all accommodators in the City are collecting and remitting MAT funds to the City
- **Choose Belleville:** Multi-media campaign aimed at encouraging locals to buy and experience everything local. Campaign will continue until at least the end of 2021

Business Retention & Expansion Programs

Bracebridge

- **Building Improvement Grant/Loan**
 - Offered in the Central Business District only
 - Provides building owners up to 50% of construction costs to a maximum municipal contribution of \$10,000. Of this amount, 50% will be grant and 50% will be an interest free loan.

Brampton Cont'd

Economic Development Master Plan

The City's Economic Development Office has developed an Economic Development Master Plan (EDMP) that provides guidance to the City's leadership and the business community on possible options and partnerships to achieve the desired economic results.

Culture Master Plan

In support of a prosperous and culturally vibrant community, the City is developing its first Culture Master Plan to set the strategic direction of arts and culture in the city.

Sector Lead

As Brampton moves to take a prominent position as a major urban centre, our Economic Development approach is transforming to match. Brampton's Economic Development Office has a new sector-based approach, anticipating the skills and industries of tomorrow, while accounting for traditional strengths

Expeditor

The newly created role of Expeditor in the Economic Development Office will work across the key sectors, supporting activities, and working to streamline client service by acting as a facilitator and conduit to municipal services for the business community.

Brant County

County of Brant Economic Development Strategy and Action Plan contains four pillars including: Growing a More Diversified Local Economy, Driving Investment to the County of Brant, Building County of Brant's Downtown Core Areas, and a renewed focus on Communication and Engagement

- **Site Selection** – County staff assist site selectors and businesses looking for available land in the County and providing key information such as demographics and relevant population statistics. County website is equipped with a Brant specific site selection tool.
- **Business Visitation** – Staff actively visit businesses to discuss opportunities for growth, obstacles and potential partnerships.
- **Development Liaison Position** – staff position to help guide and be single point of contact for development application that create or retain employment in the County of Brant.
- **Promotion of Tourism** – active promotion of tourism businesses through a variety of channels including social media, print advertisement, promotions, and marketing to group tour operators.
- **Value Reports** – ongoing communication to the business community to demonstrate the work undertaken by County of Brant staff to achieve components of the strategy and contains economic development metrics around industrial and commercial building permits, community improvement plan uptake, and visitor spending.

Business Retention & Expansion Programs

- **Strategic partnerships** – Cornwall maintains strategic partnerships with a variety of organizations including the Chamber of Commerce, the Eastern Ontario Training Board, Community Futures Development Corporation and St. Lawrence College.
- **Regional Marketing** – Cornwall works with other regional municipalities to promote Ontario East both locally and abroad.

Business Retention & Expansion Programs

Dryden

Municipal Accommodation Tax – implemented January 1, 2020

- City funds from the tax (50%) are earmarked for Waterfront Development (we created a Waterfront Development Reserve fund)
- The other 50% of the funds are provided to the Dryden Chamber of Commerce through an agreement we have in place and the agreement stipulates that they will use their share of the funds to advance the City as a tourist destination by supporting and promoting local events, initiatives and infrastructure that bring people to the City.

East Gwillimbury

- **Business Advantage Program:** A review and expansion of EG's business development concierge service continues with a focus on enhancing business friendliness and supporting a customer-centric corporate culture. The Business Advantage Program supports the Municipality's economic growth and job creation objectives through the provision of highly responsive, customized support to business and investors.
- **Downtown Mount Albert Revitalization:** Extensive community engagement and a Commercial & Retail Gap Analysis is under way as part of a project that will entail municipal infrastructure upgrades that support business vitality and the creation of vibrant public spaces.
- **Holland Landing Downtown Revitalization:** Extensive community engagement and a Commercial & Retail Gap Analysis is under way as part of a project that will entail municipal infrastructure upgrades along a portion of Yonge Street.
- **Broadband Expansion:** In partnership with the Broadband Working Group efforts continue to expand broadband connectivity to a level that meets the needs of all residents, business, prospective new investors, and municipal service providers.
- **Business Incubation & Acceleration:** Jointly with York University YSpace and the Town of Georgina, a series of customized programs and supports are being developed and offered to new and emerging entrepreneurs.

Business Retention & Expansion Programs**Erin**

- Promote workforce training and business support workshops
- Monthly “Erin Business” newsletter
- Continue to raise the profile of the equine sector in the Town of Erin by creating the 3rd edition of Horse & Country in the Hills of Erin.
- Continue working with the Business Centre Guelph-Wellington to promote the small to medium size business support one day a month in the Town
- Formalize and streamline in house processes for new and relocating businesses
- Co-ordinate the Doors Open Erin
- Continue to support youth and entrepreneurs by having a Town booth available to promote entrepreneurial ideas at the Erin Farmers Market
- Produce a new Community Profile/Annual Report to attract business and investment

Business Retention & Expansion Programs

Fort Erie

- **Business Directory** of all local businesses and services. The directory also allows businesses to communicate with the public the status of their business and if they are offering modified services.
- **Business Licencing:** Economic Development and Tourism Services is responsible for working with businesses to obtain a licence to operate in the Town of Fort Erie along with all business renewal licences. EDTS will coordinate grand opening events and media coverage. In addition to business licencing, EDTS is responsible for the administration and issuance of short-term rental licences.
- **Business Retention & Expansion:** Business outreach to better understand and support the needs of businesses including referrals to key resources, training and funding opportunities. EDTS will act as a liaison for business expansion to help businesses navigate the municipal approval process.
- **Community Liaison:** EDTS is responsible for the coordination and approval of special events, festivals and Farmer's Markets in the community.
- **Development Assistance:** Site location studies, analysis, land inventory, market research, and business/developer support through the planning and development process.
- **Downtown Core Areas Community Improvement Plan:** Fort Erie offers commercial façade and residential intensification programs.
- **Incremental Marketing Program:** Financial assistance for marketing and advertising initiatives is provided in accordance to the marketing plan and budgets of the local Business Improvement Associations (BIAs).
- **Niagara Foreign Trade Zone:** The designated Canada Foreign Trade Zone Point provides businesses with one-window access to information, programs and incentives to improve international trade efforts. Specifically, companies who export can apply for tax, duty and tariff exemptions that can significantly improve their bottom line.
- **Niagara Development Corridor Partnership Inc. (NDCPi):** NDCPi is a not-for-profit organization and the collaboration of economic development professionals from Fort Erie, St. Catharines, Niagara Falls, Lincoln, and Port Colborne to encourage economic growth across the Region. The NDCPi leverages the experience and skill set of economic development staff to benefit member communities, business constituents, and community development stakeholders.
- **Niagara Gateway Economic Zone and Centre Community Improvement Plan:** Fort Erie is one of only five communities that are included in the program which provides eligible projects with property tax reductions between 40% and 100% for five to ten years as well as grants to cover Regional Development Charges.
- **Physician Recruitment & Retention:** Fort Erie has a dedicated Community Health Care Services Coordinator who leads the recruitment and retention of quality physicians. Fort Erie offers lucrative incentive packages for new physicians coming to the community.
- **Shop Local Programs:** EDTS coordinates shop and support local marketing campaigns through traditional and digital advertising methods, along with Virtual Pop-U Markets hosted by EDTS staff.
- **Tourism Product Development and Destination Marketing**

Business Retention & Expansion Programs

Georgina

- **Entrepreneurship Development** – Town staff, in partnership with York University’s YSpace and the Town of East Gwillimbury have designed a series of educational programs to support entrepreneurship development. These programs will be delivered virtually and in person and at Georgina’s recently created incubator/accelerator hub.
- **Choosegeorgina.ca** – the Town has developed a number of videos and specific marketing initiatives to promote Georgina as a place to work, live, invest and play.
- **Economic Development Print and Electronic Newsletter** – The e-newsletter is published bi-weekly and a printed newsletter is published quarterly.
- **Business Visitation Program** – The Economic Development Officer conducts virtual and in-person visits to new and existing businesses to strengthen the Town’s BR+E efforts.
- **Business Research and Development** – The Town provides research on local statistics, land inventory and other relevant site selection information. Economic Development staff act as a point of contact for business expansion and new development to help businesses navigate the municipal approval process.
- **Business Class Program** – Town Staff have developed a series of initiatives to support investors as they investigate development opportunities and proceed through the development approval process.
- **York Small Business Enterprise Centre** – The Town works with the YSBEC to provide businesses and entrepreneurs with training, professional consultation, networking, community outreach programs and disseminates information through their newsletter.
- **Development Application Fee Rebate Program** - The purpose of the development application fee rebate program is to encourage development and redevelopment in the Industrial, Commercial (excluding retail and service commercial) and Institutional Sectors. The program is to reduce the financial burden on landowners and business owners who are expanding/relocating or creating new businesses.
- **Economic Development and Community Building Grants** – The Economic Development and Community Building Grant Program provides financial assistance to programs/events that serve to promote the Town of Georgina externally, generates economic opportunities for the local business community and provide for the betterment of the Community.
- **Broadband** – Town Staff have developed a Broadband Strategy and Action Plan to support increased connectivity for business and residents in Georgina. Promotions of the ongoing efforts will include the hosting of the Rural Broadband Conference in September 2022.

Business Retention & Expansion Programs

Gravenhurst

- **Business Visitation Program** – Visit businesses on a regular basis to create and maintain relationships with local proprietors and learn about current challenges or successes.
- **Business and Investment Concierge Program** - This includes;:
 - Community Information and Investment Packages
 - Site Selection Coordination (including land and building listings and real estate market data)
 - Internal Department Navigation and Meeting Coordination
 - New Business Packages
 - Grand Opening Coordination
 - Business Directory Listings
- **Annual Business Review Survey** – Starting in 2015 the economic development division undertook a program that involved created a hybrid of data collection and visitation. At the end of each year the team reaches out to each business to talk to them about how their year has been, ways to improve and provide any assistance that we can. This real time data is useful to both existing and potential businesses and informs the development of project, initiatives and strategies the town can implement to assist and support the local business community.
- **Visitor Information Collection Program** – Started in 2017, this survey allows us to collect visitor demographics and insights at a local level which had not been previously available. The program sets a baseline to future growth and provides valuable data and trends related to our local tourism economy which can be compared and corresponded to regional data sets. It also helps to inform future initiative, programs and KPI's related to tourism development.
- **Gravenhurst Destination Plan** – Completed in 2020, this strategic plan sets out insights and actions items over the next 5 years to increase and improve tourism offerings in Gravenhurst all year round.
- **Wharf Revitalization Plan** – Completed in 2020, this strategic plan sets out insights about the current challenges and opportunities related to the Muskoka Wharf development and contains a number of action items for the future to increase business investment, investment capacity, residential mix as well as usage by residents and visitors all year round.
- **Partnership Development** – The Economic Development Team leads partnerships with local, regional, provincial and national organizations to ensure that our businesses have the resources that they need. These partnerships can lead to additional services such as small business start-up, business financing, legislation assistance and business education.
- **Open Door Policy** – The economic development division maintains an open door policy to local residents, business owners and potential investors to ensure that all issues are handled in a timely manner.

Business Retention & Expansion Programs

Greater Sudbury

- **Company Visitation Program** - City staff regularly visit local companies to ensure that they are aware of programs and supports available for business expertise as well as expansion, investment or relocation. This is done in person through one-on-one visits as well as through the hosting of networking events and other initiatives.
- **Development Approvals and Support for Growth** - Economic Development staff collaborate with the City's Planning and Building Services teams to support streamlined development processes and engage the investment and development sectors advancing growth in the community
- **Market Research** - Staff use proprietary databases to provide customized research queries for local companies.
- **Export Development** - The City of Greater Sudbury delivers the Northern Ontario Exports Program which assists companies to evaluate their potential for exporting goods and services, and provides support to initiate export market development including trade missions and attendance at marketplaces.
- **Regional Business Centre** - Provides a one-stop service location for small business expertise at every stage of the business cycle. Seminars and workshops are provided as well as confidential counselling services. The Regional Business Centre also coordinates the Innovation Quarters downtown business incubator, launching in 2022, to accelerate the growth of tech-enabled start-ups
- **Immigration and Workforce Development** - The City of Greater Sudbury works in partnership with the federal government, local post-secondary institutions and other settlement organizations to support newcomers to the community and to identify ways to enhance skills and marketability for our population. Greater Sudbury is also a participant in the Rural & Northern Immigration Pilot program designed to bring in eligible newcomers with permanent job offers and the intention to reside long-term in the community.
- **Greater Sudbury Development Corporation** - Economic Development works hand in hand with their 18-member ec dev corporation to advance common goals related to economic development and job creation locally and to administer a number of grant programs to various sectors.

Grimsby

- The Town conducts a **Business Visitation Program**
- Hosts business breakfasts to provide the opportunity for the local Chamber of Commerce in this regard.

Business Retention & Expansion Programs

Guelph

- **Economic Development and Tourism Strategy:** a five-year strategic plan for the realigned Economic Development and Tourism department including the functions of economic development, tourism and the Guelph Junction Railway (GJR).
- **Investment Attraction:** implements investment attraction in partnership with other Ontario municipalities through provincial consortiums in targeted growth sectors.
- **Business Retention and Expansion:** business census and visitation program to interview local businesses and industries. The program provides business assistance outreach services to better understand and support the needs of local business.
- **Workforce Development and Talent Attraction:** supporting local businesses with labour market intelligence, resources and supports to navigate the current labour market conditions.
- **City-owned Land development:** the Hanlon Creek Business Park Phase 3 land parcel (~180 acres) is being sold by the City to a private developer. It is zoned for business park and industrial use and will add to Guelph's available employment land inventory.
- **Land development support:** dedicated economic development support and resources to make it easy for businesses and developers to work through municipal processes.
- **Business Centre Guelph Wellington:** The Business Centre Guelph-Wellington located in Guelph City Hall to create and manage programming, training, resources, and advisory support services for small businesses and entrepreneurs; including benefit programs for priority audiences such as women, refugees, newcomers, students, low income and 55 plus individuals.
- **Partnerships:** where possible, EDT leverages funding and resources with a wide range of local, regional, provincial and national partners to further the economic goals of the community.
- **Committees:** City of Guelph Economic Development Advisory Committee and Tourism Advisory Committees provide guidance and business consultation for municipal programming and policy development that affects business.
- **Findyourjob.ca:** in partnership with The Workforce Planning Board of Waterloo Wellington Dufferin, Dufferin County, Wellington County, and the Region of Waterloo the site builds awareness of local job opportunities that are available. Local job seekers can search for jobs by location, proximity to amenities, and more.
- **Mind Your Business e-newsletter and Special Bulletins:** distribute monthly newsletters with relevant business news, events, funding opportunities, updates, and more. Special Bulletin emails share new programs, provide specialized updates.

- **ShopKING Shop Local Seasonal Campaigns** – In partnership with the King Weekly Sentinel newspaper and the King Chamber of Commerce, and with corporate sponsors’ financial support, a series of full-page advertisements and social media posts are developed and deployed to help some of the hardest-hit business sectors—including retail, restaurants, and personal services— as they re-emerge and reopen following closures related to the COVID19 pandemic and economic crisis.
- **Extended Private Patio Program** – As a COVID-19 response measure to help restaurants, and in compliance with the Provincial and AGCO-regulated permissions, the Township put in place an extended outdoor seating patio application and permitting process for the second year.

Kingston

Integrated Economic Development Strategic Plan - Kingston Economic Development will focus on the development of two main industry sectors – Health Innovation and Sustainable Manufacturing. One of the distinguishing characteristics in the development of Kingston’s new Integrated Economic Development Strategy has been the deliberate collaboration, integration and alignment of: City Council’s Strategic priorities and City work plans, key community stakeholder’s strategies including Queen’s University and St. Lawrence College and the mission and vision of Kingston Economic Development Corporation. Further development of the Creative Industries and Rural Economy are important components of the strategy.

Invest Kingston Initiatives - Kingston Economic Development’s lead generation activities include research to identify and target companies positioned for growth that best align with the strategic cluster and sectors. Based on research, Kingston Economic Development arranges virtual and in-person (if possible) meetings with targeted companies and include strategic partners and government officials to achieve a collaborative approach. Kingston Economic Development works with Ontario East Economic Development Commission and participates in sector specific tradeshows, delegations and outreach mission to generate leads and investment opportunities.

- **Trade Accelerator Program (TAP)** - In partnership with the Toronto Region Board of Trade, Kingston Economic Development offers a multi-sector TAP cohort which allows for inclusion of manufacturing, food & beverage producers/retailers, health sciences, technology, service-related businesses and to advance their export development plans to the next level. TAP supports businesses ready to go global or expand their exports with a customized plan.

Business Retention & Expansion Programs

This program supports up to 10 young entrepreneurs grow and scale their businesses through guidance and support.
- **Starter Company Plus** - The Starter Company Plus program helps entrepreneurs start or grow their existing business. Successful program participants receive a grant up to \$5,000 to support their business. Through the program's one-week boot camp and support from Kingston Economic Development's small business team, entrepreneurs learn how to run a sustainable business.
- **Food Venture Program** - The Food Venture Program encompasses three bootcamps. The 12-week Food Venture Bootcamp includes weekly training sessions and mentorship for new food and beverage entrepreneurs to help them with business planning and receive mentorship from Canada's best food ventures mentors. The 5-week Restaurant Pivot to Consumer-Packaged Goods, is focused on pivoting restaurant products to consumer selling. The 5-week Tourism Recovery Initiative teaches business owners of the food and beverage industry how to capitalize on tourism to maximize revenues.
- **Digital Main Street** - Through a partnership with Digital Main Street, Kingston Economic Development offers free digital marketing support to local businesses to help them serve customers at home through e-commerce, social media, and more. A Digital Transformation grant offers \$2,500 for main street businesses to transform their business online. A Digital Service Squad undertakes outreach and referrals to a dedicated Digital Business Advisor.

Business Retention & Expansion Programs

Kingston Cont'd

- **WE-CAN** - The WE-CAN Project is led by Queen's University and is made possible with support from the Government of Canada via the Women Entrepreneurship Strategy Ecosystem Fund. As one of the partner organizations, Kingston Economic Development is responsible for four programs that support women entrepreneurs in Kingston and the surrounding region. The four programs include Leadership Excellence and Development, Hire Yourself, Rural Mentorship, and Fast Track Exporting. Delivered in partnership with Centre of Social Innovation.
- **Social Enterprise Fundamentals** - Social Enterprise Fundamentals is an 8-week, part-time online program that covers the foundations of social entrepreneurship, from making identifying the right problem, to developing a solution, to turning an idea into a sustainable business model.
- **Queen's Career Apprenticeship: Kingston** - The Queen's Career Apprenticeship: Kingston is a privately funded program that connects recent graduates from the arts, humanities and social science disciplines from the Faculty of Arts and Science at Queen's University with a Kingston employer. Employers who hire through this program and commit to a 12-month contract, are reimbursed for 4 months of the gross salary up to a maximum of \$4,000 per month. The program piloted in Kingston in 2018 and recently expanded nationally to Guelph, London, Hamilton, and Okanagan and has shown over 80% retention rates.

COVID-19 Relief and Recovery Programs

Kingston Economic Development presented to City Council a COVID-19 Response & Recovery Plan on May 5, 2020 and rapidly responded to COVID-19 by prioritizing staff resources and budgets to focus on supporting our local business community.

- **Tourism Business Support Program** - Kingston and 1000 Islands' tourism industry are fundamental to the region and a major contributor to the economy. FedDev's Tourism Business Support Program concluded with \$1 million disbursed to support local eligible businesses. No administrative fees were charged to FedDev Ontario with all monies going directly to businesses in need. 197 businesses received grants for projects adding up to \$1,502,117. Businesses reported that funding supported retention of over 2,000 jobs. Further funding opportunities are being explored.
- **Kingston Pandemic Business Recovery Grant** - The City of Kingston and Kingston Economic Development Corporation partnered to provide a funding program to support small to medium sized businesses in the City of Kingston that have been negatively affected by COVID-19. Kingston Economic Development Corporation administers the program with the overall objective to support business recovery and transformation. The City of Kingston has contributed \$600,000 and Kingston Economic Development Corporation has contributed \$500,000 for a total fund of \$1.1M. The Kingston Pandemic Recovery Program received 264 applications requesting \$2.4 million in funding. 111 local businesses will receive funding through the Kingston Pandemic Recovery Program to support projects adding up to approximately \$2.5 million.
- **Kingston Economic Recovery Team** - To support the Kingston Economic Recovery Team and its working groups, Kingston Economic Development offers administrative support to the group.

Business Retention & Expansion Programs

Kitchener

- **Corporate Calling Program** – Assist the local business community with retention and expansion initiatives, including talent attraction, financial incentives, land and building acquisition, key business and municipal contacts, and supply chain solutions.
- **Small Business Centre** – The Waterloo Region Small Business Centre (WRSBC) has locations in Kitchener, Cambridge and Waterloo to serve small businesses. The Centres provide advisory services, training, networking, business programs and events for new and existing small business. - **Industrial Land Attraction**
 - Transitioning to encourage more private sector development
- **Other**
 - Provincial and Regional association participation
 - Clifford Celebration Square upgrades
 - Continued support for Cultural activities and Youth Action

Mississauga

The City of Mississauga Economic Development Office (EDO) provides information and services to help businesses grow and prosper in Mississauga.

In 2021, the City of Mississauga was in the midst of the Covid-19 pandemic and had to deal with the ongoing unprecedented economic impacts of the pandemic. As with municipalities across Canada, EDO pivoted its services to help our businesses and entrepreneurs sustain their operations throughout the disruptions caused by the health crisis, related government restrictions and shifting consumer and business behaviour. EDO service delivery during the pandemic has been guided by an Economic Recovery Plan for Small Businesses and an Economic Recovery Plan for Broader Industry (the Economic Recovery Plans).

In conjunction, a key focus for EDO was to sustain sector growth and innovation. Additionally, EDO began to place an emphasis on place-making to support economic objectives. The City of Mississauga Economic Development Strategy 2020-2025 (Strategy) remained the overarching document for EDO. The Strategy outlines three priorities to guide EDO service delivery; supporting globally-minded, innovative businesses, developing distinctive places; and delivering durable infrastructure.

EDO implements priorities from the Economic Recovery Plans and the Strategy through the following program streams:

Business Outreach, Communication & Promotion - EDO engages in a range of tactics and media channels to communicate critical information to the local business community and promote Mississauga as a place to do business. In addition, targeted outreach programs are used to gather information and business perspectives that can inform EDO service delivery. Core outreach, communication and promotion initiatives include the following:

Business Retention & Expansion Programs

Mississauga Cont'd

- **Local Business Communication:** Social media channels (Twitter, LinkedIn, Instagram and Facebook), local news media, local physical signage, subscriber newsletters and information webinars (developed in partnership with internal and external partners such as the Region of Peel, Mississauga Board of Trade, City Enforcement, Tourism and Culture divisions, and the Mayor's Office) are used to communicate health and safety guidelines, financial support programs, local business success stories and business development opportunities for the business community.
- **Economic Partnerships, Engagement & Promotion:** EDO builds relationships with key stakeholders (including business, education and industry association representatives) and promotes regional and global awareness of Mississauga's location benefits through a dedicated program of partnership, engagement and promotion. Activities include; sponsoring and supporting industry initiatives and events, working with the Mayor's Office to promote significant business investments, and developing promotional material for publication in targeted media channels (including paid promotion campaigns in Perspective Magazine, Twitter, LinkedIn and Facebook)
- **COVID-19 Business Resource Centre:** EDO developed and maintains a central one-stop shop web resource to help businesses access information, programs and funding to support their response to COVID-19. The Centre includes a Business Relief Portal (a library of business support programs) and Health & Safety Guidelines (including sector-specific guidelines and resources for vaccination, testing and personal protective equipment).
- **COVID-19 Business Outreach Program:** During the pandemic, regular EDO business outreach programs have been enhanced with the adoption of business roundtables and a dedicated COVID-19 business outreach program which delivered one-on-one consultations with owners and senior executives from both small and large businesses.
- **Business Training and Recovery Support Webinar:** Hosted a series of COVID-19 related information and training webinars covering various topics aimed at supporting businesses during the Pandemic. Notable webinars include Business Recovery After COVID and Digital Marketing.
- **MississaugaMade:** Led by Tourism Mississauga, EDO has supported a shop local campaign which promotes Mississauga products, businesses, stories, activities and experiences.
- **EDO CHATBOT "ECO":** EDO developed an automated AI Chatbot to assist website users. The AI encourages engagement. Downtown Placemaking, Marketing, Promotion and Investment Attraction: Developed targeted investment marketing campaigns to attract office investment to Downtown Mississauga. The goal is to drive place-making in Downtown to ensure a proper balance between residential and employment uses.
- **Innovation Marketing Campaign:** Develop marketing campaigns to position Mississauga as a global innovation centre that connects and strengthens the regional innovation corridor. Campaigns will strategically organize branding efforts across Mississauga's innovation ecosystem and business investment opportunities, where the Innovation Hub will be positioned as a central coordinating asset.

Business Retention & Expansion Programs

Mississauga Cont'd

Business Retention, Expansion & Attraction - EDO delivers a suite of programs to support the retention and expansion of established local businesses and attract foreign direct investment from across the globe. Business retention, expansion and attraction programs are targeted towards industries of competitive strength and strategic importance for the city.

- **Sector Development:** The City of Mississauga Economic Development Strategy (2020-2025) identified four key sectors to sustain economic growth and prosperity: Life Sciences, Advanced Manufacturing (Aerospace, Automotive, Cleantech and Food & Beverage), Higher Value Business Services (Information and Communications Technology (ICT) and Financial Services), and Smart Logistics. EDO works with sector business representatives as well as key stakeholders such as education institutions to identify and address challenges and opportunities within the key sectors.
 - **Inclusive Growth:**
 - **Women in Mississauga Manufacturing Initiative:** This is an ongoing initiative is designed to have more women apply for available employment positions with Mississauga manufacturing companies. It is also intended to assist Mississauga manufacturers with improving retention and advancement of women in their companies.
 - **Equity and Diversity Collaborative:** The Equity and Diversity Collaborative (EDC) is the first of its kind initiative in Canada. It brought together health care and life sciences companies dedicated to advancing gender equity and diversity in the workplace.
 - **Sector Councils & Working Groups:** In partnership with local business, EDO has developed industry councils and working groups in Advanced Manufacturing, Aerospace and Life Sciences to provide opportunities for industry leaders to network, share best practices, identify priority issues and collaborate on solutions to challenges. Issues covered include technology adoption, workforce development, access to government support and continuous improvement. Groups are membership-based and meet on an ongoing basis.
 - **Workforce Development:** EDO has worked with local post-secondary institutions and industry representatives to facilitate collaboration and delivery of initiatives addressing workforce disruptions from the COVID-19 pandemic. Initiatives have included connecting local businesses to workforce development programs and funding, and connecting new graduates, students and workers in transition to local opportunities.
- **Business Outreach Program:** The City hosts a proactive business outreach program across key industry sectors. EDO and senior executives of Mississauga companies discuss current operations, future plans and assistance needed to do business in Mississauga. Elected officials and senior staff from the City visit major new companies to the city each year to develop a rapport with the business community, determine the level of satisfaction with City services and address issues.

Business Retention & Expansion Programs

Mississauga Cont'd

- **Business Investment Attraction:** EDO follows an international marketing strategy with the goal of developing a compelling global brand to attract business investment and jobs to Mississauga. In order to attract foreign direct investment (FDI) and to build global awareness of Mississauga, EDO participates in a number of investment missions across key target markets, such as Japan and the United States. EDO (sometimes in partnership with key partners such as Toronto Global) goes in market to identify leads, build relationships and promote Mississauga as a location for business investment. In response to public health restrictions on activity and travel during the pandemic, EDO has pivoted its investment strategy and launched several digital marketing campaigns to promote investment in Mississauga's key industry sectors.
- **Strategic Investment Initiatives:** Recognizing the importance of the Downtown and Lakeview districts to the city's overall economic growth, EDO works with internal City partners and economic stakeholders (including land owners, developers and business partners) to develop and promote the Downtown and Lakeview districts as viable places to invest and locate business operations.

Small Business, Entrepreneurship & Innovation - Through the Mississauga Business Enterprise Centre (MBEC), EDO offers a suite of programs delivering support to small businesses and entrepreneurs across the business development continuum, from ideation, to start-up and scale-up growth stages. MBEC programs are designed to develop Mississauga's global identity as a premier location for innovation and entrepreneurship. MBEC programs include the following:

- **Innovation Programs:** MBEC works with local innovation stakeholders, including regional and post-secondary innovation service providers, venture capital organizations and established companies to coordinate support for entrepreneurs at each stage of business development. To facilitate coordination, MBEC is currently in the process of developing a central innovation hub within Mississauga.
- **Entrepreneurship Programs:** MBEC delivers the provincially funded Starter Company Plus and Summer Company programs for start-ups and existing small businesses. These programs provide free training, business skills development, mentorship and guidance, and the opportunity to apply for grant funding. In 2021, MBEC is also piloting a mentorship program that brings graduates of the Starter Company and Summer Company programs together to provide ongoing opportunities for networking, problem-solving and business guidance.
- **Scale-Up Program:** Scale-up Program is a 4-month program that supports innovative and inclusive companies to grow and overcome barriers. Participants, have the opportunity to attend workshops and seminars that address common challenges faced by scaling companies, connect with experienced mentors, speakers, and peers, and present to investors, funders, and industry partners to get started towards your next round of funding, sale, or partnership.
- **Business Advisory Services:** Small businesses and entrepreneurs are offered free consultations with a qualified business consultant to support business registration & licensing, business plan development, marketing & sales, digital technology adoption and access to government support programs. During the pandemic, MBEC advisory services were expanded to offer free consultations with professionals in legal, accounting, business operations, sales and marketing, as well as an entrepreneur-in-residence expert.

Business Retention & Expansion Programs

Mississauga Cont'd

- **Workshops and Seminars:** MBEC hosts a series of information workshops and seminars geared towards developing small business owner and entrepreneur skills, facilitating networking opportunities and expanding access and adoption of business development intelligence. During the pandemic, MBEC's workshop offer has pivoted towards supporting business adaptation and recovery from COVID-19 (i.e. Business Training and Recovery Support Webinars).
- **Digital Main Street:** In partnership with the Government of Canada, the Ontario Business Improvement Area Association and Digital Main Street, MBEC delivers a series of programs to assist small businesses with adoption of digital technologies and marketing strategies. Examples of programs include Digital Service Squad, ShopHERE and Futureproof.

Muskoka District

Muskoka Enterprise Centre servicing all of Muskoka

- The Muskoka Affordable Housing Initiatives Program (MAHIP) is a multi-year program geared to low and modest-income households. The District recognizes that current supply of housing options across Muskoka does not fully respond to the range of needs in the housing market, particularly for low and moderate income households living or working in Muskoka. Through MAHIP, the District offers funding to eligible developers, builders, buyers and landlords to develop and provide affordable housing in Muskoka.
- Programs offered through MAHIP include:
 - The Rent Supplement Program for Tenants and Landlords,
 - The Retirement Home Fee Assistance Program,
 - Capital Incentive Programs, and
 - Gateway Homeownership Program. For more information please follow the link to their website: www.muskoka.on.ca/housing

Muskoka Tourism Marketing Agency

- Muskoka Tourism provides a one window shopping experience to access information related to Ontario's premier four season vacation destination and is an invaluable resource for cottagers as well as visitors to the area and promotes many exciting vacation experiences including first-class attractions, accommodations and businesses.
- Muskoka Tourism provides up-to-the-minute tourism information for travelers looking for cottage rentals, camping, B&Bs, resorts or other types of accommodation. Visitors have access to the latest information about recreational activities including golf, boating, fishing, canoeing and many other outdoor activities. The list of fun family things to do is endless: hiking and biking along Muskoka's nature trails, snowmobiling and skiing or just taking in some shopping, a spa treatment or festival...in Muskoka, you have so much choice.
- Muskoka Tourism provides three main services: Visitor Services, Membership Services and Marketing Services.

Business Retention & Expansion Programs

Muskoka District cont'd

Muskoka Employment Partnership

- The District Municipality of Muskoka is launching a two-year Muskoka Employment Partnership project in conjunction with the Simcoe Muskoka Workforce Development Board and with the support of a Local Labour Market Partnership grant provided through the Ministry of Labour, Training and Skills Development.
- The purpose of this initiative is to facilitate a broad industry and community-wide partnership process to address a significant lack of job candidates for employment vacancies in Muskoka by developing innovative strategies among a range of stakeholders to achieve the following:
 - Prepare more Muskoka residents further removed from the labour market to qualify for local jobs;
 - Enhance the HR skills of local employers, to improve job retention rates;
 - Introduce Muskoka students to career options in Muskoka, through more experiential learning experiences, in this way making local jobs more appealing to them; and
 - Attract more workers from outside Muskoka to work in Muskoka;
- The main deliverables of the newly created Muskoka Employment Partnership (MEP), which is being led by a steering committee representative of various key stakeholders, are to oversee sub-committee working groups, to convene an annual Muskoka Employment Summit, to enlist supporters and to develop further solutions to local employment challenges.

Muskoka Economic Recovery Task Force

- In response to the COVID-19 pandemic, The District Municipality of Muskoka, in partnership with local economic development and small business stakeholders, and including representatives from all lower tier municipalities, the Province and the local MP's office, launched the Muskoka Economic Recovery Task Force (MERTF) to address economic impacts of the COVID-19 pandemic on local businesses and business communities.
- The MERTF is working collaboratively to minimize the effects of the pandemic on businesses across Muskoka, and undertaking strategic actions that will enable recovery, as well as future prosperity.
- A key role of the MERTF is to gather local knowledge and understand local context for decision making, as well as coordinate information, communications, recommendations and actions to support business continuity and relief efforts across Muskoka. A key focus of the MERTF that quickly emerged is improving access to adequate broadband internet services across Muskoka.
- The MERTF also provides assessment on support, stimulus and recovery measures needed by local businesses to help get businesses, across all sectors, back to "new normal" operations, in both the immediate and long-term.
- Where possible and available, the Task Force will seek, leverage and advocate for Provincial and Federal government funding to support Muskoka-based businesses.

Business Retention & Expansion Programs

New Tecumseth

Development Application Review Team

The Town's Economic Development Office (EDO) is a part of the municipality's Development Application Review Team (DART) to assist development applicants in making the appropriate submissions to the Town.

Development Charge Reductions

New Tecumseth offers the following exemptions to municipal development charges to eligible commercial and industrial developments:

- Urban Commercial Core Exemption
- Industrial Expansion Exemption
- Small & Medium Sized Business Expansion Exemption
- Redevelopment of Land Exemption

Nottawasaga Futures Business Excellence Centre Consulting Services

The Town provides financial support to Nottawasaga Futures for its free business consulting program to assist local business owners and entrepreneurs. In addition to supports for business planning, financials, and accounting, businesses can access help with confidential mental health support services, applying for funding programs being offered by the federal government, website optimization for ecommerce activities, and more.

Site Selection Support

The Town's EDO provides support to entrepreneurs and prospective investors in identifying potential sites/locations for their business ventures. The EDO also provides community demographic, workforce, and development related data and information to assist clients in their market assessment and due diligence processes.

Support for Business Portal

Throughout the pandemic, the Town has maintained a Support for Business portal on its website to provide the local business community with a centralized hub of information on the various financial and operational support programs available to business owners/operators and their employees.

Support Local Marketing

Over the course of the pandemic, the Town has been encouraging residents and workers in New Tecumseth to safely support local and "Make It New Tec" when they shop, dine, or unwind through a multi-platform marketing campaign.

Temporary Restaurant Patios Program

Introduced in 2020, the Town's Temporary Restaurant Patio Program provides establishments with the opportunity to establish or expand patio spaces to take advantage of the summer weather and offer safe outdoor dining areas to their customers. To assist the local business community in its recovery from the economic impacts of the COVID-19 pandemic, no municipal fees for administration of the program were charged to participating restaurants in 2020 and 2021.

Business Retention & Expansion Programs

Niagara Falls

- **Niagara Gateway Economic Zone Community Improvement Plan and Municipal Employment Incentive Program**
 - Offers a tax increment based grant, planning application fee waivers, building permit fee rebates and study grants to stimulate investment in new or existing employment uses.
 - Municipal Development Charges are waived for Industrial land uses.

North Bay

- The **Economic Development Department** assists existing businesses, prospective investors, and community partners with business growth and development related initiatives. Activities include, but are not limited to:
 - Investment attraction, development facilitation and investment aftercare;
 - Business retention and expansion;
 - Government liaison to support business and help facilitate innovation and growth, market development, export and trade opportunities;
 - Municipal marketing, promotion and community familiarization;
 - Municipal industrial land sale marketing and facilitation;
 - Sector specific capacity development initiatives;
 - Film & TV production attraction, support, and municipal permit administration;
 - Supporting workforce development, capacity, resiliency, job creation and skills building, including immigration and talent attraction;
 - Support for small business and entrepreneurs (Small Business Enterprise Centre partnership with Province); and
 - Community development, capacity and marketing partnership projects.
- **Business Development Process** - The City works to streamline the development process for existing and new companies. To expedite the process, the City has created the Development Application Review Team (DART). The DART reviews all development applications, including Site Plan Control Agreements, Committee of Adjustment Applications, Official Plan Amendments, Rezoning, Subdivision and Condominium Applications in a planned and coordinated approach.
- **Sale/lease of municipally-owned land** - In addition to its low industrial tax rate, North Bay offers several financial incentive programs that help support new development in Community Improvement Plan areas. For qualified projects, municipal industrial parks offer fully-serviced land at competitive rates.
- **The Business Centre Nipissing Parry Sound** - is a not for profit organization that offers information, programs, training and resources to entrepreneurs, start-ups and expanding businesses in the districts of Nipissing and Parry Sound as part of the Ontario Small Business Enterprise Centre (SBEC) Provincial Network.

Business Retention & Expansion Programs

North Grenville

- **2022 Mayor’s Address Event** - The North Grenville Chamber of Commerce in partnership with the Municipality of North Grenville hosted a Mayor’s Address event on March 31, 2022. This in-person event provided a spotlight on issues of key importance to the community, such as job creation and growth, affordable housing, rural broadband and rebuilding the local economy post-COVID. The event attracted 40 participants online and 80 attended in person.
- **NG Green** - The NG Green Card program is an initiative of the Municipality of North Grenville in partnership with the Old Town Kemptville BIA and the North Grenville Chamber of Commerce. The new NG gift card program was launched in early 2022 and offers shoppers an easy way to support their favourite local retail shops, beauty salons, restaurants, cafes and more. The gift cards are available for purchase at the Municipal Centre and can be used at participating businesses on www.loveng.ca. This program is part of the Municipality’s COVID-19 business support initiatives.
- **Hamlet Signs** - The 2022 Municipal budget included \$11,000 to be allocated towards the design and installation of 7 new community welcome signs. A request for tender was distributed and the contract was awarded to Gordon Signs. The following signs were replaced:
 - Welcome to Heckston x2
 - Welcome to Bishop’s Mills
 - Welcome to Oxford Station
 - Welcome to East Oxford
 - Welcome to Oxford Mills x2
- **Service Club Signs** - The 2022 Municipal budget included \$24,000 to be allocated to the design and installation of 4 new service club signs. A request for tender was distributed and the contract was awarded to Classic Graphics. The 4 new signs were installed on September 12, 2022.
- **Digital Service Squad** - Economic Development staff was successful in securing \$75,000 from the OBIAA to continue the Municipality’s Digital Service Squad Program. With this funding, the Municipality will be able to assist 200+ businesses with their digital needs. North Grenville's Digital Service Squad will work with local businesses to provide one-on-one support with digital assessments, website creation, social media advertising and e-commerce platforms. The Digital Service Squad is offering the following services for free:
 - Applying for up to \$4,900 in grants
 - Exploring social media
 - Learning about e-Commerce
 - Providing feedback on your current digital presence
 - One-hour consulting sessions for advice on Google my Business, Facebook, Instagram, LinkedIn, email marketing and more
 - Free 360° photos of your business
 - The program will run from May 2022 to January 2024.

Business Retention & Expansion Programs

North Grenville Cont'd

- **International Plowing Match** - Economic Development staff spent months working with community partners and stakeholders to plan for the 2022 IPM. Staff acted as the liaison between the Municipality and the IPM's local planning committee. The Municipality secured a 150x100 foot section at the IPM to showcase what North Grenville has to offer. The showcase included a mix of entertainment, displays and local food. The IPM Committee has reported that 67,128 people passed through the admission gates.
- **Economic Development Strategy** - The Municipality has engaged StrategyCorp to help create a community economic development strategy that helps cultivate representative and resilient economic activity in the Municipality of North Grenville. This strategy will provide relevant direction, outlining goals and outcomes for the Municipality's Economic Development initiatives that will assist the Municipality in improving the economic and social well-being of North Grenville's diverse residents.
- **North Grenville Historical Society** - Economic Development staff helped the North Grenville Historical Society find a new location downtown to establish a History Hub. The History Hub offers innovative programs for all ages, including activities designed to engage young people and children. The North Grenville Historical Society is a group of dedicated volunteers whose first objective is to engender and promote public interest in the heritage and history of the people and places of the North Grenville area.

Business Retention & Expansion Programs

Economic Development Corporation of North Simcoe

Economic Development Corporation of North Simcoe—Midland, Penetanguishene, Tay, Tiny

- **Mission:** The Economic Development Corporation of North Simcoe (EDCNS.ca), established in 2014, is a non-profit organization governed by a Board of Directors. The mission is to create sustainable economic growth in North Simcoe. North Simcoe consists of the four founding municipalities: Midland, Penetanguishene, Tay and Tiny. The Corporation includes representation from each of the four municipalities on the Board of Directors.
- **Community Partner Support & Liaison:** EDCNS collaborates with community partners including: County of Simcoe, Georgian College, North Simcoe Community Futures Development Corporation, Business Improvement Associations, and North Simcoe Tourism.
- **Ambassador Program:** The program is led by EDCNS Board Directors appointed as ambassadors to focus on lead generation, business development, retention and expansion in Advanced Manufacturing, Agriculture and Healthcare.
- **Broadband Gap Analysis:** The North Simcoe Community Futures Development Corporation (NSCFDC.on.ca), championed broadband (high-speed) Internet development in the North Simcoe region through a collaborative approach with North Simcoe partners including the Beausoleil First Nation and four municipalities: Midland, Penetanguishene, Tay and Tiny. Using GIS-based data inventory, the broadband gap analysis identified bandwidth availability.
- **Business Attraction:** The Business Attraction Committee created a strategy with three key tactics central to the EDCNS Scorecard: lead generation, contacting businesses for investment, and leveraging relationships with brokers. EDCNS.ca lists all available sites and site selector data and demographics to facilitate investment.
- **Agriculture:** An agriculture economic profile is available on edcns.ca. A website (farmfreshfoodfest.ca) showcases the inaugural agri-business sector event in 2017.
- **Healthcare:** Two of the County of Simcoe’s top 100 employers are in North Simcoe: Waypoint Centre for Mental Health Care and Georgian Bay General Hospital. EDCNS’ Prosperity Summit 2018, ignited the pillar with the theme “Convergence of Healthcare with Manufacturing.”
- **Manufacturing:** Manufacturers’ Roundtables enable business retention and expansion (BR&E), funding, growth, innovation and joint local talent recruitment initiatives, “Blue Collar Cool,” in media channels across Ontario.
- **Tourism:** EDCNS incorporated North Simcoe Tourism (gbay.ca) as a self-governing not-for-profit corporation in 2016. North Simcoe Tourism “the Heart of Georgian Bay” promotes the tourism pillar in North Simcoe. Governance and partnerships include Tourism Simcoe County and North Simcoe’s renowned world-class tourist attractions.

Business Retention & Expansion Programs

Norfolk

- **Architectural and Design Grant (DCS-15):** Purpose is to offset the costs associated with preparing the necessary plans and drawings that will outline the extent of the improvements being applied for. The program is available in the urban, hamlet, agricultural, and lakeshore areas. Norfolk County will provide a one-time grant, per property, based on a 50/50 matching cash contribution of the applicant to a maximum of \$1,500.
- **Planning Application Fee and Building Permit Fee Grant (DCS-20):** Purpose is to stimulate and encourage development and property improvements, and to provide assistance with the associated costs. The program is available in the urban, hamlet, agricultural, and lakeshore areas. Grants will be provided in the amount of 50% of the eligible planning and building permit fees, to a maximum of \$3,000 in building permit application fees; and a maximum of \$1,000 in planning application fees. This provides for a potential total grant of \$4,000 to cover application fees.
- **Landscaping, Signage and Property Improvement Grant (DCS-17):** Purpose is to provide assistance for upgrading the open areas associated with the property. The program is available in the urban, hamlet, agricultural, and lakeshore areas. Norfolk County will provide a one-time grant, per property, based on a 50/50 matching cash contribution of the applicant to a maximum of \$2,000.

North Perth

- Launch of a Pre-apprenticeship Training program with regional training partner in the field of Welding, Metal Fabrication and General Machining. To support workforce supply to area employers. Program includes in-class training and placements with local employers. Planned for Fall 2020.

- Wayfinding and Gateway signage program – Implementation of current phase with new Gateway signage to North Perth completed in Spring 2020.

Oakville

- The Oakville Economic Development Department provides a proactive company visitation program. In addition, the Department provides site information, economic data and acts as the lead advisor to the Oakville Council, Chamber of Commerce and developers on expansion opportunities/constraints.

Business Retention & Expansion Programs

Orangeville

- **Investment Readiness and Attraction**—Promotion of Orangeville as an investment and business location of choice completed through strategic marketing. Dedicated staff are available to provide customized one-to-one services and support to new investors and expanding businesses. Economic development staff serve as first point of contact for expansion and new business inquiries to facilitate the development process.
- **Business Retention + Expansion Program**—Sector-specific BR+E programs completed periodically. Initiative is designed to identify areas of concern and examine opportunities to help local businesses with their growth and expansion efforts. Ongoing and regular outreach and interaction with business community in place.
- **Development Charge Exemption**—A 100% percent exemption of non-residential development charges for certain industrial uses exists to encourage industrial development and employment in Orangeville.
- **Business Research and Development Assistance**— Community-specific information readily available through up-to-date inventory of available, serviced commercial and industrial lands and vacant ICI buildings. Detailed site selection research and information, economic data, statistics and other relevant information on Orangeville’s business environment readily available.
- **Workforce Development**—Collaboration with employers, local college, local high schools and with partners in regional Workforce Development Committee exists to support initiatives that will strengthen access to trained workforce.
- **Networking, Events and Partnership Development**—Liaison services are available to connect business owners with access to provincial and federal partners, programs and funding opportunities. Networking opportunities are also available at events delivered throughout the year, including specialized business seminars, the annual Economic Outlook Breakfast, and collaborative events with the local Board of Trade.
- **Dedicated Entrepreneurial Development/ Orangeville & Area Small Business Enterprise Centre (SBEC)**—Start-up and existing small business owners are supported with free guidance, support and resources during their initial years of operation. Services include business registration assistance, business related inquiries and one-on-one consultations, and access to affordable workshops and seminars throughout the year. Specialized programs that include the Summer Company and Starter Company Plus provide specialized training, mentorship and possible grants to support start-up and expansion-ready small business owners, including youth.
- **Tourism and Cultural Development**—Ongoing implementation of the 202 tourism Strategy and Action Plan and the Municipal Cultural Plan to support growth of tourism and cultural initiatives, programs and businesses. Includes visitor information services with information on attractions, events, accommodations, and shopping and dining options in Orangeville and the surrounding region.
- **Publications and Information**—Current news, updates and opportunities are shared through website (orangevillebusiness.ca and orangevilletourism.ca), an active social media program, videos, and through community and investment profiles.

Business Retention & Expansion Programs

Orillia

- **Orillia Area Community Development Corp. (Orillia Area CDC)** – The Orillia Area CDC assists businesses with business plans, marketing plans, loans and grants and business counselling. The CDC also features a strong professional development series of business workshops.
- **Orillia & Area Online Business Directory** – The directory is promoted by the City and community partners as a source for local products, businesses and services.
- **Moratorium on Industrial Development Charges** – In 2011 Council initiated a moratorium on Industrial Development Charges. This successful program has resulted in significant expansions within the community, benefitting both the growing businesses and the community through new employment. The moratorium has been extended to until the end of 2023.
- **Explore the Trades** – The City of Orillia Business Development Division supports the trades, in partnership with the Orillia Manufacturers’ Association and the Orillia District Construction Association and other regional organizations, the City of Orillia collaborates in hosting an annual Skilled Trades Expo, which brings together local employers in the trades, together with over 5,000 local elementary and secondary students. The event showcases career opportunities in the trades, both regionally and in the Orillia area.
- **Economic Development Partnership Development** – Business Development staff regularly assist in the development of partnerships throughout the community. This includes everything from business-to-business partnerships to connections between post-secondary institutions and business leaders.
- **Business Information Seminars** – The Business Development Division partners with other community organizations to offer informative workshops and events throughout the year including industry specific speakers, job training seminars and funding workshops in partnership with community partners.
- **Orillia & Lake Country Destination Marketing Organization** – The OLC is the destination marketing organization for Orillia & Area and focuses efforts on promoting local tourism attractions and events, while attracting visitors to the area. They administer 50% of the City’s Municipal Accommodation Tax.
- **Physician Recruitment Activities** – In Orillia, physician recruitment is a community-wide effort led by Orillia’s Soldiers Memorial Hospital that includes support from the Business Development Division. The City of Orillia provides annual funding to the committee and BDO staff assist with marketing initiatives.

Business Retention & Expansion Programs

Oshawa

- **Cluster Development Strategy**—Oshawa has identified five priority growth sectors (Advanced Manufacturing, Health & BioScience, Energy, Multimodal Transportation & Logistics, and IT).
- **Innovation Support**—Oshawa is home to a Regional Innovation Centre called Spark Centre. Spark Centre offers support for technology-based businesses to grow from an idea through various stages of growth. The City provides financial support to Spark Centre to support access to incubator space and programming for entrepreneurs.
- **Fast Tracking Development Approvals Process**—The City’s Development Services Team offers a fast tracking development approvals process to accommodate approvals when timelines are tight.
- **Partnerships**—Oshawa partners with a number of local, regional and provincial partners both from the public and private sector to promote our area’s business opportunities and make those strategic connections. Partnerships include: the Greater Oshawa Chamber of Commerce, the Greater Toronto Marketing Alliance, Durham Economic Development Partnership and Durham Workforce Authority in addition to others.
- **Site Selection Tools**—Location assistance, navigating the development approvals process, access to critical information, and connections with other relevant organizations.
- **Business Connections**—Regular contact with local businesses to provide support for a variety of issues including support for expansion, hiring, financing, access to other levels of government, etc.
- **Development Charge Exemption**—There are no City development charges for industrial development.
- **Workforce Development**—The City works closely with its local post-secondary institutions, Durham College, Ontario Tech University and Trent University Durham GTA), that develop leading-edge programs to train the workforce that employers need.
- **Publications**—Online Business Directory, a quarterly e-newsletter, a monthly downtown stakeholder e-newsletter, shop local guide as well as a Consolidated Community Profile and Development Insider annually.
- **Networking and Business Education**—Economic Development Staff bring a variety of workshops and networking opportunities to businesses.

Business Retention & Expansion Programs

Ottawa

- **Economic Development Long Range Planning Services:** facilitates economic growth in Ottawa by setting the direction and managing the evolution of the City. The service area delivers programs, services, and initiatives that advance job creation and economic diversification while managing the growth of the City through the Official Plan. The following are services offered:

- **Zoning & Interpretation:** is responsible for developing zoning provisions to implement Official Plan policy, undertaking issue-or area-specific zoning amendments at the direction of Council, initiating land use studies and zoning by-law amendments in response to evolving land use issues and undertaking administrative updates to correct errors and ensure the efficient function of the Zoning By-law. Additionally, prepares by-laws for the approval of Council and providing formal interpretations regarding how the Zoning By-law is to be implemented and enforced.
- **Community Planning:** is responsible for preparing the City's Official Plan (the blueprint for the City's future growth and evolution), and neighbourhood planning in all its aspects, including but not limited to Community Design Plans, Secondary Plans, Transit-Oriented Development Plans, and Neighbourhood Revitalization Plans.

Business Retention & Expansion Programs

Ottawa Cont'd

- **Natural Systems & Environmental Protection:** provides strategic policy expertise and coordination to the City in the areas of natural systems & climate change mitigation and adaptation, while delivering clear, consistent environmental policies to support planning and growth management of the City while minimizing negative impacts and building resilience. It also fosters a positive public persona of Ottawa as a healthy live-able city through policy, strategies, public engagement by promoting stewardship of the natural environment and a sustainable, resilient city by developing and facilitating the implementation of watershed strategies, environmental plans, protocols, guidelines, by-laws and other tools to inform and influence the corporation's environmental and city building objectives.

Parry Sound

- **FAM (Familiarization) Tours:** Economic Development Department of the Town of Parry Sound brings business people from the GTA, southern Ontario, and overseas to Parry Sound District to experience what the area has to offer in terms of investment opportunities. The tours are organized as a one day event, with visits to Parry Sound Downtown and Waterfront, Parry Sound Municipal Airport Business Park, Parry Sound Industrial Park, as well as meetings with various local stakeholders. FAM Tour Program was on hold due to COVID-19 between January 2021 – April 2022. Since its resumption in May 2022, we have already hosted 3 FAM tours (2 domestic and 1 with a company from Ukraine), and plan to host 7 – 10 more by the end of this year.
- **BR&E (Business Retention and Expansion) Survey:** Economic Development Department of the Town of Parry Sound in partnership with West Parry Sound Economic Development Collaborative has been conducting a BR&E survey since 2021 (with pauses due to COVID-19 lockdowns). To date, 38 businesses in Parry Sound have participated. Surveys are currently paused during the summer months and are expected to resume in September, with an online option for those who are unable to arrange an in-person visit. The survey is expected to be concluded by the end of the year.

Business Retention & Expansion Programs

Peterborough

Peterborough and the Kawarthas Economic Development ("PKED")

- Peterborough and the Kawarthas Economic Development is here to help you invest and grow in Peterborough. Scugog

One of the major economic development projects to be undertaken by the Township of Scugog over the next two years will be the **BR&E (Business Retention & Expansion) Program**. The Township will be using the Ontario BR+E model which is a structured, action-oriented approach to business and economic development. It promotes job growth by helping communities learn about issues and opportunities for local businesses as well as sets priorities for projects to assess these needs. A BR+E project consists of trained volunteers who visit businesses and conduct confidential interviews with senior-level management, business owners or managers. Data analysis and action planning is then undertaken to address issues and opportunities facing businesses.

Business Retention & Expansion Programs

South Bruce Peninsula

- South Bruce Peninsula is supportive of a strong and diversified business environment and works with partners to continually improve on the health of the local business economy.
- **Open-door policy**—The Economic Development Office has a welcoming open-door policy for residents, business owners, entrepreneurs, & investors to ensure all business-related inquiries are addressed in a timely manner.
- **Pre-consultation**—South Bruce Peninsula takes a progressive approach to development, as such, there is a stream-lined pre-consultation process where staff work closely with residents, businesses, developers and neighbourhood groups and other community members to ensure the successful completion of development projects. Staff review proposals to determine what documentation is required to support planning applications for your development. Meetings will be arranged with proponents if required.
- **Corporate Calling Program**—The municipality has a robust corporate calling program. For many local businesses exposure to the municipality is very limited and in many cases corporate calling is the first contact many of them have had with the Town.
- **Collaborative Partnership Development**—The Economic Development Officer establishes and maintains collaborative partnerships with local residents, Chamber of Commerce regional, provincial and national organizations to ensure businesses have the resources they need.
- **Façade Improvement**—The Town partners with the County of Bruce to deliver the Spruce the Bruce program for facade improvement. The program is based on guidelines from our Community Design Toolkits for businesses within the Municipality’s Community Improvement Plan areas. Toolkits have been designed to promote individual community brands while maximizing consistency and developing a sense of place in the community’s downtowns.
- **Physician Recruitment**—Actively implement ongoing programs for physician recruitment and retention for medical students, locums, or resident physicians or other incentives as deemed appropriate by the Town of South Bruce Peninsula and Committee.

Springwater

Economic Development Strategy Implementation

- In 2010, The Township of Springwater adopted its first Economic Development Strategy to assist and inform the economic development efforts of the municipality. The strategy outlines five (5) key goals with an overall vision of the municipality being “known as a prosperous community with market opportunities that enable new business investment and economic growth across a broad range of industry.” Staff will continue to work on achieving these goals in 2022.

Tourism

- The Township will continue to advertise the municipality for the purposes of tourism year round, highlighting our natural/recreational assets throughout the municipality. In addition, the Township will continue to support community/special events that occur within the municipality for the purposes of tourist attraction.

Business Retention & Expansion Programs

Springwater Cont'd

Economic Development Marketing Plan Implementation

- In January 2018, the municipality completed the Township of Springwater Economic Development Marketing Plan (EDMP). The main goal of the EDMP is to raise awareness about the economic development opportunities in the Township of Springwater among key audiences, as well as support the economic development vision of becoming a prosperous community that enables tourism and attracts sustainable business while maintain the quality of life that is valued by its citizens. In 2021, staff invested in new/additional video and photo content which will aid in the marketing initiatives executed in 2022.

General Business Support Services

- Since the onset of the pandemic, adaptive changes have occurred to shift the Township's economic development efforts towards business support and recovery methods. A large part of this shift was providing additional information on available incentive programs to our local businesses. This will continue in 2022 while also looking at resuming some more traditional business expansion and retention efforts in the future (either late 2022 or 2023).

St. Catharines

- **Corporate Calling Program** – focused on building strong relationships w/ industry through a coordinated corporate visitation schedule aimed at identifying challenges and growth opportunities (business retention and expansion BR+E).
- **Project Expeditor Services** - provides certain land development projects with expertise, guidance, resources, and conflict resolution services to move land development projects forward and address challenges and obstacles to a planning or building permit approval.
- **Government Relations** - develop and maintain relationships with elected and unelected government officials, research and advise on public policy, legislation, and programs.
- **Site Selection Assistance Program** – offering an array of services ranging from workforce development to shovel-ready land to help investors/businesses or relocate in St. Catharines.
- **Physician Recruitment Program** – the St. Catharines medical community is leader in providing collaborative care to its residents. City staff works closely with the medical community to assist with the recruitment and retention of medical professionals.
- **Tourism marketing and promotion** – staff work with tourism/industry partners and colleagues to develop and deliver marketing programs that increase visitor attraction/participation.
- **St. Catharines Enterprise Centre (SCEC)** - provides business advisory services, training, networking, youth programming, events, monthly newsletters, and community outreach to both new and existing small and medium sized businesses.

Business Retention & Expansion Programs

St. Thomas

- The St. Thomas EDC—oversees the Elgin/St. Thomas Small Business Enterprise Centre, Railway City Tourism and the Horton Farmer's Market and provides high quality economic development services across St. Thomas and Elgin County, under the leadership of a volunteer Board of Directors comprised of representatives from business and industry in St. Thomas, along with 3 Members of City Council
- **Corporate Visitation Program**
- **Site Selection Services**—Full array for new and expanding businesses, while also serving as a liaison between multiple levels of government and the business community
- **Investment Attraction**—The St. Thomas EDC is a founding member of the Southwestern Ontario Marketing Alliance (SOMA), an association which provides services for foreign investors looking to locate in a region that includes Ingersoll, Tillsonburg, Woodstock, Perth County, Stratford and St. Thomas
- **Free Employment Assistance**—is offered through Employment Services Elgin and Fanshawe Employment Services, reducing the burden on employers as they look to find the most suitable candidates for available positions and look for any available funding to support employment growth
- **Publications**—The Economic Development Corporation publishes an annual Industrial and Business Directory, a comprehensive Community Profile and a periodic newsletter.
- **Elgin Business Resource Centre (EBRC)**—is a Federally-funded agency that offers business support and provides loans to small businesses looking to grow
- There are no Industrial Development Charges in the City of St. Thomas and Building Permit fees are capped at \$25,000.

Stratford

- **Stratford Economic Enterprise Development Corporation (investStratford/SEED Co.)**—investStratford/SEED Co. provides a professional value-added business service to keep and grow Stratford business and attract new investment. investStratford/SEED Co. operates in partnership with business, education and government sectors.

- **Stratford Perth Centre for Business**—Offers free one-on-one confidential business consulting services. Also offered are entrepreneurial training and support through workshops, special events, mentoring programs, business plan development and public and private sector referrals.
- **Investment Attraction**—investStratford/SEED Co. and the City of Stratford are founding members of the Southwestern Ontario Marketing Alliance (SOMA), an association which leverages the City of Stratford on an international level.

Business Retention & Expansion Programs

Stratford (cont.)

- **Workforce Development** - investStratford/SEED Co. is a partner with local and regional organizations involved with labour force research, training and programming. The JobsStratford page on the investStratford website is a portal for local/regional job boards, employer resources and training and support programs. investStratford/SEEDCo. also leads the work being done on Stratford's Attainable Housing strategy and inventory.

Thunder Bay

- **The Thunder Bay & District Entrepreneur Centre** - Located within the CEDC's administration office and funded by the City of Thunder Bay and Ministry of Energy, Northern Development and Mines; the centre provides seminars, workshops and free and confidential business counselling services for new and existing small business. The centre also provides business grants through the Starter Company Plus and Summer Company that is funded by the Ministry of Economic Development, Job Creation and Trade. As well as the Digital Main Street program, the Ontario Business Improvement Area Association (OBIAA) supports this program with local squad team members to provide one on one support to improve their online presence/skills. For those eligible businesses, there are grant funds available to achieve their digital transformation.
- **The Rural and Northern Immigration Pilot (RNIP)** - Is a community-driven immigration program lead by the Thunder Bay Community Economic Development Commission. It is designed to spread the benefits of economic immigration to smaller communities by creating a path to permanent residence for skilled foreign workers who want to work and live in Thunder Bay. The RNIP allows eligible employers to make full time permanent job offers to skilled foreign workers who can help fill identified labour shortages in our city. The Thunder Bay Community Economic Development Commission (CEDC) recommends people for permanent residence who have the skills and experience that the Thunder Bay economy needs, and the Government of Canada makes the final decision to approve applications for permanent residence.
- **The CEDC Tourism Development Fund (TDF)** - The Community Economic Development Commission Municipal Accommodation Tax Fund (CEDC MAT Fund) consists of tax revenues collected annually by the City of Thunder Bay through the administration of the Municipal Accommodation Tax (MAT). The MAT is levied on short-term hotel, motel and other commercial establishment stays in the City of Thunder Bay, at a rate of 4%. The Thunder Bay Community Economic Development Commission (CEDC) utilizes 50% of this tax revenue to support continued tourism growth by providing funding through two funding streams, an Event fund and a Product Development fund.

Business Retention & Expansion Programs

Thunder Bay

- **The Thunder Bay Community Economic Development Commission (CEDC)** - Promotes business development, retention and expansion, entrepreneurial support, opportunity, promotion and collecting and assessment of key business data in a way that is project based, business led, community supported and partner driven.
- **Physician Recruitment**—The Thunder Bay Physician Recruitment and Retention program is a partnership of community, medical, government and academic institutions.
- **Community Futures Development Corporation (CFDC)**— Locally the CFDC is known as Thunder Bay Ventures' Finances new businesses and expansions, provides business services and referrals and funds economic development projects in the Thunder Bay Census Metropolitan Area.
- **PARO Centre for Women's Enterprise**—PARO is one of Canada's most successful business support and networking organizations. As a not-for-profit social enterprise, we collaborate to empower women, strengthen small business and promote community economic development across Northern, Northeastern, Eastern, South Eastern, and Central Ontario (excluding the Greater Toronto Area).
- **Northwestern Ontario Innovation Centre** - The Innovation Centre's goal is to help the innovative companies of Northwestern Ontario to start, grow, and succeed. They act as support system for innovation and strongly believe in collaboration and helping.
- **Ingenuity** – Ingenuity is Lakehead University's first business incubator. They offer space and resources for students who are looking to start a business or develop their idea. Along with providing space for budding entrepreneurs, Ingenuity also offers a learning environment to help develop knowledge and skills that help support business development and growth.

Business Retention & Expansion Programs

Welland

- Welland offers Site Location, Business Facilitation, Venture Niagara, Club 2000 services.

County of Wellington

Wellington County Economic Development Three-Year Plan (2019-2021) reaffirms goals and actions for the department for the next three years. Key priority and action areas include: growing key industries, attracting talent, supporting businesses, planning for the future, and promoting Wellington County.

Ride Well Rural Transportation

On October 1, 2019, Wellington County launched a county wide, demand based, public transit service available to all residents and visitors. This pilot service is funded by the Government of Ontario and offers a safe, affordable option for people to move throughout the County. The programme was awarded two additional years of funding, and is now set to complete in 2025.

RIDE WELL^{OM} is a public transit service that uses a rideshare model of operation. The County has partnered with a technology company (RideCo) to provide on-demand shared rides. RideCo's software optimizes the rides such that as many people with as few vehicles possible are getting to their destinations in a reliable way. It provides an alternative option to owning and using a personal vehicle in a rural setting and for those who cannot access vehicles for regular needs.

Business Retention and Expansion (BR+E)

Business Retention and Expansion (BR+E) is a community-based economic development programme that focuses on supporting existing businesses. It helps communities understand the local business needs and respond - so that businesses stay, grow and become more competitive in the community.

- Short Term Objectives
 - Build and improve relations with existing businesses
 - Build capacity within the community and strengthen relationships between organizations
 - Identify the positive and challenging attributes of the community as a place to do business
 - Identify and address immediate concerns and issues of individual businesses through an assessment and referral process
 - Collect business and market data to support economic development planning
 - Establish and implement a strategic action plan to support existing businesses
- Long Term Objectives
 - Increase the competitiveness of existing businesses
 - Enable business development, investment and job creation
 - Foster and enhance the environment for business development

County of Wellington Cont'd

Talent Attraction

One of the Wellington County's top priorities is to help businesses access the labour force they need to thrive and grow. The Talent Attraction Initiative aims to meet labour market needs in the County of Wellington and support strategic economic growth through a variety of employment focused projects. This new initiative for businesses is a component of the Wellington Business Retention and Expansion implementation work, and is offered by the department of Economic Development of the County of Wellington. Project partners include the University of Guelph, Conestoga College, Immigrant Services Guelph-Wellington, and the Guelph-Wellington Local Immigration Partnership.

Some project activities include:

- Raising awareness of employment opportunities in Wellington County to local, regional and international audiences.
- Developing employment based pathways with post-secondary institutions to connect students with employers in Wellington County.
- Working with the settlement sector to help global talent explore employment opportunities in Wellington County.
- Advising employers about; immigration programmes which could be used to meet their labour force needs and the important role global talent can play in their future economic growth.
- Attracting new residents to Wellington County.

Attainable Housing Strategy

- Wellington County has amended its Official Plan to allow for Additional Residential Units (ARUs) and all County municipalities have also changed their bylaws to accommodate at least one additional rental unit on properties.
- The County is currently reviewing and updating Official Plan policies to prepare for added growth and to ensure that the Plan is supporting healthy, compact and complete communities in Wellington County.
- The County is undertaking a Municipal Comprehensive Review to provide recommendations on amendments that align with the Attainable Housing strategy and these imperatives.
- The County meets regularly with developers and builders and is encouraging proposals that align with the goals of the Attainable Housing strategy.

Southwest Integrated Fibre Technology (SWIFT)

Southwestern Integrated Fibre Technology Inc. (SWIFT) is a non-profit regional broadband project initiated by the Western Ontario Wardens' Caucus to subsidize the construction of an open-access, high-speed broadband network in Southwestern Ontario, Caledon and the Niagara Region. The project's approach strives towards the overarching goals of narrowing the digital divide and making small-town Ontario more competitive in the information economy. Wellington County is one of 18 partners across southwestern Ontario in the regional SWIFT initiative, bringing broadband to our rural communities. SWIFT's innovative approach to funding open access broadband networks will aim to connect business facilities, public buildings and residential homes in underserved areas within the project region. Currently, SWIFT Network has enabled four projects totaling \$12.1 million for improving high speed internet in Wellington County. Learn more about local SWIFT projects.

April 2020 the **Keep Well Business Emergency Fund** was established in partnership with the Wellington Waterloo Community Futures and the Saugeen Economic Development Corporation to assist businesses during the COVID-19 pandemic. The Keep Well Fund totaled \$891,400, with 60 agreements finalized, an average loan amount of \$15,108 and 290 jobs supported.

Wellington County Municipal Economic Development Group Meetings.

Monthly Wellington Economic Development meeting includes each member municipality, OMAFRA, MEDEI, GWLIP, two Community Futures Corporations, Workforce Planning Board, Wellington Federation of Agriculture, Innovation Guelph and the Business Centre Guelph Wellington. These meeting continued in 2020 in an online format.

Western Ontario Warden Caucus (WOWC)

Councillor Bridge, Chair of the County Economic Development Committee, led the creation of a regional Economic Development Strategic Plan for Southwestern Ontario that was completed in 2017. In 2021, Council Bridge was re-appointed as Chair of the WOWC Economic Development Sub-Committee. The County continues to play an active role in WOWC advocacy and projects.

Wellington North

In 2018 the Township of Wellington North completed a Community Growth Plan. The document is a local strategy for managing and directing the planned population and employment growth in Wellington North. The plan contains strategies and initiatives that along with the Wellington County Economic Development Strategic Plan, and the Township of Wellington North Strategic Plan, will help to guide our Economic Development efforts through to the end of this term of council in 2022.

Business Retention and Expansion

- Primary focus of our BR+E efforts during the past couple of years of Covid continued to be on the Downtown/Retail Sector. Construction, Manufacturing and Health Care sectors were exceptionally strong over the past year with a specific focus on Housing, Transportation and Talent Attraction. Major employers supporting these efforts include Musashi, All Treat Farms, Golden Valley Farms, Quality Homes, Vintex and Dana Long.
- Monthly Wellington Economic Development meeting includes each municipality, Wellington County, OMAFRA, MEDEI, GWLIP, two Community Futures Corporations, Workforce Planning Board, Wellington Federation of Agriculture and Guelph Wellington Business Enterprise Centre.
- Saugeen Connects partnership with Minto, West Grey, Aaran-Elderslie, Brockton, Town of Hanover, and the Saugeen Economic Development Corporation expanded to include South Bruce. Focus includes Youth Entrepreneurship, advancement of women and workforce development/attraction programs.
- Rural Economic Development (RED) grant funding of \$30,000 obtained to support Mount Forest Streetscape improvements.
- Digital Main Street grant funding of \$54,000 received to establish a Digital Service Squad to support Main Street businesses in Minto, Mapleton, and Wellington North.

Business Retention & Expansion Programs

Wellington North Cont'd

Youth Entrepreneurship Programs

- Saugeen Student Start Up program to promote Youth entrepreneurship continued and we provided 58 youth with upwards to \$500 in funding to start-up 51 businesses in our region. These students, from grades six to 12, have started various businesses which include lawn care, dog walking, babysitting, selling hand-made merchandise, working a concession stand and other creative business ideas.

Whitby

- Information on available development sites, industrial and office properties
- Demographics and statistics relevant to businesses and investors
- An online Business Directory
- Corporate calls with the local business communities to learn about their products/services and their markets to assist in promoting them
- Staff also provide local businesses with information about financial incentives, new developments and upcoming events

Whitchurch-Stouffville

- **Visitation Program**
- **Rural Development Consultations** – These are used to identify appropriate and realistic ways in which rural areas can participate in the Town's overall economic growth.
- General promotion for both business and tourism attraction. Continuous data collection and revisions to facilitate investment decisions in favour of Whitchurch-Stouffville.

Windsor

Economic Revitalization Community Improvement Plan (City-wide)

- Offers financial incentives in the form of a tax increment-based grants to new, existing and small businesses.
- Grants may be approved by City Council for up to 100% of the municipal property tax increase created by the project for up to 10 years after project completion
- **Invest Windsor Essex - formerly WEEDC** is the lead economic development agency representing the Windsor-Essex Region and works to positively impact the Region by providing services including business attraction, retention, and expansion, small business and entrepreneurial development, and community development activities. WEEDC provides Regional Economic Data, Site Selection Property Search, Assisting Windsor-Essex Region Companies to Expand Locally and Internationally, Development Charges Exemptions. There are no Industrial Development Charges in the City of Windsor, **Windsor Essex Small Business Centre**

Business Retention & Expansion Programs

York Region

Economic Development Action Plan - Supporting Business:

- Regional Business Retention, Expansion and Attraction (BRE&A) advisory services delivered to established companies focused primarily on knowledge-based sectors and customized to client needs
- **York Small Business Enterprise Centre** - small business start-up and growth services in the Northern Six communities of the Region

- **Façade Improvement Program** - available for 50% of the construction costs to a maximum grant of \$5,000 per applicant which can be used to offset design and other professional costs and construction costs

Downtown/Area Specific Programs

Barrie

The purpose of the **Community Improvement Plan (CIP)** is to provide financial incentives to support key planning and growth management objectives, development of affordable housing units across the City, development of a mix of uses within the Urban Growth Centre (UGC) as well as support for built heritage preservation. Broadly, the objectives of this CIP are to: Facilitate the development of a mix of land uses within the UGC; Support built heritage preservation; and support the provision of a variety of affordable housing units by offering financial support based on a continuum of housing options.

There are three incentive programs offered through the CIP:

1. Redevelopment Grant Program;
2. Preservation of Built Heritage Grant Program; and,
3. Affordable Housing Development Grant Program.

The incentive programs include things such as a rebate on certain fees and permits (such as planning application fees and building permit fees), affordable residential units per door incentive, a tax increment based grant on eligible brownfield redevelopments and a grant for renovation and restoration work on buildings on the Municipal Heritage Register.

Bracebridge (see business retention and expansion section from program details)

- **Building Improvement Grant/Loan**
- **Housing Rehabilitation Grant/Loan**
- **Façade Improvement Grant/Loan**
- **Signage Improvement Grant**
- **Property Improvement Grant/Loan**
- **Energy Efficiency Retrofit Grant/Loan**

Brampton

Central Area Community Improvement Plan

The Central Area Community Improvement Plan (CIP) establishes programs to provide financial and other incentives to meet the City's Central Area land use planning objectives, including the Building and Façade Improvement Program, Development Charges Incentive Program and Sign Permit Fee Subsidy Program.

Downtown Brampton BIA

The Downtown Brampton BIA promotes the commercial area as a vibrant business and shopping district. Using promotional activities such as special events, advertising, and beautification programs, the BIA aims promote the area as an attractive, pleasant place to shop, to be entertained, to work, and to live. The organization is a not-for-profit association where the property owners, and commercial tenants who pay a portion of the property tax, pay a special levy that funds the organization.

Downtown/Area Specific Programs

Brant County

Community Improvement Plans are in place for the historical downtown areas of Burford, Paris and St. George. County of Brant Community Improvement Plans include a comprehensive suite of grant that assist property owners and tenants with:

- Facade improvement
- Signage improvement
- Property and Private Parking Area Improvement
- Upper Story Apartment Improvement
- Property and Private Parking Improvement
- Planning and Building Application
- Adaptive Commercial Reuse Grant
- Tax Increment Equivalent Program
- Brownfield Study
- Brownfield Property Tax Assistance

Brockville

- **Tax Increment Equivalent for Rehabilitation and Redevelopment (TIERR) Grant Program**
 - The amount of the grant provided will depend on the amount of the municipal portion of property taxes that has increased as a result of the improvements
 - Offers a grant of 100% of the increase in municipal realty taxes paid annually for a maximum period of five years
- **Building and Plumbing Permit Fee Grant Program**
 - A grant equivalent to the fees paid for Building Permits and Plumbing Permits within a designated area. The program is meant to stimulate and encourage development and property improvements in downtown Brockville.
 - The grant represents 100% of equivalent fees paid for building permits and plumbing permits for approved properties.
- **Heritage Signage Grant Program**
 - A grant to owners or tenants of buildings who construct a 'Heritage' sign on their buildings. A grant of \$1000 or 50% of the cost of the sign, whichever is lesser, will be paid to the property owner or tenant by the City following submission and review by the Planning Department of the detailed bill as provided by the sign maker and endorsed by the owner or tenant
- **Residential or Commercial Conversion/Rehabilitation Grant (RCCR) Program**
 - A grant to owners or tenants of buildings who choose to upgrade existing space on upper floors to create new or improved residential and/or commercial space in keeping with the original goals of the Downtown CIP
 - Provides the property owner or tenant with a grant equal to 50% of the costs for space converted or rehabilitated up to Twenty Thousand Dollars (\$20,000.00) per property subject to the approval of the Planning Department.

Downtown/Area Specific Programs

Brockville Cont'd

Façade Improvement Grant (FIG) Program

- A grant to owners or tenants of buildings who undertake restoration and/or rehabilitation of Program Area buildings in a fashion consistent with the original design or with the City's Urban Design Guidelines and the requirements of the Ontario Building Code
- Offers a grant of up to 50% of the total cost of façade improvements where a project has a value of more than Two Thousand Dollars (\$2,000.00), said grant being not more than Ten Thousand Dollars (\$10,000.00) per annum, per property, per façade

Caledon

- **Development Charges Exemption** - Caledon East Commercial Core Area and the Bolton Business Improvement Area
- **Community Improvement Plans (CIP)** - Includes the communities of Alton, Bolton, Caledon East, Caledon Village, Cheltenham, Inglewood, Mono Mills and Palgrave. The CIP provides a framework for a series of proposed improvements to public infrastructure and outlines the financial incentives -grants - made available to private property owners and tenants. The purpose of the grants is to encourage investment in commercial and mixed-use and industrial properties and contribute towards the revitalization and beautification of the CIP areas.
- **Downtown Bolton Revitalization** - The goal of the Bolton Downtown Revitalization Plan is to improve the historic downtown area for residents, business owners and visitors. Adopted by Council on March 30, 2021, the plan is being implemented by the Town of Caledon and a Task Force of committed residents, partners and stakeholders. Incentives such as micro-grants of up to \$3,000 is provided to anyone committed to supporting revitalization efforts to the community in a free and accessible manner

Cambridge

Incentives - Core Areas

- **Commercial Building Restoration, Renovation and Improvement Grant (CBRRIG)** - Matching grant of up to 50% of eligible costs up to a maximum grant amount. If the building is a single floor commercial, the maximum grant amount will be \$50,000 per property. If the building is two or more floors of commercial use, the maximum grant amount will be up to \$100,000 per property. The maximum grant may increase by \$5,000 for the inclusion of enhanced accessibility elements.
- **Mixed Use Conversion and Restoration Grant Program (MUCRG)** - aimed at attracting new investment and interest in converting currently non-residential vacant or underutilized upper storey space to residential units and renovating the existing commercial space located below. The total amount combined of the grant of the eligible costs is up to a maximum grant of \$150,000 per property. The total amount for projects that include accessible residential units as well as enhanced accessibility elements on the ground floor is a maximum grant of \$177,500 per property.
- **Core Areas Waiver of Application Fees**
- **Tax Increase-based Equivalent Grant Program (TIEG)** - offers grants to eligible applicants whose City property tax has increased as a result of the planning or replanning, design or redesign, resubdivision, clearance, development or redevelopment, reconstruction and rehabilitation of a property within one of the designated Core Areas Community Improvement Project Areas, resulting in the incremental improvement of the built character of these areas. Annual grants may be equal to 75% of the City's portion of the property tax increase.

Downtown/Area Specific Programs

Cambridge Cont'd

- **On Street Sidewalk Patio Program** – A program that permits local businesses to open a seasonal patio on in public areas (the sidewalk or in an on-street parking area). In 2021 staff also ran a pilot program offering the same service for private property (to combat COVID-19 closures).
- **Emily Project** - In collaboration with the Planning division facilitate a program to allow property owners with vacant land to purchase a 911 Sign. In the event of any emergency, Farm 911 signs assist First Responders in locating individuals on vacant agricultural land who require emergency assistance in a timely manner.

Downtown/Area Specific Programs

Halton Region

- All of the local municipalities in Halton have active partnerships with Downtown Business Improvement Area Associations (BIA's) to maintain and improve Downtown areas. Burlington, Milton and Oakville have specific urban areas designated as Urban Growth Centres under the Provincial "Place to Grow" legislation and plans.

Hamilton

- The City of Hamilton offers financial incentive programs in the form of loans and grants to assist with various costs associated with development in Downtown Hamilton, Community Downtowns, Business Improvement Areas (BIAs), the Mount Hope/Airport Gateway, and the commercial corridors as identified in the Revitalizing Hamilton's Commercial Districts Community Improvement Project. There are also financial incentives for properties designated under the Ontario Heritage Act. The Revitalizing Hamilton's Commercial Districts Community Improvement Project provides the basis through which these programs are provided. In addition, municipal Development Charges (DC) are reduced within the defined Downtown Hamilton Community Improvement Project Area. Developers are also provided the option to receive an additional exemption of 10% of the municipal development charges in this area where a dollar for dollar contribution is made to the Downtown Public Art Reserve. Programs such as:
 - **Barton/Kenilwoth Planning and Building Fees Rebate (BKPBFRR); Revitalization Grant (BKRGR), Tax Increment Grant (BKTIG)**
 - **Commercial District Revitalization Grant (CDRG); Housing Opportunities (CDHO); Vacancy Assistance (CVA)**
 - **Downtown & Barton/Kenilworth Housing Opportunities (DBKHO)**
 - **The Hamilton Community Heritage Fund Loan (HCHFL)**
 - **Hamilton Heritage Conservation Grant (HHCG), Heritage Property Grant (HHPG)**
 - **Revitalizing Hamilton Tax Increment Grant (RHTIG)**
 - **Start-up & Office Tenant Attraction (SOTA)**

Downtown/Area Specific Programs

Huntsville

In March 2011 the Town of Huntsville adopted the Downtown Community Improvement Plan Bylaw which provides a long term vision for Downtown Huntsville in terms of redevelopment, revitalization and beautification of the Area. In December of 2012 the Town of Huntsville adopted the Community Improvement Plan Implementation Bylaw 2012-116 which details the grants that are available to encourage property owners to redevelop their properties in the Downtown Area.

Implementation By-law 2012-116: <http://www.huntsville.ca/en/townHall/resources/GrantImplementationBylaw2012-116-CIP.pdf>

Small Community Grants Program

Program designed to support Not-for-Profit organizations with delivery of community events or programs. Organizations are eligible to receive up to \$1000.00 from the municipality to support their efforts

Ingersoll

- **Façade Improvement Program** - All façade improvements must adhere to the Central Area Design Guidelines. The loan will be a maximum of \$10,000 interest free and amortized over a 5 year period with a grant of \$2,000 to be awarded upon successful completion of all requirements of the program.
- **Residential Conversion, Rehabilitation and Intensification Program** - This program is intended to provide a loan or grant to encourage property owners to create one or more new residential dwelling units within and near the Downtown core through the rehabilitation, renovation or addition to an existing building(s). The Town will grant back 50% of the building permit fees associated with residential conversion, rehabilitation and intensification. The Town will provide a tax incremental grant on improvements that create an increase in assessment over a 5 year period with 80% of the tax increase granted back in year 1, 70% in year 2, 60% in year 3, 40% in year 4 and 20% granted back in year 5.
- **Update to Building Code Program** - to ensure older buildings comply with current health and safety to conform with Municipal, Provincial and Federal requirements. The Town will grant back 50% of the building permit fees associated with updating buildings to conform with current Municipal, Provincial and Federal health and safety requirements.
- **Design Grant Back Program** - The Town will grant back 50% of the eligible costs to a maximum of \$1,500 for anyone successful in receiving funding for other programs within the Community Improvement Program.
- **Tax Increment Equivalent Grant Program** - This program is intended to provide a grant to owners of lands and buildings who undertake development, improvements or redevelopment that result in an increased property assessment. The grant will be calculated by subtracting the municipal portion of property taxes before reassessment from the municipal portion of taxes after the increase in assessment, but takes into calculations any increase in property tax due to a general tax increase or decrease, or change in assessment for any other reason.

Downtown/Area Specific Programs

Innisfil

The Town of Innisfil has recently launched a Community Improvement Plan for the neighbourhood of Cookstown.

- Façade, Building and Signage Improvement Grant
 - Accessibility Improvement Grant
 - Building Code Compliance Grant
 - Landscaping and Property Improvement Grant
 - Building Permit and Planning Application Fee Rebate Program
 - Tax Increment Equivalent Grant Program
-

Kenora

- Harbourtown Centre Community Improvement Plan (CIP) - Façade improvement, Signage, landscaping
 - Former Mill Site CIP– Tax program, building improvements
 - Keewatin CIP– Façade improvement, landscaping, tax program, affordable housing
-

Kincardine

- Bruce County Economic Development Grants The County of Bruce launched “Economic Development Grant” Similar to “Spruce the Bruce” these grants are for lasting downtown revitalization community improvements i.e. Community signage, destination infrastructure, streetscape beautification which the municipality supports

Downtown/Area Specific Programs

King

- **Community Improvement Plan (CIP)** A new and broader Township-wide program was adopted by Council in March 2021. Building on the success of the first program that focused on the commercial cores of King City, Nobleton and Schomberg, this new program includes eligible properties in five precincts and provides incentives to commercial, agricultural and agri-business enterprises to make physical improvements to their properties. The new CIP Plan outlines financial incentives for property owners and tenants to invest in their property and outlines how the Township will roll out the plan. Financial incentive grants are offered for the following property improvements:
 - **Signage Improvements:** 50% of project cost or \$2500 whichever is less
 - **Façade Improvements:** 50% of project cost or \$10,000 whichever is less
 - **Property Improvements:** 50% of project cost or \$10,000 whichever is less
 - **Building Accessibility:** 50% of project cost or \$5000 whichever is less
 - **Motor Vehicle and Bicycle Parking:** 50% of project cost or \$5000 whichever is less
 - **Property Conversion, Reuse and Repurposing:** 50% of project cost or \$10,000 whichever is less
 - **Planning and Building Permit Fee Rebate:** 100% up to \$5000
 - **Tax Increment Equivalent Grant:** for major redevelopments, additions etc.; 100% of assessed value increase amount paid annually in decreasing amounts for up to 10 years.
 - The **NEW Rural Resiliency Grant** program, that is available Township wide, will match up to 50% of property improvement expenses for qualifying projects related to agritourism, on-farm dining, sale of local produce and value added activities.

It is anticipated the CIP Financial Incentive Program will continue for a minimum additional five year period and reevaluated in 2025 for effectiveness and impact.

- **Main Street Schomberg Public Right of Way (ROW) Pop-Up Patio Program** – As a COVID-19 response measure to help restaurants, and in compliance with Provincial and AGCO-regulated permissions, the Township put in place an extended outdoor seating patio application and permitting process for the second year. Two businesses participated in the program in 2020 and four in 2021. This helped create a vibrant Main Street while allowing physical distancing and safe outdoor dining.
- **Schomberg Main Street Revitalization Strategy** - Council endorsed a Downtown Revitalization Strategy for Main Street in Schomberg in May 2019. The Township secured additional Provincial funding in the second quarter of 2021 to support 65 action items into March 31, 2023. This downtown revitalization plan focuses on Marketing and Promotion, Economic Development, Physical Designs and Improvements and Management and Organization.

Downtown/Area Specific Programs

Kitchener

- Façade Improvement Grant Program

Lincoln

To date the Town of Lincoln has approved four Community Improvement Plans. They include the CIP for the Industrial Lands and Rural Area CIP, the Mixed Use and Residential Intensification CIP, the Vineland Central Business District and the CIP for the Beamsville Central Business District and the Ontario Street Commercial Area CIP.

- **Industrial Lands and Rural Area CIP** - Adopted on April 15, 2019
 - Contains financial incentive programs which are designed to promote private sector development on industrial designated and zoned lands
 - Contains financial incentive programs which are designed to encourage the development of value-added agricultural uses and/or agriculture-related uses on designated and zoned agricultural lands or equivalent uses to these in the Niagara Escarpment Plan Area
- **Mixed Use and Residential Intensification CIP** - Adopted on December 5, 2016
 - Contains financial incentive programs which are designed to promote private sector mixed use development and intensification in the areas
- **Vineland Central Business District CIP** - Adopted on November 17, 2014
 - Recommends public realm improvements including physical improvements to the area to help stimulate private sector investment and improvement of the area
 - Contains financial incentive programs to promote private sector building rehabilitation and redevelopment in the area
- **Beamsville Central Business District and The Ontario Street Commercial Area CIP** - Adopted on November 21, 2011
 - Recommends public realm improvements including physical improvements to the area to help stimulate private sector investment
 - Contains financial incentive programs designed to promote private sector building rehabilitation and redevelopment
 - Goal is to implement a vision for the Beamsville Central Business District and the Ontario Street Commercial Area

Downtown/Area Specific Programs

London

- **Façade Improvement Loan Program** – Downtown, Old East Village, SoHo, and Hamilton Road properties improving the building façade may be eligible for a 10-year interest-free loan up to a maximum of \$50,000 or half the value of the façade improvements being proposed. In certain areas of Downtown, Old East Village, and Hamilton Road, 25% of the annual loan repayment may be forgivable in the form of a grant.
- **Upgrade to Building Code Loan Program** – Assists Downtown, Old East Village, SoHo, and Hamilton Road property owners with interior improvements that relate to Fire and Building Code requirements. May be eligible for a ten-year interest-free loan up to a maximum of \$200,000, or half the value of the work proposed. In certain areas of Downtown, Old East Village, and Hamilton Road, 12.5% of the annual loan repayment may be forgivable in the form of a grant.
- **Rehabilitation and Redevelopment (Tax) Grant Program** – Provides grants to property owners in defined areas of the Downtown and Old East Village who undertake renovation or redevelopment projects, which result in a supplementary reassessment of their property. The annual grant amount is calculated based upon the increase in the municipal portion of property tax directly related to the redevelopment project. Annual grants are provided on a declining scale over a 10-year period.
- **Residential Development Charge Grant** – Provides a grant equal to a rebate of Development Charges (DC) for residential units constructed in the Downtown and Old East Village. DCs are required to be paid “upfront” at the time the building permit is issued. The program grants back a portion of the residential DCs paid by the applicant over an approximately 10-year schedule until 100% of the residential DCs have been repaid to the applicant.
- **Industrial Development Charge Grant** – Provides a grant for Targeted and Non-Targeted industrial uses to reduce the amount of Development Charges (DC) paid by the applicant. The program offers a 100% DC grant for Targeted industrial uses. For Non-Targeted industrial uses, a grant equivalent to 50% of the DCs to be paid, up to a maximum grant of \$250,000, with the remainder of the DCs to be fully paid by the applicant is available.
- **Industrial Corridor Enhancement Grant** – Provides a grant to enhance the public realm of industrial lands directly abutting the Highway 401/402 Investment Corridor. This program provides a grant equal to 50% of the cost of eligible landscaping, fencing, berming, screening, and public art on industrial properties that sufficiently improves the aesthetics of industrial sites, and/or provides effective screening of outside storage areas. The maximum grant per property is \$20,000.

Downtown/Area Specific Programs

Mapleton

- In 2017, the Township created a Community Improvement Plan (CIP). This CIP is a Township-wide, strategic planning tool that is focused on making Mapleton a more inviting destination and ensuring that it is a business friendly community. We are currently working towards achieving the goals and objectives outlined in this plan.
- Amended Municipal CIP to align with County CIP and maxed out municipal funding for the year

Meaford

- **Façade Improvement Grant & Loan Programs**—These programs are intended to assist property owners of lands and buildings within the CIP area with the financing of building façade improvements; provides 50% matching funds up to \$7,500 per project.
- **Façade Improvement & Accessibility Upgrade Loans:**
 - No interest loan with 10 year amortization
 - Fully open with early payment discount (forgiveness) of 2.5% per year
 - Minimum \$10,000, Maximum \$50,000 loans available
 - Repayment deferred for 6 months (Façade) or 8 months (Accessibility) with installments due monthly thereafter
- **Commercial Development Charge Grant** - This program is intended to assist owners with financing the construction of new commercial units through redevelopment and/or expansion of existing buildings within the Downtown CIP area. Grants are available in the amount of up to 100% of the Commercial Development Charge, to a maximum of \$25,000.
- **Tax Incremental Equivalent Grant** - This program is intended to provide incentive for the rehabilitation and redevelopment of properties within the Downtown CIP Area. It's effect is to provide a grant for a portion of the Municipal taxes attributable to the increased assessment arising from improvements. Phase-in of the tax increase occurs over a 10 year period, representing a grant of 100% of the increase in year one and 10% in year ten.

Minto

- **Community Improvement Plan with Grant/Loan Programs** for:
 - Façade & Signage Grant
 - Structural Grant
 - Tax Increment Equivalent Grants
 - Brownfield Tax Grants
- **Downtown Revitalization**
 - On-going work to revitalize the downtowns
 - PitchIt Minto Business Plan Competition
 - Business Recruitment Tours
 - Shop Local - "Think Minto First" campaign
 - Numerous Christmas and other festivities
 - Expanded downtown murals

Downtown/Area Specific Programs

Newmarket

- **Façade Improvements & Restoration Program**—Grant program will of a matching grant of up to 50% of eligible costs to a maximum of \$15,000 per property, except for corner and laneway properties which shall be eligible to receive a matching grant of up to 50% of eligible costs to a maximum of \$20,000 per property.
- **Project Feasibility Study Program** - intended to undertake studies necessary to determine project feasibility be they adaptive re-uses of existing facilities or complete redevelopment projects in the CIP. The grant program will see property owners receive matching grants of up to 50% of eligible costs to a max. of \$10,000 per property.
- **Interior Renovation and Improvement Program**— Promotes upgrading of and improvement to the interior of deteriorated or functionally obsolete buildings in order that they may be brought into compliance with the Building Code and the Fire Code. Grant program provides a matching grant of up to 50% of eligible costs to a maximum of \$15,000 per property.
- **Business Sign Program**—Program is directed at commercial and industrial properties within the CIP area to update their signs consistent with the neighbourhood. Grant program provides up to 50% of eligible costs to a maximum of \$2,500 per business.
- The **Redevelopment and Rehabilitation Tax Incremental Program** is intended to provide financial incentives in the form of grants to property owners who undertake appropriate redevelopment of properties that increases property assessment resulting in increased Town property taxes. This program will function as an annual grant for up to 10 years equivalent to a portion of the tax increase the property will experience as a result of the improvement/redevelopment.
- **Residential Conversion and Intensification Program**—The loan program will provide property owners with an interest-free loan to pay for up to 50% of eligible costs to a maximum of \$100,000 of the conversion of commercial/industrial space to residential units and construction of new units on vacant land or as part of an existing structure along Main Street.
- **Parking Requirement Program**—Allows for relief or reduction or waiving of standard parking requirements.

New Tecumseth

Administered by the Town's Planning Department, New Tecumseth's Community Improvement Plan (CIP) program promotes the conservation, enhancement, and beautification of buildings and properties in the historic downtowns of Alliston, Beeton, and Tottenham through development incentive grants and loans.

Downtown/Area Specific Programs

Niagara Falls

- **Downtown Community Improvement Plan and Historic Drummondville Community Improvement Plan**
 - Offers grants for façade and commercial building improvements; residential loans for the creation of new residential units and a tax increment based grant for redevelopment.
 - A Municipal residential development charge exemption of 75% is available for properties within these CIP areas.
- **Lundy's Lane Community Improvement Plan**
 - Offers grants for the improvement of commercial facades, landscaping and property; grants for an adaptive reuse and motel revitalization and a tax increment based grant for redevelopment

Norfolk

- **Agricultural Buildings and Facilities Improvement Program (DCS-16):** Purpose is to provide assistance towards the conversion and re-use of existing agricultural buildings for new or expanded value-added agricultural activities. The program is available in the agricultural area. Maximum loan amount is \$20,000 per property (excluding HST) and is based on a 50/50 matching cash contribution of the applicant. Loans will include a forgivable portion (grant) of 25% of the total loan amount. The loan will be interest free and carry a five year term. The forgivable (grant) portion will be conditional on the full repayment of the repayable portion of the loan.
- **Building Façade Improvement Program (DCS-03):** Purpose is to assist property owners of existing buildings to maintain their long-term viability and to assist property owners of vacant properties/spaces in increasing the marketability of their property in order to secure tenants. The program is available in the urban, hamlet, and lakeshore areas. Maximum loan amount is \$15,000 per property (excluding HST) and is based on a 50/50 matching cash contribution of the applicant. Loans will include a forgivable portion (grant) of 50% of the total loan amount. The loan will be interest free and carry a five year term. The forgivable (grant) portion will be conditional on the full repayment of the repayable portion of the loan.
- **Agricultural Buildings and Facilities Improvement Program (DCS-16):** Purpose is to provide assistance towards the conversion and re-use of existing agricultural buildings for new or expanded value-added agricultural activities. The program is available in the agricultural area. Maximum loan amount is \$20,000 per property (excluding HST) and is based on a 50/50 matching cash contribution of the applicant. Loans will include a forgivable portion (grant) of 25% of the total loan amount. The loan will be interest free and carry a five year term. The forgivable (grant) portion will be conditional on the full repayment of the repayable portion of the loan.
- **Building Façade Improvement Program (DCS-03):** Purpose is to assist property owners of existing buildings to maintain their long-term viability and to assist property owners of vacant properties/spaces in increasing the marketability of their property in order to secure tenants. The program is available in the urban, hamlet, and lakeshore areas. Maximum loan amount is \$15,000 per property (excluding HST) and is based on a 50/50 matching cash contribution of the applicant. Loans will include a forgivable portion (grant) of 50% of the total loan amount. The loan will be interest free and carry a five year term. The forgivable (grant) portion will be conditional on the full repayment of the repayable portion of the loan.

Downtown/Area Specific Programs

North Bay

North Bay's Growth Community Incentive Program is designed to help support growth through city wide programming for industrial development, targeted intensification for housing and downtown waterfront commercial projects with a number of financial incentives for qualified projects.

- **Industrial Target Area Incentives Include:**

- Tax Increment Rebate • Up to 5 years incremental municipal tax rebate
- Municipal Fee Rebate • 100% rebate for applicable municipal fees
- Development Charges Rebate • 100% rebate for applicable development charges
- Professional Study Grant • Up to 50% to a maximum of \$5,000 towards eligible third party professional fees

- **Housing Target Area Incentives Include:**

- Tax Increment Rebate • Up to 5 years incremental municipal tax rebate
- Municipal Fee Rebate • 100% rebate for applicable municipal fees
- Development Charges Rebate • 100% rebate for applicable development charges
- Professional Study Grant • Up to 50% to a maximum of \$5,000 towards eligible third party professional fees
- Public Art Grant • Up to 50% to a maximum of \$2,500 towards eligible public art where applicable

- **Downtown Target Area Incentives Include:**

- Tax Increment Rebate • Up to 5 years incremental municipal tax rebate
- Municipal Fee Rebate • 100% rebate for applicable municipal fees
- Development Charges Rebate • 100% rebate for applicable development charges
- Professional Study Grant • Up to 75% to a maximum of \$5,000 towards eligible third party professional fees
- Façade Improvement Grant • Up to 50% to a maximum of \$15,000 towards eligible façade improvements
- Building Improvement Grant • Up to 50% to a maximum of \$30,000 towards eligible building improvements

Downtown/Area Specific Programs

North Bay Cont'd

- **Waterfront Target Areas Incentives Include:**
 - Tax Increment Rebate • Up to 5 years incremental municipal tax rebate
 - Municipal Fee Rebate • 100% rebate for applicable municipal fees
 - Development Charges Rebate • 100% rebate for applicable development charges
 - Public Art Grant • Up to 50% to a maximum of \$2,500 towards eligible public art
 - Parking and Landscaping Grant • Up to 50% to a maximum of \$5,000 towards eligible parking and landscaping

North Perth

- RED Grant approved for Façade Improvement Program – Aug 2020 to Nov 2021. Developing Commercial property guidelines for the downtowns of North Perth and the development of a Façade Improvement program based on our CIP and public consultation.
- Development of a Downtown Wifi Implementation Plan for downtowns across North Perth. In progress.

Orillia

- **Downtown Orillia Management Board-DOMB (BIA)** – The DOMB represents over 200 merchants in the downtown core and works with community partners to advocate on behalf of members, and development new events and programs.
- **Downtown Tomorrow Report** – The Downtown Tomorrow Report is the culmination of extensive research and community consultation on the future of the downtown core. The final report helps guide and direct future development of this unique community asset.
- **Downtown Tomorrow Community Improvement Plan** – The Downtown Tomorrow Community Improvement Plan (DTCIP) encompasses the broader downtown core and is focussed on providing financial incentives for new development. This comprehensive program includes grants for a range of development costs related to feasibility and design studies, permit and application fees, facades, signage, renovations, creation of residential units, large catalytic projects and brownfield redevelopment.
- **Downtown Retail Mix Analysis** - The Retail Mix Analysis project included the development of a comprehensive inventory of available space and properties in the downtown Orillia core. The study describes the current composition of the retail market in the downtown and identify gaps and opportunities for the purposes of business attraction. The study provides valuable information for those looking to invest in downtown Orillia.
- **See You on the Patio Program** – The See You on the Patio Program promotes restaurant patios throughout the City. The program includes a downtown street closure throughout the summer allowing restaurants and retailers to spill into the streets and provides for greater pedestrian use.

Downtown/Area Specific Programs

Oshawa

There are a total of 4 Community Improvement Plans specific to areas or downtown. They are as follows:

- **Harbour Road Area Community Improvement Plan**
 - Increased Assessment Grant Program: provides a grant for part or all of the increase in City taxes as a result of development or redevelopment of a property. Applications are accepted year round and require Council approval. The Increased Assessment Grant Program will run until December 31, 2023.
- **Simcoe Street South Renaissance Community Improvement Plan**
 - Offers four financial incentive programs to encourage development and redevelopment along Simcoe St. S. (between John St. and Bloor St.):
 - Increased Assessment Grant
 - Façade and Accessibility Improvement Grant
 - Upgrade to Building and Fire Codes Grant
 - Economic Stimulus Grant
 - Applications for Increased Assessment grants are accepted year-round and require Council approval. Applications for all other grant programs are accepted twice a year. The next application deadline is March 1, 2023.
- **Urban Growth Centre Community Improvement Plan**
 - Offers five financial incentive programs to encourage development and redevelopment in the Downtown Oshawa Urban Growth Centre:
 - Increased Assessment Grant
 - Façade and Accessibility Improvement Grant
 - Conversion to Residential Grant
 - Upgrade to Building and Fire Codes Grant
 - Economic Stimulus Grant
 - Applications for Increased Assessment Grants are accepted year-round and require Council approval. Applications for all other grant programs are accepted twice a year. The next application deadline is March 1, 2023.
- **Wentworth Street West Community Improvement Plan**
 - Offers three financial incentive programs to encourage development and redevelopment along Wentworth Street West:
 - Increased Assessment Grant Program
 - Façade and Accessibility Improvement Grant
 - Economic Stimulus Grant
 - Applications for Increased Assessment Grants are accepted year round and require Council approval. Applications for all other grant programs are accepted twice a year. The next application deadline is March 1, 2023.

Downtown/Area Specific Programs

Ottawa

The City of Ottawa offers the following incentives:

- No development charges for residential construction in the Central Area and Centretown
- Reduced parking requirements for mixed use development on selected downtown streets
- Expedited development approval process
- Community Improvement Plans (CIPs) - tax incentives to commercial property owners in specific areas to improve and upgrade their properties

Owen Sound

The City of Owen Sound completed a Strategic Plan Refresh in 2021 with many key objectives focusing on economic development. This includes a City that Grows, Prosperous City, City Building, Safe City, Green City, A City that Moves and Collaborative City.

The City completed an Official Plan Update. The Official Plan is Council's contract to our City's residents, containing the goals, objectives and policies intended to guide land use development and growth in the City over a 20-year time horizon. The Official Plan contains goals, objectives and policies to manage and direct physical development within the context of social, economic, built and natural environmental matters in the City.

Council approved a new Community Improvement Plan, allocating funds annually to

- façade & structural improvement,
- accessibility improvements, and
- startup space leasehold improvements

The City, in partnership with the Owen Sound Downtown Improvement Area completed a three-year River District Action Plan with the focus on branding, management, marketing and promotion.

Peterborough

- There are several programs under the **Affordable Housing Community Improvement Plan**, including:
 - Municipal Incentive Program – refunds municipal fees such as planning application fees, parkland fees, and cash-in-lieu of parking fees for affordable housing projects.
 - Development Charges Program – refunds development charges for any new affordable housing units, subject to available funding.
 - Tax Increment Grant Program – an annual grant to property owners, reimbursing a portion of the municipal property tax increase resulting from increased assessment over a period of nine years.
- Heritage Property Tax Relief
 - Owners of designated heritage properties in the Central Area may be eligible for tax relief in the amount of 40% for residential properties or 20% for commercial properties.

Downtown/Area Specific Programs

Peterborough Cont'd

- Through the **Central Area Community Improvement Plan**, we provide financial incentives to stimulate private-sector investment and revitalization of the Central Area (Defined as the Schedule J area in the Official Plan). We provide grant programs to:
 - help improve the appearance and the structure of commercial buildings;
 - encourage the conversion of upper floor space for residential use; and
 - to stimulate the environmental clean-up and redevelopment of older, abandoned industrial and commercial sites that may be contaminated.

Pickering

- **Business Visits**
 - Main point of contact for downtown businesses for development and expansion to navigate municipal approvals.
 - Gather information and update from businesses to support development.
- **Downtown Redevelopment**
 - Partnering with businesses and developers to revitalize downtown area and support business and residential intensification.
- **Municipal/ Regional Partnership**
 - Work in collaboration with Durham Region to promote Downtowns of Durham
- **Incentives**
 - Assist businesses in navigating and identifying support and grant programs such as Digital Main Street program.
- **Shop Local**
 - Direct marketing to promote developments and local businesses.

Port Colborne

- Refunds of the taxes for up to 10 years for City municipal purposes on all improved residential and commercial properties in the Community Improvement Plan Areas
- Loans of up to \$1,000 per project for design projects and up to \$10,000 per project for improvement projects for commercial facades
- Exemptions for the creation of new residential or commercial units of building and planning fees as well as an exemption of parkland dedication fees and parking and loading space requirements

Prince Edward County

- Downtown Revitalization Program with five Communities within PEC.
- Holiday shop local programs.

Downtown/Area Specific Programs

Puslinch

Community Improvement Plan with Grant Programs for:

- Façade, Signage and Landscape Improvements
- Planning and Building Permit Fees
- Tax Increment Equivalent Grants

Programs completed:

- The purchase and implementation of a Community Engagement Platform
- Development of a Broadband Strategy
- Implementation of Shop Local Puslinch

Quinte West

- **Planning and Design**— One-time grant of 50% to a maximum of \$1,000 toward cost of preparation of architectural plans for building facade improvements. Also, one-time similar grant of 50% (maximum \$1,000) for cost of preparation of a site plan. The City may provide a grant equivalent to the amount of the applicable Development Charge for approved projects in accordance with the City's Development Charges By-law.
- **Building Façade Improvements**—One-time grant of 50% to a maximum of \$5,000 of the costs to improve building façade. Secondary grant for improvements to each exterior side and rear of buildings, where building fronts onto a street, river or public area to a maximum of \$5,000. The City will provide a grant equal to the amount of the property tax increases, as a result from the development, for up to a maximum of three years.
- **Improved Signage** —Grant of 50% to a maximum of \$1,000.
- **Landscaping and Property Improvement** – Grant of 50% to a maximum of \$1,000 for improving landscape between parking areas and the roadway.
- **Building Retrofit Program** – 50% no interest matching loan to a maximum of \$5,000 for the purpose of bringing buildings up to the minimum standards of the Building Code and Fire Codes.

Downtown/Area Specific Programs

Sarnia

Asset Development: Economic Development is responsible for the business development of city-owned assets that have the potential to drive the city's economy. These assets include:

- Sarnia Downtown Waterfront Area
- Sarnia Chris Hadfield Airport
- Sarnia Harbour and Oversized Load Corridor
- Andrew S. Brandt Marina at Sarnia Bay
- Business Park development and marketing for 2 city-owned sites:
 - a. Sarnia 402 Business Park - an Ontario Investment Ready: Certified Site
 - b. Sarnia Business and Research Park

Sault Ste. Marie

- The City has three Community Improvement Plans (CIPs) in effect.
 1. **Rental Housing Community Improvement** - provides for tax rebates on a declining basis over a three-year period for new rental housing projects. There is an additional incentive for facilities which support assisted-living programs or where additional barrier free units are constructed.
 2. **Downtown Community Improvement Plan** - allows tax rebates for major new development in the downtown.
 3. **Economic Growth Community Improvement Plan** - provides a benefit for new and expanding companies that are in those emerging sectors that have been identified in the Growth Plan for Northern Ontario. This program allows City Council to approve a one-time grant of up to \$100,000; or a grant of up to 100% of the incremental increase in the municipal portion of the property taxes for a maximum of three years.

South Bruce Peninsula

- **Community Improvement Plan**—Council adopted a Community Improvement Plan for the Town's Community Improvement Areas. The purpose of the plan is to establish a framework for the Town's support and implementation of programs to encourage development in the downtown and waterfront areas of its four main urban areas.
- **Façade Improvement/ Community Improvement Plan**—The Town partners with the County of Bruce to deliver the Spruce the Bruce program for facade improvement.

Downtown/Area Specific Programs

Springwater

The CIP is intended to support local businesses while encouraging investment and improving the physical appearance of the municipality by providing financial incentive programs including but not limited to:

- Façade Grant Program max amount of grant is \$5,000 or 50% of the eligible costs, whichever is lesser
- Signage Improvement Grant max amount of grant is \$1,500 or 50% of the eligible costs, whichever is lesser
- Building Restoration, Renovation or Improvement Grant max amount of grant is \$5,000 or 50% of the eligible costs, whichever is lesser
- Development Charge Rebate
- Planning and Building Permit Rebate max amount of grant is \$2,500 or 100% of the eligible Township fees, whichever is lesser
- Historic Property Improvement Grant
- Tax Increment Equivalent Financing Grant
- Accessibility Improvements Grant max amount of grant is \$1,500 or 50% of the eligible costs, whichever is lesser

St. Catharines

- **Tax Increment Finance (TIF) Program** - for redevelopment projects.
- **Facade Improvement (FIP) Program**—Building facade, store front enhancements.

St. Thomas

- The City operates a Community Improvement Program whereby grants, interest-free loans, financial aid for façade and residential improvements and the waiving of building permit fees are offered to pre-approved applicants. The City's CIP offers incentives in a variety of areas that include funding for Facade improvement, Residential Intensification and Brownfield Projects, along with Tax Increment Grants for relevant projects.

Stratford

- **Heritage Conservation District Façade Improvement Loan Program** – financial assistance in the form of a loan for 50% of the cost, to a maximum of \$25,000, for façade improvements in the Heritage Conservation District.
- **Heritage Conservation District Building Code Upgrade Loan Program** – financial assistance in the form of a loan for 50% of the cost, to a maximum of \$50,000, for building improvements in the Heritage Conservation District to ensure buildings comply with today's standards.
- **Heritage Conservation District Rehabilitation Grant Program** – a grant covering the difference between the municipal portion of taxes prior to work being completed and the municipal portion of the taxes after completed of the works. The amount of the grant is pro-rated over 10 years.

Downtown/Area Specific Programs

Thorold

- **Façade Improvement Grant Program** – Grants will be available for the Downtown Thorold Area equal to 50% of the eligible costs to a maximum of \$10,000 per building.

Thunder Bay

- **Building and Planning Fee Rebate:** The Building Permit and Planning Fee Grant is available to applicants of commercial and mixed use properties who complete improvement projects within one of the 3 Project Areas, at a rate of 100% rebate to a maximum of \$10,000 dollars.
- **Commercial Conversion – Main floor:** The purpose of the commercial conversion grant is to encourage the redevelopment of existing main floor space to a commercial use. Although other uses such as residential may be permitted on the main floor of a subject location, the objective of this grant is to stimulate the revitalization of properties located within commercial cores for uses that contribute to the economic vitality of these areas. This grant could also be used to provide financial support to rehabilitate vacant commercial properties into viable commercial uses for prospective tenants. The grant provides 50% of the cost of renovating and converting main floor residential for commercial use up to a maximum of \$10,000. Eligibility for renovation costs is intended to provide for the improvement of a space to enable occupancy for a commercial use, where the condition of a commercial space may have deteriorated to the extent that it is vacant or not favorable for commercial occupancy. The grant may be used for rental or ownership units. Eligible costs include improvements related to accessibility in accordance with the Accessibility for Ontarians with Disabilities Act (AODA).
- **Residential/Office Conversion – 2nd floor:** The residential/office conversion grant is intended to encourage property owners to repair, renovate, and create new second storey or higher, residential dwelling units within the commercial core areas through new development. Eligibility is contingent on the use of the main floor being commercial. This grant could also be used to provide financial support to rehabilitate vacant units into viable residential/office uses for prospective tenants. The grant will cover 50% of the cost of renovating and converting second floor or higher units for residential or office use up to a maximum of \$10,000. Eligibility for renovation costs is intended to provide for the improvement of a space to enable occupancy for residential use, where the condition of an existing residential space may have deteriorated to the extent that it is vacant or not favorable for occupancy. The grant may be used for rental or ownership units. Eligible costs include improvements related to accessibility in accordance with the Accessibility for Ontarians with Disabilities Act (AODA).
- **Commercial Façade Improvement Grant:** The commercial façade improvement grant is intended to provide a grant to owners or tenants who rehabilitate and improve façades of buildings within the Project Areas. Works may include lighting, awnings, and other features that contribute to an increase in property value, represent an improvement to the building, and the public realm. The purpose of the grant is to achieve aesthetic improvement to the streetscape while respecting the character of the street and historical features of the building. Examples of eligible façade improvements include but are not limited to: masonry cleaning, restoration, installation of storefront awnings/signs, redesign of storefronts including installation of siding or stucco, replacement or repair of cornices, parapets and other architectural features. The grant will provide 50% of the cost of improvements to the façade of commercial storefront buildings up to a maximum of \$10,000.

Downtown/Area Specific Programs

Tillsonburg

- **Alleyway Façade Improvement Grant Program**—This program is intended to provide grants to property owners in the Central Area to assist with non-street front façade improvements to be consistent with the Central Area Design Study. Offers 50/50 matching funds up to a max of \$10,000 per project
- **Architectural Design Grant Back Program**—This program is intended to offset cost of retaining professionals to provide acceptable design(s), in accordance with the Central Area Design Study for eligible properties in the Central Area. Offers 50/50 matching funds up to a max of \$2,500 per project.
- **Façade Improvement Grant**—This program is intended to provide a loan or grant to encourage exterior renovations which are in keeping with the desired aesthetic effect and historical/heritage characteristics of buildings within designated areas. Offers 50/50 matching funds up to a max of \$10,000 per facade
- **Tax Increment Equivalent Grant Program**—This program is intended to provide a grant to owners of lands and buildings who undertake improvements or redevelopment that result in an increased property assessment. Such improvements or redevelopment are also to be generally in-keeping with the objectives of the Town’s Strategic Plan and design principles of the Central Area Design Study. Rebate of 100% of increased taxes in year 1, 80% in year 2, 60% in year 3, 40% in year 4, 20% in year 5, fully taxable in year 6.
- **Grant in Lieu of Permit Fes Program**—Grant to rebate the cost of fees for Building Permits for commercial and industrial properties in the CIP area. Commercial Properties outside of the Central Area are not eligible for building permit grants.
 - Industrial - Small
 - Minimum project value of \$150,000 and maximum project value of \$500,000
 - Grant of 100% of the applicable building permit fees offered as a rebate once the project is completed
 - Industrial – Large (Project value of \$500,000 or more)
 - Grant of 50% of the applicable building permit fees offered as a rebate once the project is completed
 - Commercial (Central Area)
 - Minimum project value of \$150,000
 - Grant of the applicable building permit fee offered as a rebate once the project is complete as follows:
 - 25% Rebate – General renovations/rehabilitations
 - 50% Rebate – Projects that will improve the overall attractiveness of the streetscape and downtown;
 - 75% Rebate – Projects that meet above criteria and provide exemplary attention to detail and a high level of design.

Legal and Registration Costs

Grant to reimburse legal costs and costs associated with the registration of agreements associated with the above programs. This may take the form of Town staff registering applicable agreements on title, or a grant to a maximum of \$200 to reimburse legal costs of having a solicitor register the applicable agreements on title.

Downtown/Area Specific Programs

Timmins

- A Community Improvement Plan for the downtown core areas of the City is currently underway and will identify a variety of incentive programs to encourage investment and improvements.

Toronto

- Supplementary programs in Streetscape Improvement, Commercial Facade Improvement, Banner and Mural, Commercial Research, and Community Festivals and Special Events are also offered.

Vaughan

- **Major Office and Mixed Use Development Incentives in Vaughan Metropolitan Centre (Downtown Vaughan CIP)**
 - Development Charge (DC) Grant/Reduction Program (Financial)
 - Development Charge Deferral Program (Financial)
 - Tax Increment Equivalent Grant (TIEG) Program (Financial)
 - Cash-in-Lieu of Parkland Exemption/Reduction Program (Financial)
 - Podium Parking Incentives Program (Non-financial)
 - Expedited Development Approvals Program (Non-financial)
- **Major Office and Mixed Use Development Incentives in W&7 Primary Centre (Weston Road and Hwy 7 CIP)**
 - Development Charge (DC) Grant/Reduction Program (Financial)
 - Tax Increment Equivalent Grant (TIEG) Program (Financial)
 - Cash-in-Lieu of Parkland Exemption/Reduction Program (Financial)
 - Expedited Development Approvals Program (non-financial)

Waterloo (City)

- **Uptown Community Improvement Plan** - Facade improvement grant to improve appearance of streetscape and buildings, and conserve heritage features. Grants between \$10,000 - \$20,000
- **Northdale Community Improvement Plan** - The Northdale Community Improvement Plan is a TIG to encourage green and sustainable investment in the Northdale neighbourhood. The annual grant offsets increases in property taxes while improving properties in the neighbourhood over time.
- **Uptown sidewalk patios** - Council approved the uptown sidewalk patio project which allows local businesses to apply for patios on sidewalks in the uptown area. This project encourages patio culture in the uptown.
- **City-wide COVID-Relief CIP** - The COVID-Relief CIP was undertaken in an effort to provide support to businesses across the city to respond to the impacts of COVID-19. The program was launched in 2021 and operated throughout the year and has been extended for 2022. Grants of up to \$2,500 to recover COVID-19 related expenses dating back to March 2020 or \$7,500 for qualifying large venue applicants

Downtown/Area Specific Programs

Waterloo (Region)

- **Revitalization Area Incentives**
 - The Region provides a development charge reduction for development occurring within a core area of the City of Cambridge, provided City of Cambridge also provides the reduction.
 - The Region provides a 50% reduction in the development charge for the portion of an office building that is the third floor or above, having a gross floor area of at least 20,000 sq. ft., and located within an Urban Growth Centre.

Welland

- Welland's Downtown and Health and Wellness Cluster CIP promotes revitalization, reinforces Downtown as a mixed use, transit supportive area, and encourages uses in the Health and Wellness Cluster that strengthen Welland's health and wellness resources. The CIP includes a Public Realm Improvement Plan which identifies opportunities to improve the overall image and sense of community within the Project Area. Several financial incentive programs designed to stimulate private sector investment activity in the revitalization and redevelopment of the Project Area are also included.
- **Façade Improvement Loan Program**—Provides assistance to rehabilitate and improve facades of commercial buildings in the Downtown Community Improvement Area. The loan covers 50% of the eligible improvement costs to a maximum of \$15,000 per municipal address.
- **Downtown Building Improvement Grant Program**—This program provides a financial incentive in the form of a grant to promote interior and exterior maintenance and improvement works to existing commercial, institutional and mixed use buildings and properties. The program is structured as a matching grant program where the City will provide a grant equal to 50% of the cost of certain types of building maintenance and improvement works, up to a maximum grant of \$12,500 per property/project
- **Residential Grant Program**—The City will provide a grant equal to the cost of rehabilitating existing residential units and/or constructing new residential units on the basis of \$15 per square foot of habitable floor space rehabilitated or constructed, to a maximum grant of \$15,000 per unit, and a maximum of 4 units per property/ project (total maximum grant of \$60,000 per property/project).
- Residential DC exemptions in the downtown
- Refunding most planning and building permit fees and parkland dedication fees. Assistance will be 50% for projects other than those creating new residential units and 100% for new residential rentals.
- Interest free loans to pay for conversion of existing commercial space to residential units and the construction of new units on vacant land. The maximum loan amount is to be calculated based on \$10 per square foot of habitable space, with a maximum term of 10 years.
- Tax Increment Grant Program is structured as a “pay-as-you go” program. The owner is expected to initially pay for the entire cost of the project. Then, as the municipality receives the increased property taxes that result from the project, the City will reimburse the owner in the form of an annual grant. The grant is equivalent to 80% of the municipal tax increment (the increase in City and Regional property taxes) that results from the project for up to 10 years or up to the time when total grant payments equal the total eligible program costs.
- Waiving or reduction in residential parking requirements for improvements or change of use to existing buildings and additions or new building construction as set out in the Zoning by-law.

Downtown/Area Specific Programs

Wellesley

Community Improvement Plan (CIP) for settlement areas outlines a series of improvements and design guidelines for community spaces. The CIP also provides financial incentives (grants) for private property owners and tenant to encourage investments in commercial and mixed use properties towards revitalization and beautification within the settlement core areas. Financial incentives include:

- façade improvement programs,
- planning and building permit fee grants,
- design study grants,
- property tax increment equivalent program and
- accessibility grants.

County of Wellington

Invest Well - Community Improvement Programme (CIP)

In 2018 The County of Wellington approved its first ever County-wide Community Improvement Programme (CIP) and branded the initiative “Invest Well”. The Invest Well Community Improvement Programme establishes a framework for support and implementation of programmes that will allow the County to participate financially in local grant and loan programmes aimed at revitalizing, beautifying, and attracting investment in Wellington.

The Invest Well CIP Programme is based on countywide goals, guided by priorities identified in the Official Plan, Economic Development Strategy, Business Retention and Expansion findings, the Taste Real programme and the Investment Attraction Strategy. Countywide priorities include:

1. Using land strategically
2. Provide rental housing
3. Improve building infrastructure
4. Diversify the economy
5. Promote Tourism

Grants Available:

- **Invest READY Incentives:** aims to help prepare properties that have a high potential for development/redevelopment by making them development ready. Phases of Invest READY include:
 - **Pre-Development Design/ Study Grant** - Financial funding up to 100% of the total value of eligible costs, to a maximum of \$20,000 per project and/or property
 - **Tax Increment Equivalent Grant (TIEG)** - Financial funding which is equal to the County portion of a property tax increase that is incurred as a result of a major community improvement project. Grant value ranges from 100% coverage of the County portion tax increment in year one to 20% in year five

Downtown/Area Specific Programs

County of Wellington Cont'd

- **Invest MORE Grant:** aims to support a broad range of improvements to existing buildings/properties and contribute to the overall beautification and revitalization of built-up areas. Financial funding up to 50% of the total value of eligible costs, to a maximum of \$20,000 per project and/or property

Smart Cities Our Food Future

Our Food Future is Guelph-Wellington's \$10 million federally-funded partnership, focused on building Canada's first circular food economy. The project officially launched in January 2020, with plans revised during the first COVID-19 lockdown in order to bring business and community support to the forefront of five-year project. The Grow Back Better plan launched in May 2020, with a ten-point plan committed to funding programmes, partnerships, and challenges for Guelph-Wellington. The plan reflects our circular economy principles of food access, waste reduction, and small business support. The highlights include:

- Increased emergency food relief, through support of a local not-for-profit food project, The SEED
- Community Urban Agriculture Challenge grants
- Kids Get Growing home garden kits
- Seeding Our Food Future small business grants available through Innovation Guelph
- Harvest Impact's Social Finance Fund zero-interest loans offered through partnership with 10 Carden
- Waste reduction training for businesses by Provision Coalition Inc.

Looking ahead, Our Food Future continues to focus on achieving the following three bold goals by 2025:

- ✓ 50% increase in access to affordable, nutritious food
- ✓ 50 new circular food businesses, collaborations and social enterprises
- ✓ 50% increase in economic benefit by unlocking the value of waste

To achieve these, in 2021 our work will include a public awareness campaign focused on minimizing food waste, a local food hub feasibility report, an exchange marketplace for waste from the food system, on-farm pilots, and other initiatives.

This Way to Wellington Signage Programme

The County of Wellington approved the, "This Way to Wellington Signage Programme" in February 2016. This initiative is designed to promote greater awareness of Wellington's boundary communities, to generate new investments, attract tourism and strengthen County pride. The programme has installed gateway signage, established an annual pay-to-play tourism directional signage programme and installation of community directional signage.

Downtown/Area Specific Programs

County of Wellington Cont'd

Ontario Food Cluster, Investment Attraction

The County of Wellington is a member of the Ontario Food Cluster (OFC). The OFC is a cost-sharing partnership of government and economic development organizations in southern Ontario that pool their resources together to attract agri-food company investment to the participating Ontario communities.

Festivals and Events Guide

Each year in partnership with Wellington's seven member municipalities, the Economic Development division produces the Festivals and Event Guide. Wellington County boasts over 200 local festivals and events annually. Top events include the Hillside Music Festival, Fergus Scottish Festival and Highland Games, and the Mount Forest Fireworks Festival. Events did not run in 2020 but in 2021 the Experience Wellington website has been refreshed and we are promoting online and in person events throughout web based calendar of events.

Taste Real Local Food Programme

Guelph Wellington is a region deeply rooted in agriculture, with a long tradition in food preparation and processing. The Taste Real programme helps to build connections within the region to make it easy for residents and visitors to access local food and local food experiences. Wellington County is home to a number of excellent food events and festivals, engaging on-farm experiences and seven farmers' markets.

In response to the COVID-19 pandemic, interest in locally grown food has increased significantly. To support local farms and food businesses, Taste Real created an updated business list highlighting the different purchasing procedures for each business, making it easier for customers to access local foods. Additional shop local initiatives included a Food Take Out Map to support the local restaurant sector. Various shop local campaigns were carried out, such as a Local Food Box containing products from local producers and seasonal food and gift guides.

While in-person events were cancelled, Taste Real promoted self-guided tours, outdoor experiences through the Taste Real Summer Campaign, and the Fall Flavours Map. In 2021 an Online Picnic Map identifying all the verified locations to enjoy a picnic in Wellington County was developed as part of a Picnic promotion.

Downtown/Area Specific Programs

Wellington North

Community Improvement Programs & Downtown Revitalization

- Since 2012 our Community Improvement Plan (CIP) has enabled the Municipality to provide grants in an effort to support revitalization activities in our community. In 2021 we received seventeen applications and approved \$60,798 in grant funding. To date in 2022 six applicants have submitted applications for funding. The total dollar value of the overall improvements made in our Community through the Community Improvement Program is conservatively estimated at \$3.1 million. Eighty-six percent has been covered by the applicants with fourteen percent covered by grants.
- Partnering with the local Chambers and BIA's we held three Sidewalk Saturday Shop Local Programs where we closed our Main Street to vehicle traffic on one Saturdays in July, August & September enabling our community to come out and shop local in a safe physical distancing environment.

Cultural Development

- In 2021 The Township of Wellington North updated our Municipal Cultural Plan to ensure continued support for cultural development within the Township. The 2021 Municipal Cultural Plan reflects on the mandate of the Cultural Roundtable and considers the lasting impact of COVID-19 on local businesses and the community as a whole. Four goals and a more targeted action plan have been developed to further invest in cultural resources and to serve as a strategic guide for leveraging these resources to advance our economic and community development objectives.
 - Goal 1: Broaden Municipal Roles and Partnerships
 - Goal 2: Leverage Cultural Resources to Grow and Diversify the Economy
 - Goal 3: Build a Shared Identity and Increase Collaboration
 - Goal 4: Increase the Vibrancy and Aesthetic Appeal of Downtowns

Whitby

CIP - The Downtown Whitby Community Improvement Plan (CIP) provides a “toolbox” of incentive programs to help transform the Downtown into a dynamic, social, and cultural district.

- **Development Charge (DC) Exemption**—This program provides full or partial exemption from a portion of the Town's Development Charges for eligible developments within the Community Improvement Project Area (CIPA) specific to:
 - Retail and Office Expansion provides a 100% DC exemption for existing retail commercial and office buildings enlarged by up to 50% of existing Gross Floor Area up to a max of 929m² (10,000 sf) within the Historic Downtown Whitby Priority Area (HDWPA). It also gives a 100% DC exemption for existing retail commercial and office buildings enlarged by up to 50% of existing Gross Floor Area up to a max of 464m² (5,000 sf) outside the HDWPA.
 - New Office Development receive a 75% DC exemption for new office development that exceeds 90m² (968 sf) in the HDWPA and a 50% DC exemption for new office development that exceeds 90m² (968 sf) outside of the HDWPA.

Downtown/Area Specific Programs

Whitby (cont.)

- **Tax Increment Equivalent Grant (TIEG)** - This program is used when a property improvement results in an increase of the property's assessed value. The TIEG provides a rebate equal to a portion of the increase in municipal taxes on non-residential development. There is a 45% rebate on the municipal tax increment on a declining basis over a five year period within the HDWPA for eligible non-residential (commercial and office) development and redevelopment.
- **Façade Improvement Grant**—This grant provides property owners and tenants of commercial or institutional zoned buildings with financial assistance to enhance and improve the aesthetic quality of their building and property.
- There is a 50% rebate of the costs of external improvements in the HDWPA, up to \$10,000.
- Additionally there is a 50% rebate of the costs of external improvements outside of the HDWPA, up to \$7,500.
- Finally, there is a 50% rebate for the costs of external improvements of designated heritage properties outside of the HDWPA, up to \$10,000.
- **Sign Grant**—This financial tool provides assistance for owners and tenants of commercial or institutional zoned buildings to partially offset the cost of maintenance, restoration, and improvement of signage and associated lighting. The rebate equals 50% of the cost of signage and associate lighting within the CIPA, equalling up to \$2,000.
- **Interior Heritage Building Grant**—This grant provides owners and tenants of listed or designated heritage buildings an incentive to partially offset the costs of eligible interior building improvements up to \$10,000 in the HDWPA or designated properties outside the HDWPA.
- **Design Grant**—The Design Grant provides additional funding to assist with professional fees associated with the Façade Improvement, Sign and Interior Heritage Building Grant programs up to \$2,000.
- **Brooklin**—The Downtown Brooklin Community Improvement Project Area is centred along Baldwin Street and applies to commercially zoned properties. The Downtown Brooklin CIP includes 2 programs, all of which provide financial incentives to achieve current community goals and priorities located in the boundary: 1) Façade Improvement Grant up to \$5,000; 2) Design Assistance Grant up to \$1,500.

Downtown/Area Specific Programs

Whitchurch-Stouffville

- **Downtown Community Improvement Program** – Aims to revitalize the downtown area restoring the ‘country town’ feel and centrality to the community. The program has been designed to brand the downtown area, and create an atmosphere that encourages the consumer to visit and stay longer in downtown Stouffville.

Windsor

- **Development Feasibility Rebate Program**—Eligible projects, grant of up to 50% to max. of \$20,000 per property
- **Parkland Dedication Fee Rebate Program** – 100 % grant
- **Property Improvement Rebate Grant Program**—Tax rebates of up to \$200,00 are available
- **Commercial Façade Improvement Program**—Grant of 50% to maximum of \$15,000
- **Development Charges and Building Fee Rebate Grant Program**—Rebate of up to 100% of eligible costs for development charges and building fees
- **Sale of City Land at Less Than Market Value**—Sold to developers at less than market value
- **Downtown Windsor BIA—Façade Improvement Grant**—Grant of up to 50% of eligible costs to a maximum of \$10,000 or \$15,000 for corner properties
- **Downtown Windsor Business Improvement Area Broken Window Program**—Reimburse members for 50% of cost of glass repairs/replacement to a maximum of \$500
- Tourism Windsor Essex Pelee Island (regional tourism promotion agency)

Brownfield Redevelopment

A “Brownfield site” is considered to be a property with or without buildings or structures, having a history of either industrial or commercial uses and which, as a result of these uses, has become environmentally contaminated under circumstances where there is no reasonable prospect that the remediation of such contamination will be accomplished solely by the private sector. Brownfields are viewed by many as opportunities for revitalizing urban communities. Some of the advantages of Brownfield Redevelopment include:

- Revitalization of the downtown core and surrounding neighbourhoods
- More effective use of existing municipal infrastructure
- Reduction in pressure for suburban expansion
- Clean-up of environmentally contaminated sites
- Increased tax revenue
- Create jobs
- Improve the overall liveability of urban neighbourhoods

Tax assistance and grants are the most commonly offered incentives for remediation. These include but are not limited to grants, fee exemptions, reductions, loans and tax assistance.

Brownfield Redevelopment

Barrie

The Redevelopment Grant will provide financial incentives for development/redevelopment projects which provide affordable housing; remediate and redevelop brownfield sites within the Built Boundary, and develop ground related commercial in combination with the appropriate density and built form to support transit, walkability and animated streets in the intensification areas identified on Schedule I on the Official Plan. Depending on the redevelopment project the grant includes:

- % of planning application fees;
- % of building permit fees;
- % of the development charges;
- Costs of environmental studies for brownfields and some remediation costs may be included;
- Tax increment payments paid in decreasing increments over a 5 year period.

Brockville

- **Tax Increment Equivalent Grant Program**
 - Grant represents foregone income. Site redevelopment creates tax income which is foregone, a portion of which is foregone under this program. At expiry of the program, 100% of municipal property tax is retained by the City at expiry of the agreement. Foregone income is limited to maximum of 10-years following which the municipality retains 100% of property tax. City should be cognizant of potential increase in growth-related annual municipal operating costs to the City as a result of redevelopment of vacant or unused sites
- **City of Brockville Environmental Remediation Tax Cancellation Assistance Program**
- **City of Brockville Environmental Site Assessment (ESA) Grant Program**
 - City of Brockville will reimburse owner for costs associated with eligible studies. Maximum individual grant is \$15,000 or 50% of the cost of the ESA, whichever is less. The Maximum assistance per property of: (i) Maximum of 2 studies per property; and (ii) Maximum of \$25,000 per property.
- **City of Brockville Brownfield Building Permit Fees Grant Program**
 - The property owner or assignee pays for all building permit costs. These costs, to a maximum of 100%, are reimbursed to the owner, in the form of a grant based on the completion of the building as determined by the City. Grant may be less than 100% and in all cases is limited by the 100% cap or total eligible cost, whichever is less.
- **Key Sites Marketing Database**
 - Create market-ready information for key potential brownfield sites to assist would-be developers and tenants involved in redevelopment, renovations or re-use; and to provide on-going assistance with redevelopment efforts in the existing Community Improvement Plan for Downtown.

Caledon

Environmental Study Grant Program offers grants to eligible property owners for the completion of Phase II Environmental Site Assessment (ESA), a Phase III ESA, Remedial Work Plan, and/or Risk Assessment Plan for properties that are within the designated Community Improvement Project Area for Bolton.

Brownfield Redevelopment

Cambridge

- **Joint Tax Increment Grant**— A grant to assist property owners with the remediation of brownfield sites throughout Cambridge. Payments are made after the site has been remediated, redeveloped and reassessed. Total amount is generally based on eligible remediation costs. Yearly payments are made to successful applicants (each application for a maximum of 10 years) based on post-development tax assessment increases.
- **Development Charge Reduction for Contaminated Sites**— Where a property owner proposes to develop or redevelop a contaminated site that requires remediation, an amount can be credited against the development charge otherwise payable equal to the amount of the costs to clean-up the site. Reduction equal to the costs of assessment and cleanup of the property, up to the total municipal portion of the otherwise payable development charge. Note: Development Charges collected by School Boards are not included in reductions.

Centre Wellington

- **Contaminated Site Assessment Grant, Brownfield Grants**
 - May provide up to 50% of the cost to complete one or more eligible contamination assessment studies, to a maximum of \$10,000 per property

Chatham-Kent

- The Chatham-Kent Brownfield and Bluefield Community Improvement Plan can significantly reduce the cost of rehabilitation and development projects on brownfield sites. Incentives include:
 - Feasibility Study Grant
 - Environmental Study Grant
 - Tax Assistance Program
 - Rehabilitation Tax Increment Based (TIB) Grant

Clarington

- No development charge shall be imposed with respect to developments or portions of developments that result in the addition of a single unit within the existing footprint.
- Brownfield credits are available equal to the costs of assessment and cleanup

Brownfield Redevelopment

Cornwall

- **Brownfields Rehabilitation Tax Increment Grant**—The City will reimburse the developer an annual grant equivalent to all or part of the municipal tax increase
 - **Environmental Site Assessment and Project Feasibility Study**—Assistance is provided to specify the extent of contamination through partial funding of an Environmental Site Assessment
 - **Municipal Planning/Development Fees Grant**—A program to assist developers by rebating up to 100% of municipal planning and development fees
 - **Discretionary Municipal Tipping Fees Grant**—Reduction of tipping fees related to removal and disposal of non-hazardous material at the City landfill site
 - Brownfield Property Tax Cancellation Assistance
 - Payment-in-Lieu of Parkland Dedication Program
-

Dryden

- **Brownfield Property Tax Assistance Grant**
 - Cancellation, deferment, or freezing of municipal and provincial portions of property taxes for properties undergoing environmental remediation.
 - **Environmental Site Assessment Grant**
 - A grant equivalent up to half (50%) of the cost of undertaking an eligible study, to a maximum of \$3,000 per study, and a maximum of two (2) studies per property / project.
-

Gravenhurst

- The Town of Gravenhurst has waived all development charges for Industrial and Commercial development as well as the redevelopment of building under 9 residential units.
-

Greater Sudbury

- Four financial incentive programs are available under the Brownfield CIP to help stimulate the remediation and redevelopment of urban brownfields. The available programs are:
 - Tax Assistance Program
 - Landfill Tipping Fee Rebate Program
 - Planning and Building Permit Fee Rebate Program
 - Tax Increment Equivalent Grant Program

Brownfield Redevelopment

Guelph

- Brownfield Community Improvement Plan: a number of financial incentive programs that are intended to stimulate private sector investment in the reuse and redevelopment of brownfield sites and partially offset the costs associated with the site assessment and remediation.

Haldimand

- **Rural Water Quality Program** – A voluntary grant program for rural landowners to implement agricultural beneficial management practice projects to protect and improve water quality. Grants include:
 - Livestock Access Restriction
 - Erosion Control Structures
 - Tree planting/Natural restoration
 - Living Snow Fence
 - Water well Decommissioning
 - Sediment Basins/Wetland Creation Cover Crops

Halton Region

- Halton Region's Program for Community Improvement Plans (CIPs) allows the Region to provide grants to Halton Local Municipalities in support of applications to their CIP programs on the condition that these applications meet the Regional Program requirements, including implementing Regional Official Plan objectives

Hamilton

Environmental Programs—The Environmental Remediation and Site Enhancement (ERASE) Community Improvement Plan is a comprehensive set of programs designed to encourage and promote brownfield redevelopment. Most ERASE programs are available in the entire urban area of the City of Hamilton.

- ERASE Redevelopment Grant Program (ERG), Development Charge Reduction Option Program, Education Tax Assistance Program, Municipal Acquisition and Partnership Program, Study Grant Program
- LEED Grant Program
- Downtown/West Harbourfront Remediation Loan Program (RLP)

Brownfield Redevelopment

Innisfil

- **Barrie Road Community Improvement Plan**—Developed to stimulate high quality redevelopment along the Barrie Road corridor, this CIP features a property improvement tax grant program.

Kitchener

- The City in conjunction with the Region of Waterloo have a Brownfield Financial Incentive Program. They include a series of financial incentives that will assist property owners and developers with eligible costs associated with the environmental investigation, remediation and ultimate redevelopment of brownfield sites.

London

Community Improvement Plan for Brownfield Incentives offers 4 programs to assist property owners with remediating and redeveloping brownfield sites:

- **Contamination Assessment Study Grant** – This program provides a grant for 50 percent of the cost to conduct a Phase II Environmental Site Assessment, Remedial Action Plan and/or Risk Assessment in accordance with the requirements under the Environmental Protection Act. The maximum grant provided is \$10,000 per property, subject to available funding.
- **Property Tax Assistance Program** – This program provides for the cancellation of 25% of the municipal property taxes for up to three years during which rehabilitation and development activity is taking place. The property would also be eligible to receive matching education tax assistance from the Province, subject to available funding and approval by the Minister of Finance.
- **Development Charge Rebate** – This program provides a grant for up to 50% of the normal development charges to cover eligible remediation costs. This rebate is intended to reduce the “up-front” development costs and encourage investment by landowners.
- **Tax Increment Equivalent Grant** – This program provides a grant equal to the increase between the pre- development and post-development municipal property tax after rehabilitation and development has taken place. The grant can be provided for a maximum of three years from the date of the increase in assessed value.
- Cumulative value of the three programs cannot exceed the eligible remediation costs. Municipal Council approval is required.

Brownfield Redevelopment

Niagara Falls

Brownfield Community Improvement Plan

- Offers grants to help offset the cost of environmental studies such as Phase II ESA, and a Rehabilitation Grant to freeze property taxes during remediation with a tax increment based grant to offset the costs of remediation and redevelopment.
- A residential development charge exemption of up to 75% with a further 25% possible based on eligibility requirements including intensification, creation of mixed uses or walkable design is available

Norfolk

- **Environmental Site Assessment Grant (DCS-12):** Purpose is to promote the undertaking of Environmental Site Assessments (ESAs) so that more and better information is available with respect to the type of contamination and potential remediation costs on eligible properties. Phase I ESAs are not eligible for funding under this program. The program is designed for Phase II and Phase III ESAs. The program is available in the urban, hamlet, agricultural, and lakeshore areas. The maximum Environmental Site Assessment grant amount is \$15,000 per property (excluding HST) and is based on a 50/50 matching cash contribution of the applicant.
- **Property Tax Increment Grant (DCS-07):** Purpose is to provide an economic incentive for the rehabilitation of properties by providing a grant to the owner of the property to pay a portion of the local taxes (excluding education taxes) attributable to the increased assessment over a five year period. The program is available in the urban, hamlet, agricultural and lakeshore areas. The grant is calculated based on the increased assessment value after the renovation/construction, as determined by the Municipal Property Assessment Corporation (MPAC), at the tax rate that was applicable in the year the renovation or construction was completed. The site specific funding agreement will stipulate the pre-improved and post-improved assessed value, applicable municipal tax rate of that year, the amount of the grant in that year, the method to be used to calculate the grant in the subsequent four years using municipal tax rates to be determined in each of those years, and the anticipated delivery dates of the grant.

Brownfield Redevelopment

Oakville

- This program provides for a grant equal to 50% of the cost of eligible environmental studies to a maximum:
 - Grant \$30,000 for Phase 1 EAS
 - Grant of \$20,000 for any eligible environmental study
 - Of two studies per project and \$30,000 per project
-

Orillia

- **Tomorrow CIP Brownfield Tax Assistance Program** – encourages the remediation and rehabilitation of brownfield sites by providing a cancellation of property taxes on a property to assist with payment of the cost of environmental remediation. This program applies only to properties requiring environmental remediation and/or risk assessment/management.
-

Oshawa

Brownfields Renaissance Community Improvement Plan and offers the following programs:

- **Brownfields Study Grant Program:** this program is administered on a first come first served basis and is designed to stimulate the undertaking of private sector environmental studies of brownfield sites in the project area as shown below.
 - **Brownfields Property Tax Cancellation Program:** this program is intended to provide incentives to encourage the rehabilitation of brownfield sites by utilizing the tax cancellation provisions in the Municipal Act, 2001. The City may also apply to the Region of Durham for regional property tax assistance, and to the Province for matching education property tax assistance.
 - **Brownfields Redevelopment Grant Program:** this program starts after the Brownfields Tax Cancellation Program ends and will provide an annual City and Regional grant to property owners who undertake redevelopment of their properties in the project area as shown below that will result in an increase in assessment
-

Owen Sound

- Brownfields Financial Tax Incentive Program (City-wide)
-

St. Catharines

- **Brownfield Tax Increment Finance (BTIF) Program** - for redevelopment projects with soil remediation.
- **Brownfield Tax Assistance (BTA) Program** - for remediation of contaminated soils

Brownfield Redevelopment

Stratford

- **Phase 2 Environmental Site Assessment Grant Program** – a grant covering 50% of the cost of a Phase 2 Environmental Site Assessment, to a maximum of \$10,000, to owners and bona fide purchasers of brownfield sites.
- **Tipping Fees Grant Program** – a grant covering tipping fees for materials which can be accepted at the City of Stratford’s Landfill site in accordance with the City’s Certificate of Approval from the Ministry of the Environment.
- **Brownfield Fees Grant Program** – a grant covering Zoning By-law Amendment, Minor Variance, Site Plan Amendment, Change of Use Permit and Demolition Permit application fees related to the redevelopment of brownfield properties.
- **Brownfield Redevelopment Grant Program** – a grant covering the difference between the municipal portion of taxes prior to work being completed and the municipal portion of the taxes after completed of the works. The amount of the grant is pro-rated over 10 years.

Thorold

- A property tax assistance that provides for the exemption of up to 100% of taxes levied, subject to budget consideration, for the period immediately following the approval of the Property Tax Assistance By-Law and continuing during the Rehabilitation Period and Development Period.

Thunder Bay

The Port Authority Community Improvement Plan provides eligible property owners or tenants with the following three financial incentive programs, designed to stimulate investment and encourage redevelopment in the Project Area:

- **The Port Tax Increment-Based Grant Program** provides a grant equal to 100% of the increase in municipal taxes that result from reassessment of improved properties.
 - **The Port Development Grant/Load Program** makes it possible for the City to offer direct grants or loans, on an individual project basis, to offset the costs associated with major developments on lands in the Project Area.
 - **The Planning and Building Fee Grant Program** provides a grant equal to 100% of the fees paid for most planning approvals and building permits.
- The Thunder Bay International Airport Community Improvement Plan provides for the Aerospace Tax Increment-- Based Grant Program which is a grant equal to the incremental municipal property taxes resulting from the introduction, expansion or improvement of any aerospace activity.

Tillsonburg

- This program is intended to stimulate private sector investment in the reuse and redevelopment of brownfield sites and partially offset the costs associated with the site assessment and remediation. Incentives offered by the Town include a grant equivalent to 50% of the cost of a Phase II Environmental Site Assessment, designated substances and hazardous materials survey, remedial work plan or risk assessment. Offers a 50/50 matching funds and a maximum grant of \$5,000 is recommended per environmental study and per property.

Brownfield Redevelopment

Waterloo (City)

- The **Brownfields Community Improvement Plan (BCIP)** is a joint tax increment grant provided by the Region of Waterloo and the City of Waterloo. The program is designed to offset costs that brownfield properties incur due to their industrial, manufacturing or commercial past. Originally approved in 2013, the plan has been extended until September 2024.

Waterloo (Region)

- Joint Tax Increment Grants (with City of Cambridge, City of Kitchener, City of Waterloo, Township of Wellesley)
- A grant to assist property owners with the remediation of brownfield sites throughout the cities of Cambridge, Kitchener, and Waterloo. Payments are made after the site has been remediated, redeveloped and reassessed.
- Total amount is generally based on eligible remediation costs. Yearly payments are made to successful applicants (each application for a maximum of 10 years) based on post-development tax assessment increases.
- Regional Development Charge (RDC) Exemptions (available Region wide)-All developments on brownfield sites are eligible for a Brownfield RDC Exemption. The value of the RDC Exemption is based on the total eligible costs of remediation (100% from August 1, 2019 to December 31, 2021 and 50% from January 1, 2022 to July 31, 2024) to a maximum of \$1 million.

Welland

- Welland's Brownfield Community Improvement Plan (CIP) provides a framework of financial incentive programs, strategies and actions to encourage and promote remediation and redevelopment of Brownfield properties within the defined project area. Redeveloped Brownfield sites add value to the community with combined social, environmental and economic benefits.
 - Environmental Site Assessment Grant Program
 - Brownfields Tax Assistance Program
 - Brownfields Rehabilitation Grant Program.

Windsor

- **Feasibility Study Grant Program** – 50% of cost of study, maximum \$7,500
- **Environmental Site Assessment Grant Program** – 50% to maximum \$15,000 per study, maximum 2 studies per property/project, maximum \$25,000 per property/project
- **Brownfields Tax Assistance Program** – Cancellation of municipal and education property tax increase for up to 3 years
- **Brownfields Rehabilitation Grant Program** – 70% (no LEED certification) or 100% (any LEED certification) of the municipal property tax increase for up to 10 years after project completion.
- **Brownfields Development Charge Exemption Program** – Up to 60% reduction of development charge payable on a brownfield site approved under the Brownfields Rehabilitation Program.
